2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

It is the mission of El Portal School to create for our students a culture of universal achievement, a strong educational foundation, and college readiness. El Portal is a No Excuses University school and we encourage and empower our students to strive for learning and goals that will prepare them for college. We encourage and help to develop in students: character, a passion for learning, and academic excellence. It is our goal to provide a strong foundation in America's values, traditions and heritage and to teach our students to embrace the diversity of others on campus and in the community. Our staff, parents, and community members work closely together to help each child reach his or her potential. Collaboration and communication between school and home is an integral part of the success of El Portal Elementary School. We provide an automated phone message system, a parent information email system and a school website. We also utilize social media to communicate with families by way of Twitter, Instagram, and Facebook. Working together as a school community, El Portal offers a safe, child-centered environment that provides students with the essential skills to become life-long learners. El Portal is a school where students and staff approach the learning process eagerly, with enthusiasm, passion, and wonder. The staff provides an atmosphere that fosters creativity, individuality, cooperation, and understanding. The staff is trained in numerous teaching styles and utilizes a variety of strategies to provide an exciting and well-balanced instructional program designed to meet the needs of all students; including Guided Language Acquisition Design (GLAD), Explicit Direct Instruction (EDI), and Thinking Maps. We are a professional learning community dedicated to the development of each and every child. The California Common Core State Standards are comprehensive and challenging; they build skills and knowledge while developing critical thinkers and productive members of society.

El Portal Elementary School offers a wide variety of programs for students. We have an active School-Site Council, a School Safety Team, Green Team, Drama Club, and much more. Most recently we have been selected as one of only 4 schools in Orange County to join the Disney Musicals in Schools where we focus on youth theater. We offer programs in the arts, music, STEAM activities and PE. Our students have opportunities to become involved in the arts through writing clubs, drama, and music. El Portal offers technology integration through our in-school Chromebook initiative for all TK - 6th grade students as well as the use of our STEAM lab for all grades. Individual grade levels offer recess tutoring through programs like AIM and Learning at Lunch. Aspire to Increase Motivation (AIM) offers before/after school help for students who struggle in reading and math skills. In May of 2019 El Portal was accepted as a No Excuses University School. As part of this network of schools, El Portal has pledged to make a focused effort to promote a college going culture on our campus and ensure academic success for all students. El Portal has continued its participation in the network through weekly Motivational Monday Pep Rallies as well as displaying our adopted college's flag in the hallways.

El Portal Elementary School is the doorway to academic opportunity where we, "Believe, Achieve and Succeed."

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

El Portal Elementary School has 25 classrooms, ten of which are bungalows. Primary and upper-grade classrooms are separated and each has its own spacious playground area. Our transitional kindergarten and two kindergarten classes have their own enclosed play area. The upper-grade playground is equipped with swings and two regulation size soccer fields. Student physical fitness is promoted even during playground play. We have an outside stage area and an eating area with newly installed benches. Each classroom is equipped with wireless internet, class computers, some iPads, and we have closed circuit TV. All grades have individual Chromebooks for use inside the classrooms.

Our office area consists of a newly renovated teacher workroom and office and a separate teacher's lounge. Our library is a beautiful facility complete with story steps, cozy corners, and study areas. Our campus has garden areas, is clean, well-manicured and freshly painted. In 2015, El Portal opened its Science, Technology, Engineering, Art, and Math (STEAM) Lab that all TK-6th grade students use for hands on learning to solve problems in different ways. In 2016, our wireless network was updated in order to provide the speed necessary for the more than 500 Chromebook devices that all of our TK - 6th students use in the classrooms. Major upgrades for things like roofing and HVAC systems were completed in 2020 under Measure LL.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	58	N/A	56	N/A	47
Mathematics (grades 3-8 and 11)	N/A	52	N/A	40	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents at El Portal have many opportunities for involvement and are highly visible on our campus. Parents and other relatives of our students are actively recruited and seen working on our campus. They volunteer daily in our library and in our classrooms. Families at El Portal understand that it is the partnership between home and school which creates a strong and positive learning environment for our students. Parents and community members are often found volunteering on our campus. Our local junior high and high school students also volunteer time on our campus. When augmented by the expertise and caring of the teachers and staff at school, we are able to ensure a safe and industrious environment for our children, every day. On any given day, a visitor to El Portal will find numerous volunteers working in classrooms and around school to help accomplish our goals for the week, the month, and the year.

