

Minutes of Sunrise Elementary Community Council Meeting

Meeting Date: February 15th, 2019

Meeting Held in the Library

Meeting called to order by Heidi Kesler

Attendance

Members in Attendance: Derek Beer, Heidi Kesler, Lindsey Black, Katie Brinck, Laura Chatterton, Susan Ashcroft, Jana Atkinson

Members not in Attendance: LeeAnn Wheeler, Stefani Thatcher, Tifanie Findlay

Adoption of Documents

Approval of Minutes

Lindsey Black moved to approve the January 2019 minutes

Susan Ashcroft seconded the motion

All in Favor

Follow Up

Safe Walking Plan

Katie Brinck talked with City officials and was unable to get permission to paint the corners red so parents might stop parking there to pick up their children. She talked with Doug Peterson who then talked with Craig Giles.

It was decided that an appointment will be made with Craig Giles and a few council members will attend to talk with him about this issue.

Other ideas; remind parents in the newsletter, inform the kids.

New Business

Trust Land Funds

On March 21st at 9:00 am council members will be meeting on the new stage to plan the trust lands budget for next year.

Some of the items to consider: Professional development (sending teachers to conferences), Technology (each grade could really use two chrome labs and 1st grade ipads need replacing).

Also, something to keep in mind while planning; because the district helps some with aide salaries, when considering next year's budget, moneys for salaries could be lessened compared to this year's.

Volunteer needed for DLI Lottery

Lindsey Black volunteered to attend the DLI Lottery that will be held at the Legacy Campus, in the board room at 11:00 am

Legality of Drone use After School

A question was brought up about the legality of the use of a drone taking pictures of children leaving the school grounds.

Lindsey Black reported that they okayed it with the FFA.

Reports

Chome boxes Purchased

Mr. Beer reported that because salaries for aides were not as much as projected, there was money to pay for chrome boxes plus software for the computer lab.

Stem

The STEM program is going well, with the exception of the desire to increase the time that each child gets for STEM activities. Right now, prep schedules have been modified to allow the children to go to STEM. It would be difficult to increase that time spent without taking away from the demanding curriculum.

Reading Carnival

The annual reading carnival will be held on May 30th, everyone will be participating this year.

Meeting was adjourned by Heidi Kesler

Next Meeting: March 21st at 9:00; on the new stage
