

Personnel

Professional Growth

When selecting professional growth advisors, the Superintendent or designee shall consider: (5 CCR 80556)

1. Subject matter compatibility, interest in special topics, and interactive skills
2. Proximity to the work location of the teacher and reasonable workload for the advisor

The professional growth advisor shall:

1. Advise teachers of school district and state professional growth requirements
2. Identify growth needs of the district
3. Assist in defining the teacher's goals and objectives for professional growth
4. Approve all plans for implementation and completion

The Superintendent or designee shall provide all teachers with the names and work locations of the district's designated professional growth advisors. (5 CCR 80556)

Regulation Approved: March 23, 1987

Regulation Revised: September 26, 2005; December 5, 2005
