[Government Code Section 66001(e)]

Item 1– Description of Fee and Use

- A fee is levied on new residential and commercial/industrial construction and construction projects greater than 500 square feet on existing residential and commercial/industrial property located within the District.
- The fees are used for costs related to making changes to improve capital assets as a result of projected student increases from these construction projects.

Item 2 – Amount of 2013/14 Fees

- The District collected **\$1.02** per square foot for residential construction.
- The District collected **\$0.17** per square foot for commercial construction.

Criteria to Levy Level II Fees

Under provisions of SB50 (1998), fees cannot exceed the statutory amount unless two of four criteria are met:

- Substantial amount of students are on multi-track year-round schools;
- District has placed a local bond on the ballot;
- District has issued debt equivalent to 30 percent of bonding capacity; and
- At least 20 percent of the teaching stations are relocatable classrooms.

Lowell Joint does not meet this criteria, so Level 1 fees are collected.
