Go to the pebble go website. Click on animals, and then reptiles. Choose lizards. Look at a couple different kinds of lizards . When you are finished, write and draw two things you have learned about lizards.

Math Assignment

Today we will do “Addition Dice Roll” and “I Can Make” Remember the dates are on the top, right hand side of the pages.

On Addition Dice Roll look at the numbers on the die. Write the numbers in the correct spot. Add the numbers together to get the total number of dots.

On I Can Make... draw enough dots on the second ten frame to match the number. Remember a ten frame has ten dots in it. So start counting with ten and count on to the number to know how many dots to add.
