River Heights Pick Up Traffic Flow

No parking along the curb during pickup and drop off times starting at the white fence and going all the way up to the entrance of the front drive.

Bus Loading Only *NO parent pick up in the parking lot.

Pull all the way forward to the end of the curb during pickup and drop off.

NO parent pick up in the back of the school.

E 600 S

E 600 S
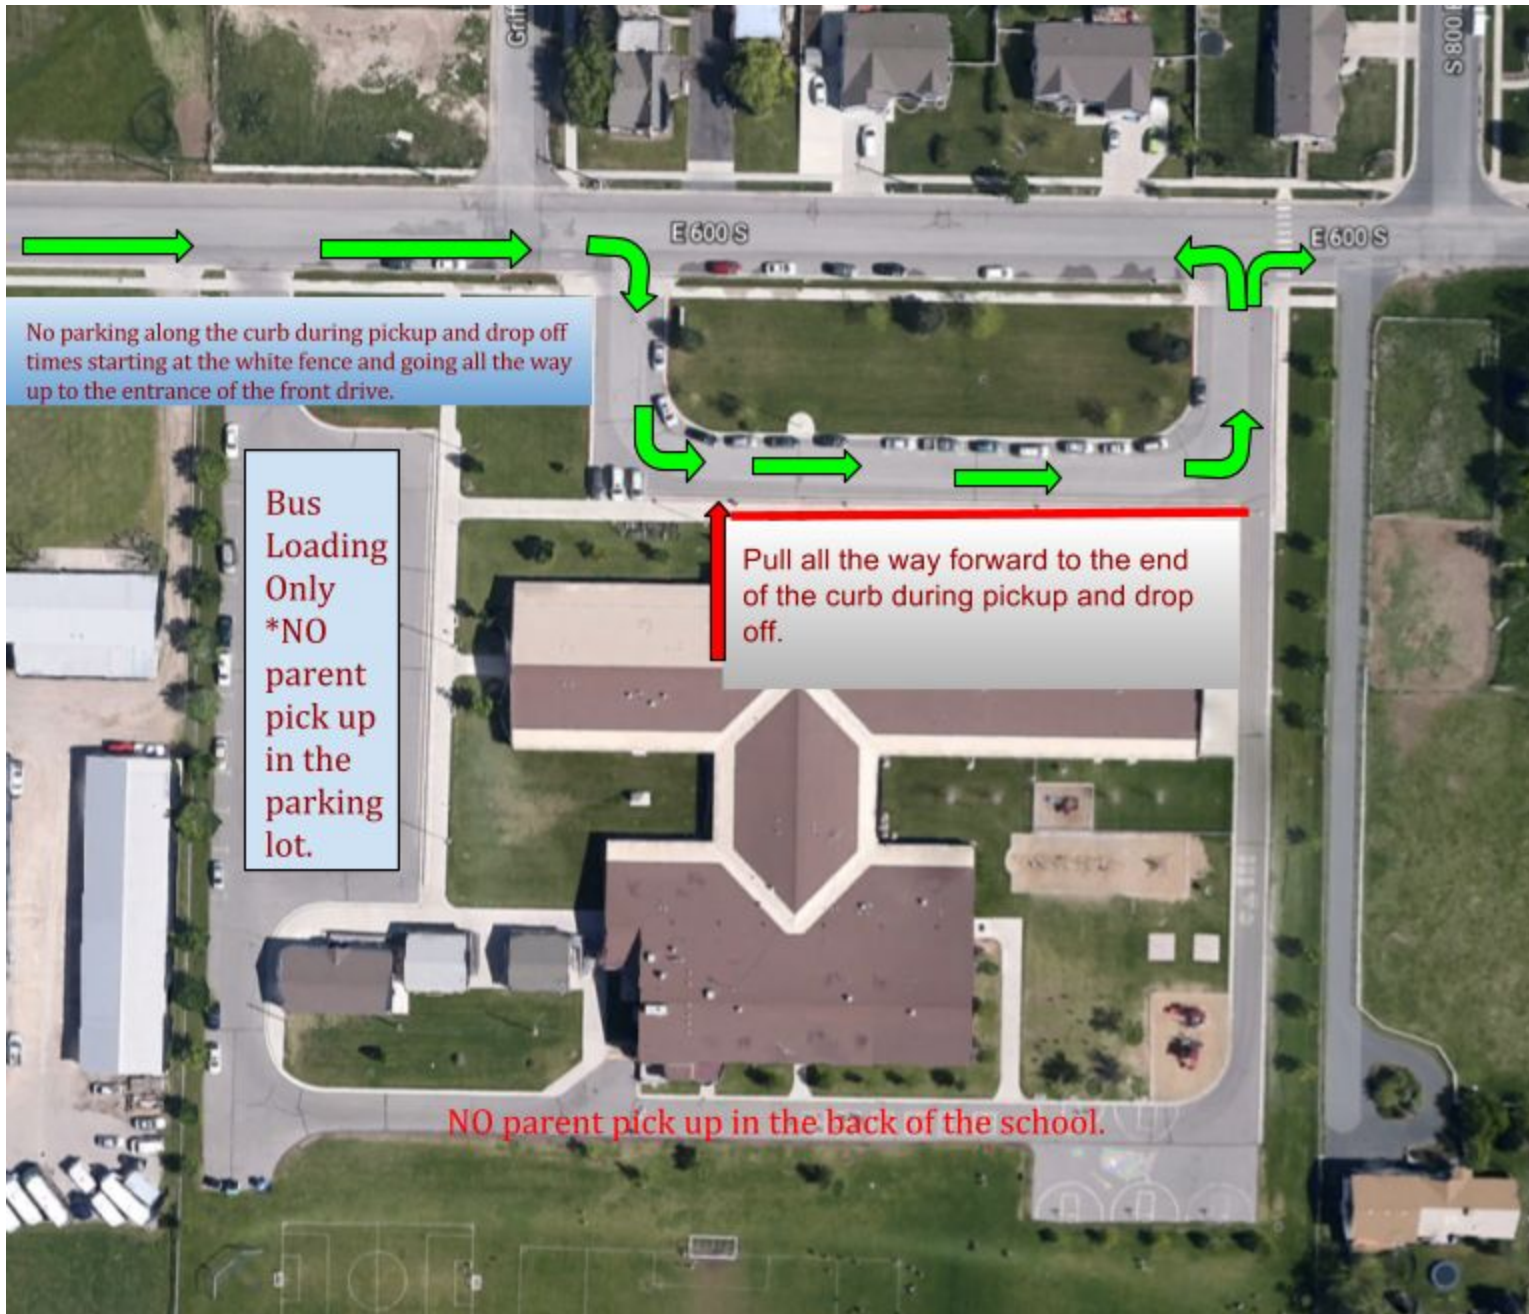

S 800

*No student pick up in the teacher's parking lot.
*Driveway must remain unblocked so buses can enter and depart when ready.
*Please do not park in front of school. This creates a 'double-parking' issue making it hard for cars in the line up to pull up into the drive to pick up students.
*Parents picking up students should do so in the drive. When one car departs, the cars behind should slowly pull forward allowing the maximum number of cars to be in the drive for pick up.
