		Description			Category	Budget Amount	
Goal # 1	Install vape detectors in bathrooms to establish baseline data to see how extensive are our vaping issues. We know we have student vaping problems becuse of previous interactions and a trial period with vape detectors last year. The ultimate goal is to help students to develop healthy lifetime habits and improve behaviors that will have an immediate impact on their academic success. Currently students struggling with vaping issues are much more likely to have attendance issues, absences and tardies.			Behavior Support - Mul	\$23,159		
Goal # 2	Improve student scores	on state required testing, Aspire	e+, ACT and AP tests.		Highest Academic Need	\$307,829	
Goal # 3	teacher instruction and s	onal Leadership Team (ILT) at S student achievement by leading lepartments. Will also pay for Di	the collaboration efforts a	nd maximizing the PLT	Highest Academic Need	\$42,409	
Goal # 4	No goal #4 this year. I don't think I can delete this.					\$0
