Transportation Fees

Because the cost of providing student transportation exceeds funding provided by the state, the Board of Trustees may find it necessary to charge fees for home-to-school student transportation. If necessary, the Board may direct the Superintendent or designee to submit a plan for the charging of fees for transportation.

When necessary, the Superintendent or designee shall annually submit proposed transportation fee schedules for Board approval. If fees collected do not cover the costs for transportation, the Board may consider discontinuing home-to-school transportation services for regular education students.

When appropriate and required by E.C.39807.5, no charge shall be made for any transportation of students whose individualized education program require transportation or whose parents/guardians are determined indigent pursuant to administrative regulations.
