State Budget Update

State of California faces a \$68 Billion deficit over 3 years (2022/23 - 2024/25)

- \$26 Billion shortfall in tax collections for 2022-23
 - State Economy entered a downturn in 2022 due to:
 - Higher Borrowing Costs
 - Reduced Investments
 - Home Sale Decline of 50%
 - Initial Public Offering (IPO) Reduction of 80%
- State Deficit of \$68 Billion results in \$15.4 Billion shortfall for Education in 2022/23 & 2023/24)

LAO highlights 2 options available to the Legislature:

Option #1

- Cuts to the current year to fill the deficit from 2022/23 and reduce Cost Of Living Adjustment (COLA) for the 2023/24, 2024/25, and 2025/26 years
- This option would cause District's to enact mid-year budget cuts and revise Multi-Year Projections downward

Option #2

- Legislature could withdraw “Rainy Day” reserve funds to fill the gaps in 2022/23 & 2023/24 but would have to replenish it in 2024/25
- This option would likely have minimal effect on 2023/24 and significant COLA reductions for 2024/25 and beyond.

Governor’s State budget projections for 2024/25 will be released next week
The Legislative Analyst’s Office

- Estimates COLA of approximately 1.00% for 2024-25 State budget unless there are gimmicks
- Federal Reserve will likely stop raising rates in 2024
- School-Aged children demographic is decreasing by 1% per year
- Low COLA + Declining Enrollment = Reduced Funding

The Board of Trustees discussed the information in the slide presentation.

LOWELL JOINT SCHOOL DISTRICT

RESOLUTION 2023/2024 NO. 913

**RESOLUTION OF THE BOARD OF TRUSTEES OF THE
LOWELL JOINT SCHOOL DISTRICT
OF LOS ANGELES AND ORANGE COUNTIES, CALIFORNIA,
APPROVING THE APPLICATION FOR THE CALIFORNIA SCHOOLS
HEALTHY AIR, PLUMBING, AND EFFICIENCY PROGRAM (CALSHAPE)**

WHEREAS, the California Schools Healthy Air, Plumbing, and Efficiency Program (CalSHAPE) provides funding to upgrade heating, air conditioning, and ventilation (HVAC) systems in public schools and replace non compliant plumbing fixtures and appliances that fail to meet water efficiency standards; and

WHEREAS, CalSHAPE Ventilation prioritizes investments in facilities in underserved communities and near freeways or industrial facilities; and

WHEREAS, the program provides funding to local educational agencies for the reasonable costs of HVAC assessment, general maintenance and adjustment, filter replacement, and carbon dioxide monitor installation, including certain repairs, replacements, and other improvements to HVAC systems; and

WHEREAS, we will be working with Life Wings & KFI Engineers to complete assessments, and change out filters and CO2 monitors when determined necessary on all of our HVAC units. We will also work with them to apply for further grants if assessments determine that any are in need of replacement; and

WHEREAS, we are eligible for \$444,720.00 to complete assessments on all units and change out any filters or CO2 monitors. If any units are identified as needing to be replaced, we will be applying for separate funds at a later time and the grant time period to complete work and receive the funds is 24 months; and

NOW, THEREFORE, BE IT RESOLVED that the (LOWELL JOINT SCHOOL DISTRICT BOARD OF TRUSTEES) hereby: APPROVES THE FILING OF AN APPLICATION.

APPROVED AND ADOPTED this 8th day of January, 2024, by the following vote:

AYES: Anastasia Shackelford, Anthony Zegarra, Christine Berg, Karen Shaw, Regina Woods

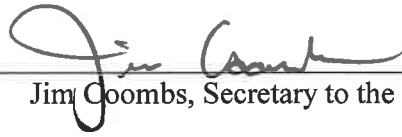

NOES: None

1. Introduction

This grant agreement (Agreement) between the California Energy Commission (Energy Commission, or Commission) and the Recipient is funded by the School Energy Efficiency Stimulus Program, established by Assembly Bill 841 (Ting, Chapter 372, Statutes of 2020), which in part provides grants to assess, maintain, adjust, repair, or upgrade heating, ventilation, and air conditioning systems. This grant program is referred to as the California Schools Healthy Air, Plumbing, and Efficiency (CalSHAPE) Ventilation Program.

This Agreement includes: (1) the Agreement signature page (**form CEC-146**); (2) the scope of work (**Exhibit A**); (3) the budget (**Exhibit B**); (4) a contacts list (**Exhibit C**); (5) these terms and conditions, which are standard requirements for CalSHAPE ventilation program grant awards (**Exhibit D**); (6) any special terms and conditions that the Energy Commission may impose to address the unique circumstances of the funded project, which take precedence in the event of a conflict with any provision of these terms and conditions (**Exhibit E**); (7) all attachments; and (8) all documents incorporated by reference.

All work and expenditure of Commission-reimbursed funds must occur prior to the Agreement term end date specified on the CEC-146 form.

2. Documents Incorporated by Reference

The documents below are incorporated by reference into this Agreement. These terms and conditions will govern in the event of a conflict with the documents below, with the exception of the documents in subsections (f) and (g) below. Where this Agreement or California laws and regulations are silent or do not apply, the Energy Commission will use the federal cost principles and acquisition regulations listed below as guidance in determining whether reimbursement of claimed costs is allowable. Documents incorporated by reference include:

Funding Documents

- a. The notice of funding availability for the project supported by this Agreement
- b. The Recipient's application submitted in response to the notice of funding availability

Program Guidelines

- c. CalSHAPE Ventilation Program Commission Guidelines, available at <https://www.energy.ca.gov/programs-and-topics/programs/california-schools-healthy-air-plumbing-and-efficiency-program>

Federal Cost Principles (applicable to state and local governments, Indian tribes, institutions of higher education, and nonprofit organizations)

- d. 2 Code of Federal Regulations (CFR) Part 200, Subpart E (Sections 200.400 et seq.)

Federal Acquisition Regulations (applicable to commercial organizations)

- e. 48 CFR, Ch.1, Subchapter E, Part 31, Subpart 31.2: Contracts with Commercial Organizations (supplemented by 48 CFR, Ch. 9, Subchapter E, Part 931, Subpart 931.2 for Department of Energy grants)

Nondiscrimination

- f. 2 California Code of Regulations, Section 11099 et seq.: Contractor Nondiscrimination and Compliance

General Laws

- g. Any federal, state, or local laws or regulations applicable to the project that are not expressly listed in this Agreement

3. Standard of Performance

In performing work under the Agreement, the Recipient, its subcontractors, and their employees are responsible for exercising the degree of skill and care required by customarily accepted good professional practices and procedures for the type of work performed.

4. Due Diligence

- a. The Recipient must take timely actions that, taken collectively, move this project to completion.
- b. Energy Commission staff will periodically evaluate the project schedule for completion of Scope of Work tasks. This evaluation may include but not be limited to random checks of project progress at periodic intervals set by the Energy Commission. Recipients subject to a project check must complete a progress report using a template prepared by the Energy Commission to provide information on the project status and expected completion date.
- c. If Energy Commission staff determines that: (1) the Recipient is not diligently completing the tasks in the Scope of Work; or (2) the time remaining in this Agreement is insufficient to complete all project tasks by the Agreement end date, Energy Commission staff may recommend that this Agreement be terminated, and the Commission may terminate this Agreement without prejudice to any of its other remedies.

5. Products

- a. **“Products”** are any tangible item specified for delivery to the Energy Commission in the Scope of Work, such as reports and summaries. The Recipient will submit all products identified in the Scope of Work to Energy Commission staff, in the manner and form specified in the Scope of Work.

If Energy Commission staff determines that a product is substandard given its description and intended use as described in this Agreement, Energy Commission staff, without prejudice to any of the Commission’s other remedies, may refuse to authorize payment for the product and any subsequent products that rely on or are based upon the product under this Agreement.

- b. Failure to Submit Products

Failure to submit a product required in the Scope of Work may be considered material noncompliance with the Agreement terms. Without prejudice to any other remedies, noncompliance may result in actions such as the withholding of future payments or awards, or the suspension or termination of the Agreement.

- c. Legal Statements on Products

All documents that result from work funded by this Agreement and are released to the public must include the following statement to ensure no Commission endorsement of documents:

LEGAL NOTICE

This document was prepared as a result of work sponsored by the California Energy Commission. It does not necessarily represent the views of the Energy Commission, its employees, or the State of California. Neither the Commission, the State of California, nor the Commission's employees, contractors, or subcontractors makes any warranty, express or implied, or assumes any legal liability for the information in this document; nor does any party represent that the use of this information will not infringe upon privately owned rights. This document has not been approved or disapproved by the Commission, nor has the Commission passed upon the accuracy of the information in this document.

6. Amendments

a. Procedure for Requesting Extensions

The Recipient must submit a written request to the CalSHAPE Program for a one-time only extension to the Agreement, not to exceed six-months nor the final program reporting deadline date of June 1, 2026. The request must include:

- A brief summary of the proposed extension; and
- A brief summary of the reason(s) for the extension

b. Approval of Changes

No amendment or variation of this Agreement shall be valid unless made in writing and signed by both of the parties except for the Commission's unilateral termination rights in Section 16 of these terms. No oral understanding or agreement is binding on any of the parties.

