Public records are open to inspection at all times during district office hours. Any reasonably segregable portion of a record shall be made available for inspection by every person requesting the record after deletion of the portions that are exempted by law. (Government Code 6253)

Every person may request a copy of any district record open to the public and not exempt from disclosure. (Government Code 6253)

After receiving any request for a copy of records, the Superintendent or designee shall determine whether the request seeks copies of disclosable public records in the district's possession. The Superintendent or designee should promptly inform the person making the request of his/her determination and the reasons for the decision. (Government Code 6253)

In unusual circumstances, the Superintendent or designee may extend the request response by providing written notice to the requester and setting forth the reasons for the extension and the date on which a determination is expected to be made. Unusual circumstances include the following, but only to the extent reasonably necessary to properly process the request: (Government Code 6253)

1. The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request
2. The need to search for, collect and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request

Upon request for a copy that reasonably describes an identifiable record, an exact copy shall be promptly provided unless it is impracticable to do so. (Government Code 6253)

The Superintendent or designee shall charge an amount for copies that reflects the direct costs of duplication. Written requests to waive the fee shall be submitted to the Superintendent or designee.

If any person requests a public record be provided in an electronic format, the district shall make that record available in any electronic format in which it holds the information. The district shall provide a copy of the electronic record in the format requested as long as the requested format is one that has been used by the district to create copies for its own use or for use by other agencies. (Government Code 6253.9)

The cost of duplicating an electronic record shall be limited to the direct cost of producing a copy of the record in electronic format. 1. The electronic record is one that is produced only at otherwise regularly scheduled intervals
2. The request would require data compilation, extraction, or programming to produce the record