Through our very active Parent Teacher Association (PTA), parents sponsor many programs, including: Spring Fair, Red Ribbon Week, special grade-level programs, fund-raisers that support our field trips and assemblies, Family Nights, Family Picnic, and class parties. These are just some of the many activities that take place through our PTA. Room Parents also help throughout in planning special events for our children. Parents are also involved in our English Language Advisory Committee (ELAC) and School Site Council (SSC). Parent involvement on our campus is an integral part of the success of our campus programs.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.18	1.65	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

El Portal has in place a comprehensive school safety program. A disaster and crisis intervention plan is current and reviewed each year. A school-wide discipline plan is reviewed and followed with appropriate positive and negative consequences outlined to provide a fair and consistent program for all students. The program is designed to assist students in learning how to make appropriate choices. Guidelines for behavior are reviewed with all students. El Portal's school programs help to provide a safe and appropriate learning environment for all students. The learning environment reflects an academic focus and El Portal maintains high expectations and standards for achievement and behavior. Pride in the physical environment is stressed and a safe, orderly campus is maintained. El Portal Safety Patrol is used to help maintain an organized and safe pick-up and drop-off of students entering and exiting our campus. This group of students is used to help direct the flow of student foot traffic to and from school, answer questions, and generally ensure a smooth arrival and dismissal of the student body before and after school.

El Portal is a 'Closed Campus' for use of facilities and playgrounds. Visitors on our campus are expected to wear an identifying badge at all times and our campus is secured throughout the school day. Campus gates are strictly locked during session hours and all visitors to campus are required to sign-in with a digital scan system, Raptor. All groups who plan to use our facilities must first gain written permission and show proof of insurance. Although we strongly encourage parental and community involvement in the daily running of the school, facility-use agreements are only granted to persons with known business on our campus. Any adult who accompanies a class on an off-site field trip must first be fingerprinted and cleared by the Department of Justice before they are allowed to assist as a chaperone.

We review safety procedures monthly with fire drills and lockdown/earthquake drills. El Portal teachers and staff make-up a 'first response' team and are prepared to assist in all safety concerns of campus life. Students practice daily entrance and exit procedures to and from class, to and from recess and lunch, and to and from assemblies. The students are expected to be on their best behavior and follow line rules at all times. The entire student body has practiced being dismissed (as an individual class and as a whole group) from any event in just a few minutes without any talking or disruptions. The staff and students are very proud of their entrance and exit procedures and the orderly fashion in which events are run.

Professional Development

Staff development opportunities are embraced as we work together as a professional learning community. El Portal's staff is constantly seeking ways to improve our programs. Our staff has received ongoing training in reading comprehension and mathematical practices for the last few years. This year our staff development continues to focus on the writing process. Several of our teachers have attended seminars in math, reading, and technology and have brought the material back to the staff and presented at an in-service to the staff. The staff has also received extensive training in working with our English Language Learners. All of our staff has been trained in Guided Language Acquisition Design (GLAD). More than 75% of our staff has been GATE certified and is beginning to use the depth and complexity icons in their teaching practices. One afternoon each week is provided by the district for the purpose of staff development. Grade-level teams meet on a regular basis to evaluate instructional strategies and to implement new methods to provide the best possible instruction. One of El Portal's many strengths is the team effort among the staff as they build a strong academic program at each grade level. As a professional learning community, we evaluate and revise our mission statement, create and update curriculum, and focus on student goals each year. Science, Technology, Engineering, Art, and Math (STEAM) is embraced by the staff as they engage in lessons and challenges with their class. Staff development is provided to focus on how to teach and integrate STEAM subject matter and how to make it relevant and engaging for our students to learn.