7. Contracting and Procurement Procedures

This section provides general requirements for agreements entered into between the Recipient and subcontractors for the performance of this Agreement.

a. Contractor's Obligations to Subcontractors

1) The Recipient is responsible for handling all contractual and administrative issues arising out of or related to any subcontracts it enters into for the performance of this Agreement.

2) Nothing contained in this Agreement or otherwise creates any contractual relation between the Commission and any subcontractors, and no subcontract may relieve the Recipient of its responsibilities under this Agreement. The Recipient agrees to be as fully responsible to the Commission for the acts and omissions of its subcontractors or persons directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Recipient.

The Recipient's obligation to pay its subcontractors is an independent obligation from the Commission's obligation to make payments to the Recipient. As a result, the Commission has no obligation to pay or enforce the payment of any funds to any subcontractor.

3) The Recipient is responsible for establishing and maintaining contractual agreements with and reimbursing each subcontractor for work performed in accordance with the terms of this Agreement.

b. Flow-Down Provisions

Subcontracts funded in whole or in part by this Agreement must include language conforming to the provisions below, unless the subcontracts are entered into by the University of California (UC) or the U.S. Department of Energy (DOE) national laboratories. UC may use the terms and conditions negotiated by the Energy Commission with UC for its subcontracts. DOE national laboratories may use the terms and conditions negotiated with DOE (please contact the Commission Grants Officer for these terms).

- Standard of Performance (Section 3)
- Legal Statements on Products (included in Section 5, "Products")
- Prevailing Wage (Section 10)
- Recordkeeping, Cost Accounting, and Auditing (Section 11)
- Equipment (Section 14)
- Indemnification (Section 17)
- Intellectual Property (Section 20)
- Access to Sites and Records (included in Section 22, "General Provisions")
- Nondiscrimination (included in Section 23, "Certifications and Compliance")
- Survival of the following sections:
 - Equipment (Section 14)
 - Recordkeeping, Cost Accounting, and Auditing (Section 11)
 - Intellectual Property (Section 20)
 - Access to Sites and Records (included in Section 22, "General Provisions")

Subcontracts funded in whole or in part by this Agreement must also include the following:

- A clear and accurate description of the material, products, or services to be procured.
- A detailed budget and timeline.
- Provisions that allow for administrative, contractual, or legal remedies in instances where subcontractors breach contract terms, in addition to sanctions and penalties as may be appropriate.
- Provisions for termination by the Recipient, including termination procedures and the basis for settlement.
- A statement that further assignments will not be made to any third or subsequent tier subcontractor without additional advance written consent of the Commission.

c. Audits

All subcontracts entered into for the performance of this Agreement are subject to examination and audit by the Energy Commission, Bureau of State Audits, or the California Public Utilities Commission for a period of three (3) years after payment of the Recipient's final invoice under this Agreement.

d. Copies of Subcontracts

The Recipient must provide a copy of its subcontracts upon request by the Energy Commission.

e. Conflicting Subcontract Terms

Prior to the execution of this Agreement, the Recipient will notify the CalSHAPE Program of any known or reasonably foreseeable conflicts between this Agreement and its agreements with any subcontractors (e.g., conflicting intellectual property or payment terms). If the Recipient discovers any such conflicts after the execution of this Agreement, it will notify the CalSHAPE Program of the conflict within fifteen (15) days of discovery. The Energy Commission may, without prejudice to its other remedies, terminate this Agreement if any conflict impairs or diminishes its value.

f. Penalties for Noncompliance

Without limiting the Commission's other remedies, failure to comply with the above requirements may result in the termination of this Agreement.

8. Payment of Funds

a. Timing of Payment

See Chapter 3, Section G, Timing of Payment, of the CalSHAPE Ventilation Commission Guidelines.

Final payment will only be made after the Energy Commission: (1) receives and approves the Recipient's final reporting; and (2) receives and accepts all other required documentation necessary for the Energy Commission to determine the total final amount due to the Recipient, based on actual and allowable Incurred Costs and Paid Costs under this Agreement, up to the total grant award amount.

Without limiting any other rights and remedies available to the Energy Commission, Recipient must return funds to the Energy Commission received under this Agreement if, for example, the Recipient was overpaid in the first payment, did not complete the project, or did not meet other program requirements.

b. Reimbursable Cost Requirements

In addition to any other requirements in this Agreement, the Energy Commission is only obligated to reimburse the Recipient for Incurred and Paid Costs that are (1) incurred during the Agreement Term; (2) invoiced within the required timeframes of this Agreement; (3) made in accordance with the Agreement's Budget; and (4) actual and allowable expenses under this Agreement.

ALL of the items in the Budget are capped amounts (i.e., maximums), and the Recipient can only bill its ACTUAL amount up to capped amounts listed in the Budget. For example, if the Budget includes an employee's hourly rate of \$50/hour but the employee is only paid \$40/hour, the Recipient can only bill for \$40/hour. Under the same example, if the employee earned \$70/hour but the Budget only lists \$50/hour, the Recipient can only bill for \$50. If the actual rates exceed the approved rates in the Budget, the difference may be charged to the agreement as a match share expenditure.

c. Payment Requests

Recipient agrees and acknowledges that time is of the essence in submitting the final payment request. The Commission has a limited period of time, set by law, in which it can reimburse funds under this Agreement. Without prejudice to the Commission's other rights, the Recipient risks not receiving any funds, and relieves the Commission of any duty and liability whatsoever to pay, for any payment requests received after the end of the Agreement.

d. Invoice Approval and Disputes:

Payment is subject to Energy Commission staff's approval. Payments will be made to the Recipient for undisputed invoices. An undisputed invoice is an invoice submitted by the Recipient for work performed, for which project expenditures and products meet all Agreement conditions, and for which additional evidence is not required to determine its validity.

The invoice will be disputed if all products due for the billing period have not been received and approved, if the invoice is inaccurate, or if it does not comply with the terms of this Agreement. If the invoice is disputed, the Recipient will be notified by the CEC.

e. Multiple Non-Energy Commission Funding Sources:

No payment will be made for costs identified in recipient invoices that have been or will be reimbursed by another source, including but not limited to an agreement with another government entity.

"Government Entity" means: (1) a state governmental agency; (2) a state college or university; (3) a local government entity or agency, including those created as a Joint Powers Authority; (4) an auxiliary organization of the California State University or a California community college; (5) the federal government; (6) a foundation organized to support the Board of Governors of the California Community Colleges; and (7) an auxiliary organization of the Student Aid Commission established under California Education Code Section 69522.

f. Reduced funding:

If the Energy Commission does not receive sufficient funds under the Budget Act or from the investor-owned utility administrators of the CalSHAPE program to fully fund the work identified in Exhibit A (Scope of Work), the following will occur:

- 1) If the Energy Commission has received a reduced amount of funds for the work, it may: (1) offer an Agreement amendment to the Recipient to reflect the reduced amount; or (2) cancel this Agreement (with no liability occurring to the State).
- 2) If the Energy Commission has received no funds for the work identified in Exhibit A: (1) this Agreement will be of no force and effect; (2) the State will have no obligation to pay any funds to the Recipient; and (3) the Recipient will have no obligation to perform any work under this Agreement.

g. Allowability of Costs

- 1) Allowable Costs

The costs for which the Recipient will be reimbursed under this Agreement include all costs, direct and indirect, incurred in the performance of the work identified in the Scope of Work. Costs must be incurred within the Agreement term. Factors to be considered in determining whether an individual item of cost is allowable include: (i) reasonableness of the item, including necessity of the item for the work; (ii) applicable federal cost principles or acquisition regulations incorporated by reference in Section 2 of this Agreement; and (iii) the terms and conditions of this Agreement.

2) Unallowable Costs

See Chapter 3, Section I, Ineligible Costs, of the CalSHAPE Ventilation Program Commission Guidelines.

3) Except as provided for in this Agreement or applicable California law or regulations, the Recipient will use the federal cost principles and/or acquisition regulations incorporated by reference in Section 2 of this Agreement when determining allowable and unallowable costs. In the event of a conflict, this Agreement takes precedence over the federal cost principles and/or acquisition regulations.

h. Final Invoice for Remaining Funds

See Chapter 4, Section C, Final Documentation and Invoice for Remaining Funds, of the CalSHAPE Ventilation Program Commission Guidelines. The Recipient must submit all invoices electronically by uploading them to the CalSHAPE Online System, which is found at <https://calshape.energy.ca.gov/>.

i. If the Recipient has not otherwise provided to the Commission documentation showing the Recipient's payment of Incurred Costs, the Recipient shall provide such documentation as soon as possible and not later than three working days from a request from Commission personnel.

j. Certification

The following certification will be included on each payment request form and signed by the Recipient's authorized officer:

The documents included in this request for payment are true and correct to the best of my knowledge and I have authority to submit this request. I certify that reimbursement for these costs has not and will not be received from any other sources, including but not limited to a government entity contract, subcontract, or other procurement method. For projects considered to be a public work, prevailing wages were paid to eligible workers who provided labor for the work covered by this invoice; the Recipient and all subcontractors have complied with prevailing wage laws.

