

## Rancho-Starbuck eSports Participation Consent Form

What is the Esports Club?

It is the mission of the Rancho-Starbuck eSports to connect competitive gamers with each other, provide a social avenue to discuss competitive gaming, field school teams in the Electronic Gaming Federation (EGF) (<https://www.egf.gg/>), and to foster personal skills through gaming such as critical/strategic thinking, problem-solving, reflection, communication, teamwork, and leadership.

Electronic Gaming Federation

The Electronic Gaming Federation's goal is to make esports available to every student as a legitimate sport across the nation. We achieve this by making it easy for faculty to offer students an opportunity to engage in healthy esports competition, surrounded by peers, and supervised by teachers. Through organized Esports competition, students will tie their commitment to gaming to their success in academics and future careers.

What are the rules? What are the responsibilities of my student?

- EGF has their own Player Guidelines and a rule set for each game, which participants are expected to know and abide by. EGF reserves the right to suspend or terminate student participation for violating these rules.
- Students will be held to the same eligibility requirements as traditional activities and sports. Students must maintain a 2.0 GPA and satisfactory citizenship marks
- Players must follow the club's code of conduct which is available on Google Classroom.
- Attendance is mandatory for continued participation. Excessive absences will result in removal from the team.

-David Galli & Garrick Langer, eSports Coaches

I hereby permit my child, \_\_\_\_\_ to participate in the Rancho-Starbuck eSports Club. I am aware eSports will feature video games that will have a rating of "E 10+" for Everyone over 10 as specified by the Entertainment Software Ratings Board (ESRB). I am also aware that my child's voice and gameplay may be video recorded and clips of the recording may be posted to a school sponsored Twitch, and/or YouTube Channel, and other related media sources. These video clips will be used for competitive, promotional, and advertising purposes. I understand that, due to the nature of online gameplay, my student may be playing games against people outside of our school organization. I understand that the school and the coaches cannot monitor all conversations that take place within a game between random online opponents and/or teammates. Participants also need a personal email account to participate. **I release the school and its representatives from liability for any and all damages that may occur from my student participating in this activity. I take responsibility for my student's actions should they damage school property.**
