

Tyler SIS Student 360 Mobile

Overview

Tyler SIS Student 360 Mobile is a mobile phone app version of the Tyler SIS Student 360 Parent Portal available on both iOS and Android. It can be downloaded from the Apple iTunes iOS App Store and the Google Play App Store.

The app is compatible with iPhones and iPads running iOS 8.4 or later and Android devices running Android 4.4 and later. While Tyler SIS Student 360 Mobile is compatible with larger devices, it contains a subset of the features available in the browser application. You can use the browser app on larger devices with Chrome on Android and Safari on iOS.

The Android and iOS versions are similar, but differences in hardware and platforms will result in slightly different appearances on some screens. Such differences are highlighted in this document.

Installing Tyler SIS Mobile

Download Tyler SIS Student 360 Mobile from Apple iTunes or Google Play. The app is free.

- [iOS](#) (iPhone and iPad)

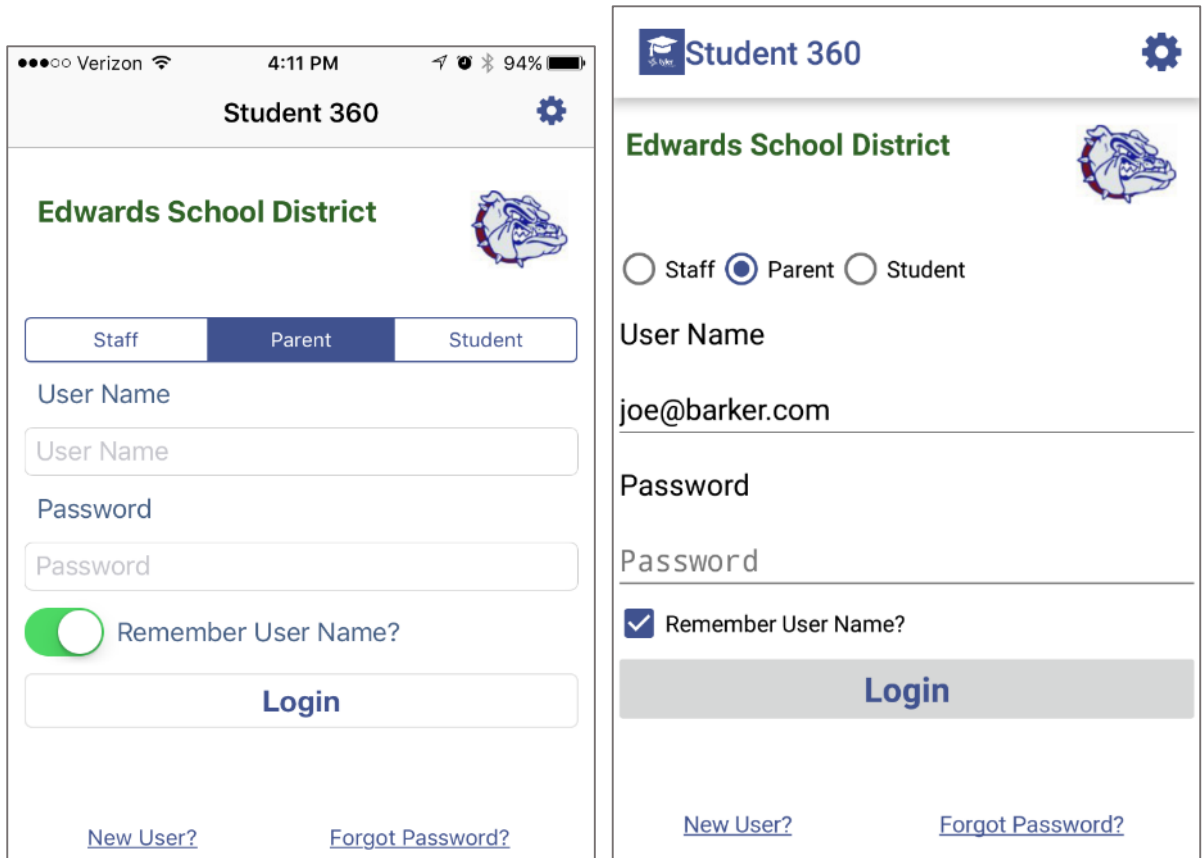

Logging in

The first time you launch Student 360, you will be prompted to search for your district either by name or enter the ZIP code 63379. If you select the wrong district or need to change districts, you will be able to do so later from the Settings screen.

