

PROFESSIONAL STANDARDS

The Board of Trustees expects District employees to maintain the highest ethical standards, follow District policies and regulations, and abide by State and Federal laws. Employee conduct should enhance the integrity of the District and advance the goals of the educational programs. Each employee should make a commitment to acquire the knowledge and skills necessary to fulfill his/her responsibilities and should focus on his/her contribution to the learning and achievement of district students.

The Board encourages district employees to accept as guiding principles the professional standards and codes of ethics adopted by professional associations to which they may belong. An employee's code of ethics should respect the policies and regulations of the District, State and Federal laws, and enhance the image of the District and the goals of the educational program.