9. Reserved

10. Prevailing Wage

a. Requirement

Projects funded by the Energy Commission often involve construction, alteration, demolition, installation, repair, or maintenance work over \$1,000. Such projects might be considered "public works" under the California Labor Code (See California Labor Code Section 1720 et seq. and Title 8 California Code of Regulations, Section 16000 et seq.). Public works projects require the payment of prevailing wages. Prevailing wage rates can be significantly higher than non-prevailing wage rates.

b. Determination of Project's Status

Only the California Department of Industrial Relations (DIR) and courts of competent jurisdiction may issue legally binding determinations that a particular project is or is not a public work. If the Recipient is unsure whether the project funded by the Agreement is a "public work" as defined in the California Labor Code, it may wish to seek a timely determination from DIR or an appropriate court. As such processes can be time consuming, it may not be possible to obtain a timely determination before the date for performance of the Agreement.

By accepting this grant, the Recipient is fully responsible for complying with all California public works requirements, including but not limited to payment of prevailing wage. As a material term of this grant, the Recipient must either:

- 1) Timely obtain a legally binding determination from DIR or a court of competent jurisdiction before work begins on the project that the proposed project is not a public work; or
- 2) Assume that the project is a public work and ensure that:
 - Prevailing wages are paid unless and until DIR or a court of competent jurisdiction determines that the project is not a public work;
 - The project budget for labor reflects these prevailing wage requirements; and
 - The project complies with all other requirements of prevailing wage law, including but not limited to keeping accurate payroll records and complying with all working hour requirements and apprenticeship obligations.

California Prevailing Wage law provides for substantial damages and financial penalties for failure to pay prevailing wages when such payment is required.

c. Subcontractors and Flow-down Requirements

The Recipient will ensure that its subcontractors also comply with the public works/prevailing wage requirements above. The Recipient will ensure that all agreements with its subcontractors to perform work related to this Project contain the above terms regarding payment of prevailing wages on public works projects. The Recipient is responsible for any failure of its subcontractors to comply with California prevailing wage and public works laws.

d. Indemnification and Breach

Any failure of the Recipient or its subcontractors to comply with the above requirements will constitute breach of this Agreement which excuses the Commission's performance of this Agreement at the Commission's option, and will be at the Recipient's sole risk. In such a case, the Commission will refuse payment to the Recipient of any amount under this award and the Commission will be released, at its option, from any further performance of this Agreement or any portion thereof. The Recipient will indemnify the Energy Commission and hold it harmless for any and all financial consequences arising out of or resulting from the failure of the Recipient and/or any of its subcontractors to pay prevailing wages or to otherwise comply with the requirements of prevailing wage law.

e. Budget

The Recipient's budget on public works projects must indicate which job classifications are subject to prevailing wage. For detailed information about prevailing wage and the process to determine if the proposed project is a public work, the Recipient may wish to contact DIR or a qualified labor attorney for guidance.

f. Covered Trades

For public works projects, the Recipient may contact DIR for a list of covered trades and the applicable prevailing wage.

g. Questions

If the Recipient has any questions about this contractual requirement or the wage, record keeping, apprenticeship, or other significant requirements of California prevailing wage law, the Recipient should consult DIR and/or a qualified labor attorney before entering into this Agreement.

h. Certification

The Recipient will certify to the Energy Commission on each payment request form either that: (a) prevailing wages were paid to eligible workers who provided labor for work covered by the payment request and the Recipient and all contractors and subcontractors otherwise complied with all California prevailing wage laws; or (b) the project is not a public work requiring the payment of prevailing wages. In the latter case, the Recipient will provide competent proof of a DIR or court determination that the project is not a public work requiring the payment of prevailing wages.

Prior to the release of any retained funds under this Agreement, the Recipient will submit to the Energy Commission the above-described certificate signed by the Recipient and all contractors and subcontractors performing public works activities on the project. Absent this certificate, the Recipient will have no right to any funds under this Agreement, and Commission will be relieved of any obligation to pay any funds.

11. Recordkeeping, Cost Accounting, and Auditing

a. Cost Accounting

The Recipient will keep separate, complete, and correct accounting of the costs involved in completing the project and any match-funded portion of the project. The Commission or its agent will have the right to examine the Recipient's books of accounts at all reasonable times, to the extent necessary to verify the accuracy of the Recipient's reports.

b. Accounting Procedures

The Recipient's costs will be determined on the basis of its accounting system procedures and practices employed as of the effective date of this Agreement, provided that the Recipient uses generally accepted accounting principles and cost reimbursement practices. The Recipient's cost accounting practices used in accumulating and reporting costs during the performance of this Agreement will be consistent with the practices used in estimating costs for any proposal to which this Agreement relates; provided that such practices are consistent with the other terms of this Agreement and that such costs may be accumulated and reported in greater detail during performance of this Agreement.

The Recipient's accounting system will distinguish between direct and indirect costs. All costs incurred for the same purpose, in like circumstances, are either direct costs only or indirect costs only with respect to costs incurred under this Agreement.

c. Inspections, Assessment, and Studies

If selected, the Recipient must cooperate with and participate in the following:

- 1) An assessment of a funded project's greenhouse gas reductions and energy savings. This may include, but is not limited to, requests from Energy Commission staff or its delegate for data, project and equipment information, and reasonable access to the project site to assist with determining greenhouse gas reductions and energy savings attributable to the funded project. Costs associated with any activities associated with such an assessment will not be funded by a CalSHAPE Program grant.
- 2) A site inspection and verification of installation and operation of new fixtures and appliances. This may include, but is not limited to, providing Energy Commission staff or its delegates reasonable access to the funded project site to inspect and verify installation and operation. Recipient understands that any such inspection and verification by Energy Commission staff or its delegates is not a safety inspection.
- 3) A measurement and evaluation study that will be used to analyze current program performance and improve future program designs. This may include but is not limited to providing Energy Commission staff or its delegates data, project and equipment information, and reasonable access to the funded project site.

d. Audit Rights

The Recipient will maintain books, records, documents, and other evidence, based on the procedures set forth above, sufficient to reflect properly all costs claimed to have been incurred in the performance of this Agreement. The Energy Commission, another state agency, and/or a public accounting firm designated by the Energy Commission may audit the Recipient's accounting records at all reasonable times, with prior notice by the Energy Commission.

It is the intent of the parties that the audits will ordinarily be performed not more frequently than once every twelve (12) months during the performance of the work and once at any time within three (3) years after payment by the Energy Commission of the Recipient's final invoice. However, performance of any such interim audits by the Energy Commission does not preclude further audit. The Energy Commission may audit books, records, documents, and other evidence relevant to the Recipient's royalty payment obligations (see Section 21) for a period of ten (10) years after payment of the Recipient's final invoice.

The Recipient will allow the auditor(s) to access such records during normal business hours, and will allow interviews of any employees who might reasonably have information related to such records. The Recipient will include a similar right of the state to audit records and interview staff in any subcontract related to the performance of this Agreement.

e. Refund to the Energy Commission

If the Energy Commission determines that any invoiced and paid amounts exceed the actual allowable incurred costs, the Recipient will repay the amounts to the Energy Commission within thirty (30) days of request or as otherwise agreed by the Energy Commission and the Recipient. If the Energy Commission does not receive such repayments, it will be entitled to take any actions enforce any remedies available to it, such as withholding further payments to the Recipient and seeking repayment from the Recipient.

f. Audit Cost

The Recipient will bear its cost of participating in any audit (e.g., mailing or travel expenses). The Energy Commission will bear the cost of conducting the audit unless the audit reveals an error detrimental to the Energy Commission that exceeds more than ten percent (10%) or \$5,000 (whichever is greater) of the amount audited. The Recipient will pay the refund as specified in subsection (d), and will reimburse the Energy Commission for reasonable costs and expenses incurred by the Commission in conducting the audit.

g. Match or Cost Share

If the budget includes a match share requirement, the Recipient's commitment of resources, as described in this Agreement, is a required expenditure for receipt of Energy Commission funds. The funds will be released only if the required match percentages are expended. The Recipient must maintain accounting records detailing the expenditure of the match (actual cash and in-kind, non-cash services), and report on match share expenditures on its request for payment.

12. Workers' Compensation Insurance

- a. The Recipient warrants that it carries Worker's Compensation Insurance for all of its employees who will be engaged in the performance of this Agreement, and agrees to furnish to the CalSHAPE Program satisfactory evidence of this insurance upon the CalSHAPE Program's request.
- b. If the Recipient is self-insured for worker's compensation, it warrants that the self-insurance is permissible under the laws of the State of California and agrees to furnish to the CalSHAPE Program satisfactory evidence of the insurance upon the CalSHAPE Program's request.

13. Permits and Clearances

The Recipient is responsible for ensuring that all necessary permits and environmental documents are prepared and that clearances are obtained from the appropriate agencies.

14. Equipment

Title to equipment acquired by the Recipient with grant funds will vest in the Recipient. The Recipient may use the equipment in the project or program for which it was acquired as long as needed, regardless of whether the project or program continues to be supported by grant funds. However, the Recipient may not sell, lease, or encumber the property (i.e., place a legal burden on the property such as a lien) during the Agreement term without Energy Commission Staff's prior written approval.