Upon tapping Continue, enter at least the first three letters of the district's name or the first three digits of the district's ZIP code. Tap the Search button to search for districts. Tap the district where your student is enrolled to proceed to the login page.

Left: iOS, Right: Android

At the top of the login screen, the gear icon provides access to the settings screen. To log in, use the radio buttons (Android) or tabs (iOS) to select Staff, Parent, or Student login. Use the same User Name and Password that you use to log into the Tyler SIS Student 360 Parent Portal website. Use the checkbox (Android) or toggle switch (iOS) to save your User Name if you want, then tap Login.

Navigating Tyler SIS Student 360 Mobile

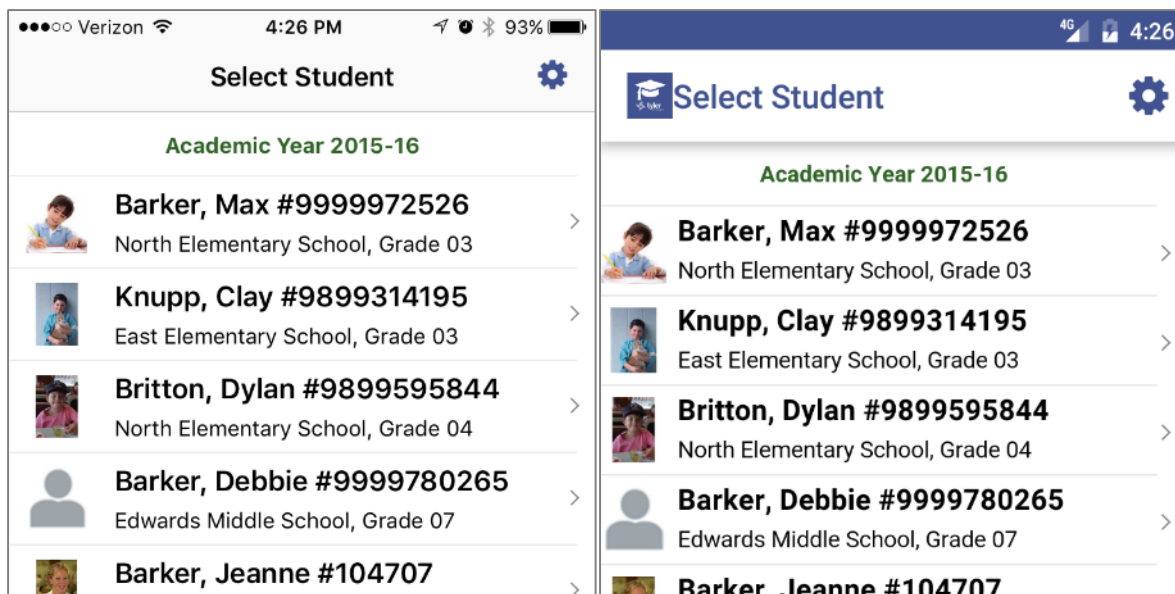

Left: iOS, Right: Android

Within Tyler SIS Student 360, the Top Bar of the application will have some icons that help you navigate the app.

