Count Down with the ABC's

We only have 12 more days of school this year, Hooray!

Today is Library Day!

Click on the video and take a virtual field trip to the library.

Phonics

Today we are going to learn about the unvoiced digraph th. Put your fingertips on the front of your neck and say /th/. Your throat should not vibrate. Ex. “thick, thin”

Please watch the following video on th. It is not interactive, however, you could point to the th when asked.

More Phonics

Have your child sound out and write the following words in his/her writing journal or on a piece of paper. Please remember, don't let your child see the word list.

thick	thin	theft
math	cloth	with

Phonemic Awareness

Have your child get out their /t/ and /h/ letter tiles. Read the following sentences to your child and have he/she hold his/her /th/ letter tiles in the air each time they hear the /th/ sound.

- The red dog is bigger than the brown dog.
- There goes the kite in the air.
- Five is more than two.
- Let's bathe the dog in the tub.
- That mother is holding a feather.

Extra Online Games for Practicing Phonics Skills
If you would like, please choose a couple of activities to do.

www.starfall.com

Storytime!

Listen to this story and then answer the questions on the next page.

Story Questions to discuss with a parent

1. Is this a true or a make believe story? How do you know?
2. How does the boy lead the alligator to the garage?
3. Do you think the alligator was a problem for Dad in the morning? Why or why not?

Writing Time

We are going to learn about the difference between alligators and crocodiles. Watch this video and then write and draw two different things you learned about alligators and crocodiles.

Math Assignment

Today we will do just one page, “**Dragonfly Decomposing Numbers to 10.**”

Cut the dragonflies off the bottom of the paper and cut them apart. Or you can use objects at your house. Figure out two numbers that add together to equal the first number in the addition sentence. Write the correct numbers in the boxes.

This is how I would do this page. I would take the total number of objects you need ex. 8 and then make two separate piles of those 8. Like 5 and 3.

20 Minutes of Reading Per Day

Read with a parent or sibling for 20 minutes.

Reading for All Learner books (Sam books) are online for free. Click the link below, then click on the purple button that says “Free school closure and Home education Edition”

<http://iseesam.com/>

You can now get the Half pint readers online. (These are the readers we send home.)

Extra Activities

Scholastic has some great stories and activities that you can enjoy if you would like.

<https://classroommagazines.scholastic.com/support/learnathome/grades-prek-k.html>

This link will take you to Discovery Gateway. They have a different learning lab three times a week that you can do with your child.

[Discovery Gateway](#)

We have also created a class in epic. You can search different reading levels there. Go to

www.getepic.com/students

Select your child's name

Ms. Jones' class code is viz3593

Mrs. Wells' class code is whm2582