The Recipient may refer to the applicable federal regulations incorporated by reference in this Agreement for guidance regarding additional equipment requirements.

15. Stop Work

Energy Commission staff may, at any time by written notice to the Recipient, require the Recipient to stop all or any part of the work tasks in this Agreement. Stop work orders may be issued for reasons such as a project exceeding budget, noncompliance with the standard of performance, out of scope work, project delays, and misrepresentations.

- a. Compliance. Upon receipt of a stop work order, the Recipient must immediately take all necessary steps to comply with the order and to stop the incurrence of costs allocable to the Energy Commission.
- b. Canceling a Stop Work Order. The Recipient may resume the work only upon receipt of written instructions from Energy Commission staff.

16. Termination

a. Purpose

Because the Energy Commission is a state entity and provides funding on behalf of all California ratepayers, it must be able to terminate the Agreement upon the default of the Recipient and to proceed with the work required under the Agreement in any manner it deems proper. The Recipient agrees that upon any of the events triggering the termination of the Agreement by the Energy Commission, the Energy Commission has the right to terminate the Agreement, and it would constitute bad faith of the Recipient to interfere with the immediate termination of the Agreement by the Energy Commission.

b. With Cause

The Energy Commission may, for cause, terminate this Agreement upon giving five (5) calendar days advance written notice to the Recipient. In this event, the Recipient will use all reasonable efforts to mitigate its expenses and obligations. The Recipient will relinquish possession of equipment purchased for this Agreement with Energy Commission funds to the Commission, or the Recipient may purchase the equipment as provided by the terms of this Agreement, with approval of the Energy Commission.

The term "for cause" includes but is not limited to the following:

- Partial or complete loss of match funds;
- Reorganization to a business entity unsatisfactory to the Energy Commission;
- Retention or hiring of subcontractors, or replacement or addition of personnel, that fail to perform to the standards and requirements of this Agreement;
- The Recipient's inability to pay its debts as they become due and/or the Recipient's default of an obligation that impacts its ability to perform under this Agreement; or
- Significant change in state or Energy Commission policy such that the work or product being funded would not be supported by the Commission.

c. Without Cause

The Energy Commission may terminate this Agreement without cause upon giving thirty (30) days advance written notice to the Recipient. In this event, the Recipient will use all reasonable efforts to mitigate its expenses and obligations.

17. Indemnification

To the extent allowed under California law, the Recipient will indemnify, defend, and hold harmless the state (including the Energy Commission) and state officers, agents, and employees from any and all claims and losses in connection with the performance of this Agreement.

18. Reserved

19. Reserved

20. Intellectual Property

- a. The Energy Commission makes no claim to intellectual property developed under this Agreement that is not specified for delivery, except as expressly provided herein.

“Intellectual property” means: (a) inventions, technologies, designs, drawings, data, software, formulas, compositions, processes, techniques, works of authorship, trademarks, service marks, and logos that are created, conceived, discovered, made, developed, altered, or reduced to practice with Agreement or match funds during or after the Agreement term; (b) any associated proprietary rights to these items, such as patent and copyright; and (c) any upgrades or revisions to these items.

“Works of authorship” does not include written products created for Agreement reporting and management purposes, such as reports, summaries, lists, letters, agendas, schedules, and invoices.

- b. The Energy Commission owns all products identified in the Scope of Work, with the exception of products that fall within the definition of “intellectual property.”

“Product” means any tangible item specified for delivery to the Energy Commission in the Scope of Work.

- c. Both the Energy Commission and the California Public Utilities Commission have a no-cost, non-exclusive, transferable, irrevocable, royalty-free, worldwide, perpetual license to use, publish, translate, modify, and reproduce intellectual property for governmental purposes, including but not limited to providing data and reports to the California Public Utilities Commission, State legislature, and Utilities and using data for the development of future programs.

- d. Intellectual Property Indemnity

The Recipient may not, in supplying work under this Agreement, knowingly infringe or misappropriate any intellectual property right of a third party, and will take reasonable actions to avoid infringement.

To the extent allowed under California law, the Recipient will defend and indemnify the Energy Commission and the California Public Utilities Commission from and against any claim, lawsuit, or other proceeding, loss, cost, liability, or expense (including court costs and reasonable fees of attorneys and other professionals) to the extent arising out of: (i) any third party claim that a product infringes any patent, copyright, trade secret, or other intellectual property right of any third party; or (ii) any third party claim arising out of the negligent or other tortious acts or omissions by the Recipient or its employees, subcontractors, or agents in connection with or related to the products or the Recipient's performance under this Agreement.

21. Reserved

22. General Provisions

a. Governing Law

This Agreement is governed by the laws of the State of California as to interpretation and performance.

b. Independent Capacity

In the performance of this Agreement, the Recipient and its agents, subcontractors, and employees will act in an independent capacity and not as officers, employees, or agents of the State of California.

c. Assignment

This Agreement is not assignable or transferable by the Recipient either in whole or in part without the consent of the Energy Commission in the form of an amendment.

d. Timeliness

Time is of the essence in this Agreement.

e. Severability

If any provision of this Agreement is unenforceable or held to be unenforceable, all other provisions of this Agreement will remain in full force and effect.

f. Waiver

No waiver of any breach of this Agreement constitutes waiver of any other breach. All remedies in this Agreement will be taken and construed as cumulative, meaning in addition to every other remedy provided in the Agreement or by law.

g. Assurances

The Commission reserves the right to seek further written assurances from the Recipient and its team that the work under this Agreement will be performed in accordance with the terms of the Agreement.

h. Change in Business

- 1) The Recipient will promptly notify the Energy Commission of the occurrence of any of the following:
 - a) A change of address.
 - b) A change in business name or ownership.
 - c) The existence of any litigation or other legal proceeding affecting the project or Agreement.

- d) The occurrence of any casualty or other loss to project personnel, equipment, or third parties.
 - e) Receipt of notice of any claim or potential claim against the Recipient for patent, copyright, trademark, service mark, and/or trade secret infringement that could affect the Energy Commission's rights.
- 2) The Recipient must provide the CalSHAPE Program with written notice of a planned change or reorganization of the type of business entity under which it does business. A change of business entity or name change requires an amendment assigning or novating the Agreement to the changed entity. If the Energy Commission does not seek to amend this Agreement or enter into a new agreement with the changed or new entity for any reason (including that the Commission is not satisfied that the new entity can perform in the same manner as the Recipient), it may terminate this Agreement as provided in the "Termination" section.
- i. Access to Sites and Records
Energy Commission and California Public Utilities Commission staff and representatives will have reasonable access to all project sites and to all records related to this Agreement.
 - j. Prior Dealings, Custom, or Trade Usage
These terms and conditions may not be modified or supplemented by prior dealings, custom, or trade usage.
 - k. Survival of Terms
Certain provisions will survive the completion or termination date of this Agreement for any reason. The provisions include but are not limited to:
 - Legal Statements on Products (included in Section 5, "Products")
 - Payment of Funds (Section 8)
 - Recordkeeping, Cost Accounting, and Auditing (Section 11)
 - Equipment (Section 14)
 - Termination (Section 16)
 - Indemnification (Section 17)
 - Intellectual Property (Section 20)
 - Change in Business (see this section)
 - Access to Sites and Records (see this section)

23. *Certifications and Compliance*

- a. **Federal, State, and Local Laws**

The Recipient must obtain all required permits and shall comply with all applicable federal, state and local laws, codes, rules, and regulations for all work performed under the Agreement.

b. Nondiscrimination Statement of Compliance

During the performance of this Agreement, the Recipient and its subcontractors will not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, sexual orientation, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition, age, marital status, or denial of family care leave. The Recipient and its subcontractors will ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment.

The Recipient and its subcontractors will comply with the provisions of the Fair Employment and Housing Act (Government Code Sections 12990 et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 11000 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4.1 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part of it as if set forth in full. The Recipient and its subcontractors will give written notice of their obligations under this section to labor organizations with which they have a collective bargaining or other Agreement.

The Recipient will include the nondiscrimination and compliance provisions of this section in all subcontracts to perform work under this Agreement.

c. Drug-Free Workplace Certification

By signing this Agreement, the Recipient certifies under penalty of perjury under the laws of the State of California that it will comply with the requirements of the Drug-Free Workplace Act of 1990 (Government Code Section 8350 et seq.) and will provide a drug-free workplace by taking the following actions:

- 1) Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited, and specifying actions to be taken against employees for violations as required by Government Code Section 8355(a).
- 2) Establish a Drug-Free Awareness Program as required by Government Code Section 8355(b) to inform employees about all of the following:
 - The dangers of drug abuse in the workplace;
 - The person's or organization's policy of maintaining a drug-free workplace;
 - Any available counseling, rehabilitation, and employee assistance programs; and
 - Penalties that may be imposed upon employees for drug abuse violations.
- 3) Provide, as required by Government Code Section 8355(c), that every employee who works on the proposed project:
 - Will receive a copy of the company's drug-free policy statement; and
 - Will agree to abide by the terms of the company's statement as a condition of employment on the project.

