

Comprehensive Plans

The Board of Trustees believes that careful planning is essential to effective implementation of district programs and policies. Comprehensive plans identify cohesive strategies for school improvement and provide stability in district operations.

The Superintendent or designee shall develop comprehensive plans for the implementation of the district's philosophy and goals as required by law. As appropriate, comprehensive plans may describe, but not be limited to, anticipated short- and long-term needs, measurable outcomes, priorities, activities, available resources, timelines, staff responsibilities, and strategies for internal and external communications regarding the plans.