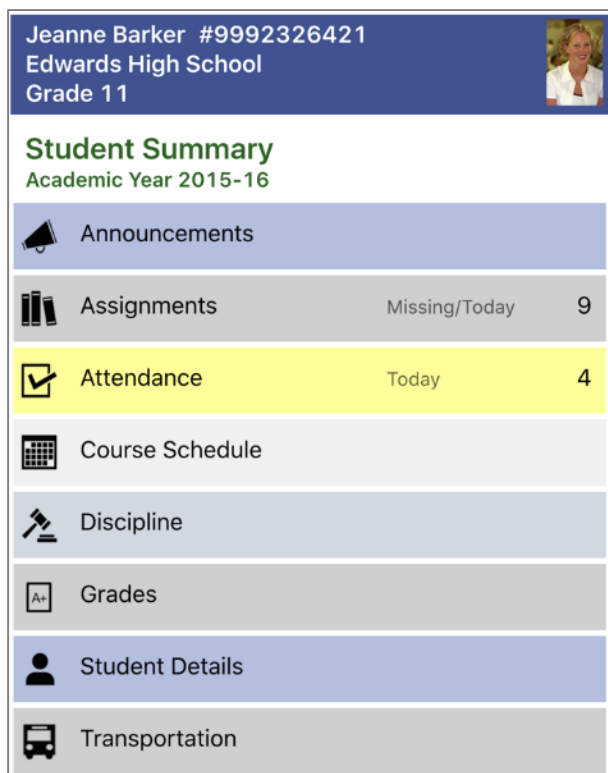

-  - return to the list of students (hidden if logged in as a student, or if only one student is found in the household)
-  - access user preferences. The preferences available depend on the options enabled by your district, and whether you are logged into Student 360 as a parent, student, or staff member.

Android devices have a built-in Back button, either at the bottom of the screen or as a hardware button on the device. Tyler SIS uses this built-in Back functionality to return to the previous screen. On iOS, since there is no Back button, a standard left-pointing arrow at the top of the screen with a label will take you back to the previous page.

Student List View

Left: iOS, Right: Android

If you are logging in as a parent and your household has more than one student, the first screen will be the Student List view. A student login will only see their own information, regardless of how many other students are in the household.

All of the actively-enrolled students will display with their photos (or a placeholder if their photo isn't in Tyler SIS) along with their name, grade level, enrolled school, and student number. Tap a row to see that student's Student Summary screen.

Student Summary

The Student Summary screen shows all of the areas available in Tyler SIS Student 360 for the selected student. Note that some of these items

may not appear if they are not enabled by your district.

At the top of the screen, the student's name, number, primary enrollment school, and grade level are displayed on the left, while the student's photo appears on the right.

Some tiles may appear yellow to indicate that there is an alert to see. In this case, the Attendance tile is yellow to indicate that the student was absent for all or part of the current day.

To see more detail about an area, tap the tile to be taken to that screen.

Announcements

The screenshot shows a user profile for Jeanne Barker with ID #9992326421. Below the profile, the word "Announcements" is displayed in green. Underneath, it lists "Edwards School District" and "Edwards High School". A yellow-bordered box highlights an announcement: "Basketball Schedule" with a date of "12/10/15". Below this box, the text reads: "The following nights are home High School basketball games for boys and girls teams. All JV games start at 6:00 and all Varsity games start 30 minutes after the conclusion".

The Announcements screen displays any District-wide, School-specific, and Course-specific announcements. Each announcement appears on a single line with an arrow icon to the left. Tapping an Announcement's row will expand that announcement to show the text. Tapping the row again will collapse the announcement.

New Announcements

When you first log into Student 360, you will be automatically taken to a screen that shows any new announcements that have been added since your last login. Simply press the Home icon in the upper left (iOS) or Back button (Android) to return to the student listing.

Online Payment

You can pay fees owed and deposit money into student meal service accounts by using the Online Payment screen. The Online Payment process has three steps, as shown in the following screenshots.

1. Enter the amounts you want to pay on each line. All students display together so that one payment can cover all of the students in your family. Select Proceed to Verification.
2. Verify that the payment details and total are correct. If not, select Edit Payment. If you're ready, select Proceed to PayPal.
3. Use a credit or debit card, or log into PayPal to complete the payment. No money will be credited to students until the payment is completed. This page is provided by the PayPal website. Tyler SIS Student 360 does not store your card or PayPal account details.