Failure to comply with these requirements may result in suspension of payments under the Agreement or termination of the Agreement or both, and the Recipient may be ineligible for any future state awards if the Commission determines that any of the following has occurred: (1) the Recipient has made false certification, or (2) violates the certification by failing to carry out the requirements as noted above.

d. National Labor Relations Board Certification (Not applicable to public entities)

The Recipient, by signing this Agreement, swears under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against the Recipient within the immediately preceding two year period because of the Recipient's failure to comply with an order of a federal court that orders the Recipient to comply with an order of the National Labor Relations Board.

e. Child Support Compliance Act (Applicable to California Employers)

For any agreement in excess of \$100,000, the Recipient acknowledges that:

- 1) It recognizes the importance of child and family support obligations and will fully comply with all applicable state and federal laws relating to child and family support enforcement, including but not limited to disclosure of information and compliance with earnings assignment orders, as provided in Chapter 8 (commencing with section 5200) of Part 5 of Division 9 of the Family Code; and
- 2) To the best of its knowledge is fully complying with the earnings assignment orders of all employees and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department.

f. Air or Water Pollution Violation

Under state laws, the Recipient will not be:

- 1) In violation of any order or resolution not subject to review promulgated by the State Air Resources Board or an air pollution control district;
- 2) Subject to a cease and desist order not subject to review issued pursuant to Section 13301 of the Water Code for violation of waste discharge requirements or discharge prohibitions; or
- 3) Finally determined to be in violation of provisions of federal law relating to air or water pollution.

g. Americans With Disabilities Act

By signing this Agreement, the Recipient assures the State that it complies with the Americans with Disabilities Act (ADA) of 1990 (42 U.S.C. Section 12101, et seq.), which prohibits discrimination on the basis of disability, as well as applicable regulations and guidelines issued pursuant to the ADA.

24. **Reserved**

25. **Commission Remedies for Recipient's Non-Compliance**

Without limiting any of its other remedies, the Commission may, for Recipient's noncompliance of any Agreement requirement, withhold future payments, demand and be entitled to repayment of past reimbursements, or suspend or terminate this Agreement. The tasks in the Scope of Work are non-severable, and completion of all of them is material to this Agreement. Thus, the Commission, without limiting its other remedies, is entitled to repayment of all funds paid to Recipient if the Recipient does not timely complete all tasks in the Scope of Work.

26. **Definitions**

- **Agreement Term** means the length of this Agreement, as specified on the Agreement signature page (form CEC-146).
- **Data** means any recorded information that relates to the project funded by the Agreement, whether created or collected before or after the Agreement's effective date.
- **Effective Date** means the date on which this Agreement is signed by the last party required to sign, provided that signature occurs after the Agreement has been approved by the Energy Commission at a business meeting or by the Executive Director or his/her designee.
- **Equipment** means products, objects, machinery, apparatus, implements, or tools that are purchased or constructed with Energy Commission funds for the project, and that have a useful life of at least one year and an acquisition unit cost of at least \$5,000. "Equipment" includes products, objects, machinery, apparatus, implements, or tools that are composed by over thirty percent (30%) of materials purchased for the project. For purposes of determining depreciated value of equipment used in the Agreement, the project will terminate at the end of the normal useful life of the equipment purchased and/or developed with Energy Commission funds. The Energy Commission may determine the normal useful life of the equipment.
- **Intellectual Property** means: (a) inventions, technologies, designs, drawings, data, software, formulas, compositions, processes, techniques, works of authorship, trademarks, service marks, and logos that are created, conceived, discovered, made, developed, altered, or reduced to practice with Agreement or match funds during or after the Agreement term; (b) any associated proprietary rights to these items, such as patent and copyright; and (c) any upgrades or revisions to these items.

"Works of authorship" does not include written products created for Agreement reporting and management purposes, such as reports, summaries, lists, letters, agendas, schedules, and invoices.
- **Invention** means intellectual property that is patentable.
- **Match Funds** means cash or in-kind (i.e., non-cash) contributions provided by the Recipient or a third party for a project funded by the Energy Commission. If this Agreement resulted from a solicitation, refer to the solicitation's discussion of match funding for guidelines specific to the project.

- **Materials** means the substances used to construct, or as part of, a finished object, commodity, device, article, or product and that does not meet the definition of Equipment.
- **Ownership** means exclusive possession of all rights to property, including the right to use and transfer property.
- **Product** means any tangible item specified for delivery to the Energy Commission in the Scope of Work.
- **Project** means the entire effort undertaken and planned by the Recipient and consisting of the work funded by the Energy Commission. The project may coincide with or extend beyond the Agreement term.
- **State** means the state of California and all California state agencies within it, including but not limited to commissions, boards, offices, and departments.

Thank you for allowing A-Tech Consulting, Inc. (*A-Tech*) the opportunity to provide you with a cost proposal. This proposal is in response to your request that *A-Tech* conduct the Limited Asbestos Assessment at the above referenced site. The professional services provided by *A-Tech* will consist of the following:

LIMITED ASBESTOS ASSESSMENT

- This assessment will satisfy all the requirements of a pre-renovation assessment, in accordance with NESHAP, as it pertains to this project only.
- Inspection of the interior of the floors listed in this proposal and bulk sampling of suspect asbestos-containing materials (ACM) by a state certified asbestos consultant or certified site surveillance technician (CAC or CSST), utilizing AHERA sampling protocols. We will need access to all locations.
- Analysis of suspect ACM samples by a NVLAP accredited laboratory, utilizing Polarized Light Microscopy (PLM) with dispersion staining, in accordance with current regulatory requirements. Sample analysis is based on 3-Hour laboratory analysis.
- Review of any proposed renovation plans, if available
- Report preparation including sample locations, friability evaluations and remedial recommendations.

A-Tech Consulting, Inc.

PRICING

Based on the information gathered, we propose to provide the following professional consulting services:

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

It is the mission of El Portal School to create for our students a culture of universal achievement, a strong educational foundation, and college readiness. El Portal is a No Excuses University school and we encourage and empower our students to strive for learning and goals that will prepare them for college. We encourage and help to develop in students: character, a passion for learning, and academic excellence. It is our goal to provide a strong foundation in America's values, traditions and heritage and to teach our students to embrace the diversity of others on campus and in the community. Our staff, parents, and community members work closely together to help each child reach his or her potential. Collaboration and communication between school and home is an integral part of the success of El Portal Elementary School. We provide an automated phone message system, a parent information email system and a school website. We also utilize social media to communicate with families by way of Twitter, Instagram, and Facebook. Working together as a school community, El Portal offers a safe, child-centered environment that provides students with the essential skills to become life-long learners. El Portal is a school where students and staff approach the learning process eagerly, with enthusiasm, passion, and wonder. The staff provides an atmosphere that fosters creativity, individuality, cooperation, and understanding. The staff is trained in numerous teaching styles and utilizes a variety of strategies to provide an exciting and well-balanced instructional program designed to meet the needs of all students; including Guided Language Acquisition Design (GLAD), Explicit Direct Instruction (EDI), and Thinking Maps. We are a professional learning community dedicated to the development of each and every child. The California Common Core State Standards are comprehensive and challenging; they build skills and knowledge while developing critical thinkers and productive members of society.

El Portal Elementary School offers a wide variety of programs for students. We have an active School-Site Council, a School Safety Team, Green Team, Drama Club, and much more. Most recently we have been selected as one of only 4 schools in Orange County to join the Disney Musicals in Schools where we focus on youth theater. We offer programs in the arts, music, STEAM activities and PE. Our students have opportunities to become involved in the arts through writing clubs, drama, and music. El Portal offers technology integration through our in-school Chromebook initiative for all TK - 6th grade students as well as the use of our STEAM lab for all grades. Individual grade levels offer recess tutoring through programs like AIM and Learning at Lunch. Aspire to Increase Motivation (AIM) offers before/after school help for students who struggle in reading and math skills. In May of 2019 El Portal was accepted as a No Excuses University School. As part of this network of schools, El Portal has pledged to make a focused effort to promote a college going culture on our campus and ensure academic success for all students. El Portal has continued its participation in the network through weekly Motivational Monday Pep Rallies as well as displaying our adopted college's flag in the hallways.

El Portal Elementary School is the doorway to academic opportunity where we, "Believe, Achieve and Succeed."

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

El Portal Elementary School has 25 classrooms, ten of which are bungalows. Primary and upper-grade classrooms are separated and each has its own spacious playground area. Our transitional kindergarten and two kindergarten classes have their own enclosed play area. The upper-grade playground is equipped with swings and two regulation size soccer fields. Student physical fitness is promoted even during playground play. We have an outside stage area and an eating area with newly installed benches. Each classroom is equipped with wireless internet, class computers, some iPads, and we have closed circuit TV. All grades have individual Chromebooks for use inside the classrooms.

Our office area consists of a newly renovated teacher workroom and office and a separate teacher's lounge. Our library is a beautiful facility complete with story steps, cozy corners, and study areas. Our campus has garden areas, is clean, well-manicured and freshly painted. In 2015, El Portal opened its Science, Technology, Engineering, Art, and Math (STEAM) Lab that all TK-6th grade students use for hands on learning to solve problems in different ways. In 2016, our wireless network was updated in order to provide the speed necessary for the more than 500 Chromebook devices that all of our TK - 6th students use in the classrooms. Major upgrades for things like roofing and HVAC systems were completed in 2020 under Measure LL.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	58		56		47	
Mathematics (grades 3-8 and 11)	52		40		33	

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents at El Portal have many opportunities for involvement and are highly visible on our campus. Parents and other relatives of our students are actively recruited and seen working on our campus. They volunteer daily in our library and in our classrooms. Families at El Portal understand that it is the partnership between home and school which creates a strong and positive learning environment for our students. Parents and community members are often found volunteering on our campus. Our local junior high and high school students also volunteer time on our campus. When augmented by the expertise and caring of the teachers and staff at school, we are able to ensure a safe and industrious environment for our children, every day. On any given day, a visitor to El Portal will find numerous volunteers working in classrooms and around school to help accomplish our goals for the week, the month, and the year.

Through our very active Parent Teacher Association (PTA), parents sponsor many programs, including: Spring Fair, Red Ribbon Week, special grade-level programs, fund-raisers that support our field trips and assemblies, Family Nights, Family Picnic, and class parties. These are just some of the many activities that take place through our PTA. Room Parents also help throughout in planning special events for our children. Parents are also involved in our English Language Advisory Committee (ELAC) and School Site Council (SSC). Parent involvement on our campus is an integral part of the success of our campus programs.

2023-24 School Safety Plan

El Portal has in place a comprehensive school safety program. A disaster and crisis intervention plan is current and reviewed each year. A school-wide discipline plan is reviewed and followed with appropriate positive and negative consequences outlined to provide a fair and consistent program for all students. The program is designed to assist students in learning how to make appropriate choices. Guidelines for behavior are reviewed with all students. El Portal's school programs help to provide a safe and appropriate learning environment for all students. The learning environment reflects an academic focus and El Portal maintains high expectations and standards for achievement and behavior. Pride in the physical environment is stressed and a safe, orderly campus is maintained. El Portal Safety Patrol is used to help maintain an organized and safe pick-up and drop-off of students entering and exiting our campus. This group of students is used to help direct the flow of student foot traffic to and from school, answer questions, and generally ensure a smooth arrival and dismissal of the student body before and after school.

El Portal is a 'Closed Campus' for the use of facilities and playgrounds. Visitors on our campus are expected to wear an identifying badge at all times and our campus is secured throughout the school day. Campus gates are strictly locked during session hours and all visitors to campus are required to sign in with a digital scan system, Raptor. All groups who plan to use our facilities must first gain written permission and show proof of insurance. Although we strongly encourage parental and community involvement in the daily running of the school, facility-use agreements are only granted to persons with known business on our campus. Any adult who accompanies a class on an off-site field trip must first be fingerprinted and cleared by the Department of Justice before they are allowed to assist as a chaperone.

We review safety procedures monthly with fire drills and lockdown/earthquake drills. El Portal teachers and staff make up a 'first response' team and are prepared to assist in all safety concerns of campus life. Students practice daily entrance and exit procedures to and from class, to and from recess and lunch, and to and from assemblies. The students are expected to be on their best behavior and follow line rules at all times. The entire student body has practiced being dismissed (as an individual

2023-24 School Safety Plan

class and as a whole group) from any event in just a few minutes without any talking or disruptions. The staff and students are very proud of their entrance and exit procedures and the orderly fashion in which events are run.

Fiscal Year 2022-23 Types of Services Funded

Title I funds provide economic assistance to supplement the regular instructional program for educationally disadvantaged students. Expenditures include additional academic interventions, materials that promote collaboration and social skills, instructional aides, substitutes, instructional supplies, supplemental supplies, conferences, consultants, postage, non-capital equipment, and student field trips.

Title II funds are designated to improve teacher quality and increase the number of highly qualified teachers. The program focuses on research-based strategies to prepare and train highly qualified teachers.

Title III funds are designated to ensure that students attain English proficiency and meet the same challenging academic achievement standards required of all students. Funds are used for translation, support services, instructional aides, supplemental books, and conferences.

Professional Development

Staff development opportunities are embraced as we work together as a professional learning community. El Portal's staff is constantly seeking ways to improve our programs. Our staff has received ongoing training in reading comprehension and mathematical practices for the last few years. This year our staff development continues to focus on the writing process. Several of our teachers have attended seminars in the Science of Reading, Zones of Regulation, and technology and have brought the material back to the staff and presented at an in-service to the staff. The staff has also received extensive training in working with our English Language Learners. All of our staff has been trained in Guided Language Acquisition Design (GLAD). More than 90% of our staff has been GATE certified and is beginning to use the depth and complexity icons in their teaching practices. One afternoon each week is provided by the district for staff development. Grade-level teams meet regularly to evaluate instructional strategies and to implement new methods to provide the best possible instruction. One of El Portal's many strengths is the team effort among the staff as they build a strong academic program at each grade level. As a professional learning community, we evaluate and revise our mission statement, create and update curriculum, and focus on student goals each year. Science, Technology, Engineering, Art, and Math (STEAM) is embraced by the staff as they engage in lessons and challenges with their class. Staff development is provided to focus on how to teach and integrate STEAM subject matter and how to make it relevant and engaging for our students to learn.

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Jordan Elementary School spans the border of Los Angeles and Orange Counties in Southern California. It is located 20 miles south of Los Angeles in the tight-knit communities of northeastern Whittier and western La Habra. Jordan Elementary School is part of the Lowell Joint School District which includes five elementary schools and one intermediate school. The Lowell Joint School District is a traditional school district which maintains a strong emphasis on academics, character education, and patriotism. Jordan Elementary School has an enrollment of 479 students in grades Pre-school through 6. The school population includes 75% Hispanic, 20% Caucasian, and 5% Other. A total of 89% of the students speak English as a primary language while 11% are English language learners. Jordan Elementary School provides categorical services which include Title I and services for English Learners. Special Education includes the resource center model and provides a Speech and Language Specialist. In addition to core academic instruction, all students receive weekly choral instruction, art instruction once a month, STEAM focused curricular activities monthly, and weekly lessons targeting students social/emotional well-being. Students in grades Kindergarten through 6th have one to one Chromebook devices.

Jordan Elementary is the home campus for the Lowell Joint School District's Dual Language Academy. The program, which is in its fifth year, serves approximately 180 students in grades TK through 5th grade. The goal of the program is to provide instruction that allows for students to become bilingual, biliterate, and multi-cultural.

The school enjoys a very high degree of parent and community involvement. Jordan Elementary School works collaboratively and comprehensively with parents and community members to strengthen a learning environment focused on raising student achievement. Jordan considers parent involvement to be a key component of student success in school.

In addition to the district run after school program, Power Source, Jordan teaching staff provides before and after school enrichment opportunities that are an integral part of Jordan's differentiated experiences that extend our students' learning. Our many before and after school programs are designed to provide students with a well-rounded educational experience to enhance the whole child. Some of the programs that Jordan Elementary School offers are homework assistance, visual arts design, choir, mariachi guitar and violin, and ballet folklorico dance. Jordan seeks to engage, inspire, and challenge our students to become productive citizens through participation in our student leadership program. These programs strive to engage and motivate our students to expand their unique talents and abilities and promote a positive school climate.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

Jordan Elementary School was built in the mid 1950's. During the 21-22 school year, Jordan underwent renovations to the campus with funding coming from the passage of local measure LL. The renovations included replacing all portable classrooms with permanent buildings, replacement of the existing office building, new roofs on all existing classrooms, replacement of HVAC units and upgrading of the associated plumbing and electrical systems, and replacement of primary play areas. Other planned improvements to the school include a literacy garden and outdoor garden science center.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

A very active parent group supports Jordan through their involvement in the Parent Teacher Association (PTA), School Site Council (SSC), and the English Learner Advisory Committee (ELAC). PTA offers family activities including movie nights, Stoves on Strikes fundraisers at local restaurants, family STEM challenges, and fun run. SSC and ELAC meetings are held on a regular basis throughout the year. In addition to participation in these groups, parents volunteer in classrooms, the school library, and assist with special events. Jordan Elementary school has partners with a variety of community organizations to provide the basic necessities for families in need.

Parents are kept informed of school events and opportunities for involvement through the school website, weekly phone and email messages that go out in English and Spanish, calendars, notices, and the school marquee. In addition, the Jordan PTA keeps parents informed with weekly emails and social media via Facebook. Any parents wishing to become involved may also contact the school office.

2023-24 School Safety Plan

Staff at Jordan Elementary believe that in order for students to learn they must feel safe at school. To ensure student safety, Jordan Elementary has in place a school-wide discipline plan, a disaster preparedness plan, and a comprehensive school safety plan. School rules and behavior standards are clearly communicated to students at the beginning of the year. Upon returning from Winter Break, students attend a brief assembly to review these expectations. The principal is responsible for making sure the school-wide discipline plan is fairly and consistently enforced. The staff regularly reviews the school wide discipline plan at staff meetings throughout the year. The disaster preparedness plan is designed to cover emergencies such as fires, earthquakes, and other natural disasters. The plan is reviewed annually with staff so all persons are aware of their roles in the event of a disaster. In addition, the school holds regular fire and earthquake drills so students and staff are familiar with procedures covering both potential events.

The Comprehensive School Safety Plan is reviewed and updated annually prior to March 1st prior to submittal for approval by the school board. The plan is reviewed with staff, PTA, and Jordan's School Site Council in the month of January.

Fiscal Year 2022-23 Types of Services Funded

Title I funds provide economic assistance to supplement the regular instructional program for educationally disadvantaged students. Expenditures include: tutoring, substitutes, instructional supplies, supplemental supplies, conferences, postage, non-capital equipment, and student field trips.

Title II funds are designated to improve teacher quality and increase the number of highly qualified teachers. The program focuses on research based strategies to prepare and train highly qualified teachers.

Title III funds are designated to ensure that students attain English proficiency and meet the same challenging academic achievement standards required of all students. Funds are used for translation services in languages not required by Ed Code (less than 15% of enrollment), support services, instructional aides, supplemental books, and conferences.

Fiscal Year 2021-22 Teacher and Administrative Salaries

Professional Development

The success of our program is directly related to the fine staff of well-trained, dedicated professionals here at Jordan Elementary School.

Our teaching staff is continually seeking ways to improve their skills and the instructional program. Teacher training priorities are identified each year and teachers and administrators participate in District and school-level inservice programs. Jordan Elementary School is provided one shortened day per week for site-based inservices and collaborative meetings related to specific school goals. August inservices, after-school and non-student day inservices, as well as various conferences throughout the year, are provided as needed.

This table displays the number of school days dedicated to staff development and continuous improvement.

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

MISSION STATEMENT

The mission of Macy Elementary is to prepare all students to be career and college ready with 21st Century educational experiences, while encouraging all students to be safe and respectful future leaders in a global and competitive economy.

SCHOOL DESCRIPTION

Macy is a recipient of the 2020 California Pivotal Practices Award, the 2016 California Gold Ribbon School Award and the 2010 California Distinguished School Award. Macy also consistently wins Gold and Silver recognition in the Science Olympiad. Our campus is located in the city of La Habra, at the base of La Habra Heights, one mile north of Beach Blvd. Macy is one of five elementary schools in the Lowell Joint School District with an average enrollment of 450 students. Macy operates 19 self-contained classrooms spanning Transitional Kindergarten (TK) through Sixth Grade. TK and Kindergarten classes are full day, and Pre-School was added this year. Macy students participate in an annual academically relevant fieldtrip with 5th and 6th grades taking overnight trips to the Dana Point Marine Institute and Catalina Island Marine Institute respectively.

Macy has a resource center and two district special day classes. Macy's English Learner (EL) population is considered small. All teachers at Macy are certified to meet the needs for developing English proficiency in students and have been trained and certified in teaching techniques and strategies for exceptional and gifted students through OCDE.

Macy is proud to offer a district-created, award-winning, Character Education Program which includes both home and school components addressing monthly themes. Teachers also implement lessons found in the District Patriotic Guide where social responsibility and good citizenship are emphasized daily and foster a strong appreciation of America's great heritage.

This knowledgeable and energetic staff excels in all professional requirements. The teachers work with a collaborative spirit; sharing ideas and strategies with enthusiasm. Teachers meet weekly so the core curriculum remains consistent between classes. The staff provides optimum learning environments that are nurturing, well organized, stimulating, and exciting.

One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Macy School Facility Profile

Built in 1957, Macy Elementary School has five main wings of classrooms first through sixth grade, which also includes the library, a STEAM Lab, and three special education rooms. The Macy TK and Kindergarten are connected to the main office building and the teachers' lounge but are designed to have their own privacy and Kindergarten play area, a second kindergarten class is in close proximity to the office. Four separate bungalows make-up the remainder of the classrooms that are not attached to the main wings. A permanent, three-room bungalow houses the school psychologist, the speech and language therapist, and the district's Virtual Academy which is housed on the Macy campus. Macy has a full-functioning kitchen with an attached multi-purpose room that converts into a meeting hall or cafeteria with minimal effort. The district provides PowerSource, an Extended Learning Opportunities Program that offers exciting enrichment opportunities and after school child care open to all students at the Macy Campus. The district also coordinates a fee-based, before and after school, daycare program called OPTIONS, located at the southeast corner of the campus.

A major improvement project funded by the passage of Measure LL was completed at the Macy campus from January 2021 through July 2021. The project included much needed repair and updating to HVAC, sewer systems and roofing, as needed, on the classroom buildings. The school was temporarily relocated to Maybrook School at 11700 Maybrook Ave., Whittier, 90604.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Macy Elementary School values the home-school component of our campus life. At Macy, parents and extended relations of our students regularly help on campus. Volunteers allow Macy to sustain the programs and activities that make Macy a wonderful student-centered place to be. Families at Macy understand that it is the partnership between home and school that creates a strong and positive learning environment and when augmented by the expertise and caring of the teachers and staff at school, we are able to ensure a safe and industrious learning environment for our children.

The Parent Teacher Association (PTA) Executive Board works closely with the principal to set the goals of programming at Macy. Parents participate in numerous committees and chair positions. PTA members hold positions as active, contributing members of the Macy Elementary School Site Council. PTA Executive Board liaisons accompany the principal to district level information meetings where parent feedback is held in high regard; especially when it helps promote our programming and school activities. On any given day, a visitor to Macy will find numerous volunteers working in classrooms or on campus to help accomplish our goals for the week, the month, and the year.

Among other things, the Macy PTA runs the following events and programs during the year: Macy Trunk or Treat, Macy Reflection's Program, Macy Yearbook, Macy Family Nights (i.e. STEAM Night, Angel Night, Movie Night), Macy Kindergarten Picnic, Junior Achievement, Science Olympiad, fall and spring book fairs, Holiday and End-of-the-Year Parties, Macy Senior Friend's Day, Honorary Service Award Ceremony, The Macy Fun Run, assemblies, and class field trips. All parents and friends of Macy are encouraged to become involved in the PTA. Further event and calendar information, including PTA membership registration, can be found at Macy.LJSD.org.

Parents are also important members of school support programs such as Noon Duty Aide supervision and the volunteers who assist in the library.

2023-24 School Safety Plan

Macy School Site Council Review of Safety Plan: November 2023

Macy NIMS (National Incident Management System) Reviewed with site personnel: November 2023

At Macy we believe that all students have a right to learn in a safe and secure environment. In order to ensure student safety, Macy has drafted a School Safety Plan. This safety plan includes Macy's National Incident Management System (NIMS) which provides an organized response to a variety of incidents including major incidents such as: fire; earthquake, and lockdowns. It outlines a school emergency response team and includes organizational charts with responsibilities and duty descriptions for school personnel. Our Safety Plan also includes the use of CatapultEMS. All staff at Macy have been trained on CatapultEMS to ensure a dedicated emergency communication system that is clear and connected at all times with the school safety team, our teachers, the district, and law enforcement. Monthly fire drills are performed and a total evacuation disaster drill is practiced each trimester.

The School Safety Plan, in addition to the NIMS, also includes an alternate location for students and staff to relocate to in the event the campus is not inhabitable. It also contains contact information for various emergency agencies such as local police and fire departments. School Administration speaks to the local emergency agencies annually to ensure a quick and efficient response in the event of an emergency.

Professional Development

The staff in Lowell Joint School District is provided with numerous professional development opportunities throughout the year. Outside of their regularly scheduled staff and grade level meetings, the district administration, (principals and superintendent), meet as needed to review, discuss, and be trained in different areas of focus that are deemed appropriate: Thinking Maps, Common Core Standards (CCS), Explicit Direct Instruction (EDI), Visible Learning (VL), K-3 Guided Language Acquisition Design (GLAD) training, Standards-Based Reporting, Illuminate, differentiated instruction, assessment and testing, the Local Control Accountability Plan (LCAP), Professional Learning Collaboratives (PLC), textbook adoption, and English Language Learner instruction.

The teachers meet each week in regularly scheduled Grade Level Meetings, Professional Learning Collaboratives (PLC), and staff meetings, to plan and share new ideas or target areas of focus for curriculum, instruction, and management. When new textbook adoptions are being considered for the core areas, teachers take part in the publisher in-services on the appropriate implementation of the materials. Teachers are expected to have a say in the adoption process and are included, at the onset, in all reviews of instructional materials.

Guest presenters come to the District to in-service teachers in areas that include: the California State Standards, Science Instruction (OCDE), Thinking Maps, Explicit Direct Instruction, Mind Math, textbook alignments, differentiated instruction, classroom management, English Language Learner instruction, GATE Training and Certification (OCDE), and special education strategies as well as Special Education Information System (SEIS) compliance. The valued resources of our own internal and professional teaching staff are further utilized when necessary. Teachers may attend trainings hosted by their 'expert peers' and colleagues in the areas of miscue analysis; reading and math strategies; California Teachers of English Learners (CTEL) Training; the Writing Process; Science Technology Engineering and Mathematics (STEM) conference, etc. Once a focus area is identified, district and site-level in-services are provided to address the needs.

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Description:

Our goal in 2023/24 will be to continue the tradition of academic excellence at Meadow Green. Our students continue to rank among the highest performing elementary schools not only in the Whittier / La Habra area, but across the state of California on yearly California Smarter Balanced summative assessments in both English Language Arts and Math. Strong results on these rigorous assessments indicate that Meadow Green produces students who are college and career ready! In addition to a robust TK-6 general education program, we are also the proud home of Lowell Joint's preschool special education program, which provides early intervention for students 3-5 years of age who are eligible based on special needs assessments.

Citizenship, character education, and safety are also of the utmost importance at Meadow Green. We will also continue to develop students who exhibit traditional qualities and values, such as leadership, respect, responsibility, honesty, and integrity through our monthly character education themes and powerful PBIS program. Our staff at Meadow Green will teach, set, model, and reinforce expectations for our students. Students will receive positive recognition through monthly character assemblies and our PBIS systems. In conjunction with these powerful systems, Meadow Green staff utilize responsive classroom systems, social emotional learning, restorative practices, and affective statements to support a positive climate. Our student leaders support our students and campus climate through the research-based Orange County Department of Education Peer Assistance Leader (PAL) leadership development program.

Meadow Green students will continue to learn and master skills in technology that will prepare them for 21st century college and careers. Throughout the year students will utilize technology such as, 1:1 Chromebooks in grades 1-6, state-of-the-art interactive Viewsonic Boards and/or commercial flat panel displays in all classrooms, and a Science, Technology, Engineering, Art, and Math (STEAM) Lab for hands-on learning. Several classrooms also utilize Interactive ViewSonic boards to add interactive elements to daily lessons. Using technology regularly allows Meadow Green students to develop 21st century skills in the 4 Cs (communication, collaboration, creativity, and critical thinking). Students in all grades utilize computers and technology daily to prepare them for advanced classes at Rancho Starbuck and at the high school level. Students also receive weekly instruction in music thanks to the generous support of the Lowell Joint Education Foundation. Instruction in Art is also provided throughout the year.

Meadow Green Mission Statement:

The mission of Meadow Green Elementary School is to encourage students and staff to seek excellence in academic achievement and personal conduct. We are committed to fostering student self-direction, self-motivation, self-discipline, and the ability to recognize the importance of learning. We believe that a close partnership between home, school, and community is essential to our students' success in becoming productive citizens and life-long learners.

At Meadow Green Elementary School, we believe:

- that all students can learn, deserve access to a rich instructional program, and should have an equal opportunity to learn in a safe and nurturing environment.
- in teaching good citizenship skills and developing in students an appreciation of country.
- that all students are valuable and gain ability, self-esteem, and pride through their diligence, achievements and accomplishments.
- that the choices made today shape the world tomorrow.
- that kindness makes our school a better place.
- that hard work helps us reach our potential.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Core textbook adoptions are listed below. In ELA and Math the core program adoptions are all within the past 6 years and are aligned to California Common Core State Standards. After an extensive pilot in 2018/19, LJSD adopted Studies Weekly (K-5) and Discovery (grade 6) and are implementing that program starting in 2019/20. Savas Science was adopted starting in the 2022/23 school year after an extensive multi-year pilot of science programs.

For all curricular areas, Thinking Maps (TK-6) & iReady (K-6), and are used to support instruction. For Reading/Language Arts, the following are supplemental to the core materials: Scholastic News (TK-6), Reading Plus (3-6), Write From the Beginning (TK-6), Flocabulary (TK-6), (7) iReady (K-6). Additional supports for Mathematics include the Reflex Math (3-6) and iReady (K-6).

School Facility Conditions and Planned Improvements

Meadow Green school was built in 1962. There are 28 classrooms on campus. Safe and clean schools are fundamental necessities of a successful academic environment. Our Maintenance Department is proud to impart solutions and services integral to providing a safe environment conducive to learning. Safety inspections are held annually to ensure the maintenance of an optimal learning environment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	50		40		33	

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Meadow Green Elementary School parents are involved on many different levels. They are partners with the school as they work to get their children to school on time each day and as they assist in the completion of homework in a timely manner. Parents are encouraged to sign a learning compact at the beginning of the school year that outlines the responsibilities of teachers, students, and parents in the support of the educational program of our school. Parents are also active participants in raising funds that provide for school field trips and assemblies.

In addition, Parent Teacher Association (PTA) funds support the school-wide PRIDE Program that enhances student's Personal Responsibility In Daily Effort. All parents are invited to join the PTA. Parents also serve on the School Site Council, which is the primary site-based decision making body on campus. This council consists of school staff, teachers, and parents and makes decisions on major budget expenditures of Title I and School Improvement Programs and includes an English Language Advisory Committee (ELAC) parent who serves on the School Site Council (SSC). Potential parent members for the SSC are nominated by and voted in by their peers. Flyers for this process are sent home to all parents. SSC member parents play an active role in advising the school about priorities and concerns. Meadow Green also offers reading and literacy parent education support in the evenings to support parent engagement and education of students.

As volunteers, parents regularly assist in supporting classroom teachers and the educational program by assisting in the classroom. Those wishing to volunteer in the classroom directly contact the teacher. The PTA provides a forum for parents to participate regularly in school activities and functions such as student-centered activities and fund raisers. Parents are invited to attend monthly awards assemblies that honor students for citizenship and achievement. They accompany classes on field trips and assist with special projects and presentations at school. Meadow Green holds an annual Holiday Program, Fall Evening Event, 1st Grade Reading Night, and a Volunteer Tea, all aimed at inviting and encouraging parental involvement. Both Back-to-School Night and Open House are excellent opportunities for parents to participate in school functions and become an active part in the school and their child's education. There are also family engagement opportunities during Red Ribbon Week and Read Across America Week.

A number of software programs are also available online so that parents can actively encourage and engage their children in learning at home. These include the Reflex Math, iReady, and Reading Plus.

2023-24 School Safety Plan

Meadow Green Elementary School is committed to the safety and security of each student.

To maintain these conditions which contribute to the best possible learning environment, the School Safety Plan includes the following elements:

1. **School Crime Assessment:** Meadow Green Elementary School provides compiled school crime information each month for the California Safe School Assessment as mandated by the State of California. This information is analyzed at the school site to determine what steps may be taken to reduce incidents of crime.
2. **Child Abuse Reporting:** Teachers and other school employees are required by law to report any cases of suspected child abuse or child neglect. Reports are investigated by the Department of Social Services to determine if any follow-up on the report is necessary.
3. **Disaster Procedures and NIMS Report:** In order to ensure the safety of students and school personnel, the School Safety committee has created a comprehensive Disaster Preparedness Plan and specific emergency job duties for all staff are clearly defined in the NIMS Report. This Disaster Plan is revised and reviewed annually. Emergency fire drills are held once a month and evaluated for effectiveness. Lockdown and Earthquake drills are routinely practiced throughout the year.
4. **School Discipline:** Meadow Green Elementary School has created a school-wide discipline plan in order to communicate high standards and expectations and to hold students accountable for their behavior. The discipline plan is given to every student and reviewed in student assemblies or classroom presentations. Staff members consistently enforce the school-wide standards. Meadow Green also has a strong positive component to its discipline policy. This includes a PRIDE program of recognition for citizenship, good behavior, and responsibility. An awards program recognizes students for their positive choices. Upper grade students are invited to join the Bully Busters and their focus is to encourage and foster positive interaction

2023-24 School Safety Plan

between students at school. Meadow Green is in year two of developing our Positive Behavior Intervention Strategies Plan (PBIS). Tier two defines behavior expectations for all students, in all areas on campus as well as continues with our successful recognition program now in place. Tier two also details interventions and student success programs which are in place to assist a smaller population of children who need more assistance, guidance and frequent monitoring for improved behavior.

5. Sexual Harassment Policy: Meadow Green Elementary School strictly adheres to LJSD policies that prohibit sexual harassment or discrimination of any kind.

6. School-wide Dress Code: Meadow Green Elementary School believes that a clearly defined dress code contributes to a positive school environment. The primary standards for student dress and grooming include: the student should be neat and clean at school, and the student should not wear clothing that compromises safety or modesty or that is disruptive to the educational process. Each student receives annually a written copy of the school dress code.

7. Safe and Orderly Environment: Meadow Green Elementary School believes a safe and orderly environment is necessary to ensure a positive learning experience for all students. Regular supervision of students is the core of creating and maintaining a safe and orderly environment. Teachers, administrators, campus supervisors and parent volunteers consistently supervise and interact with students to reinforce behavioral expectations and safety standards. Staff, students, and parents are all encouraged to support a bully-free campus. Assemblies are held focusing on appropriate behavior with others, and all staff, parents, and students are encouraged to sign a kindness pledge. PBIS - Positive Behavior Intervention Strategies is in place.

The School Safety Plan is reviewed annually with staff. It was reviewed and updated and approved by SSC on September 21, 2023, which includes representation from certificated staff, classified staff, and parents / guardians. The plan is in compliance with SB 187 and is reviewed and approved by the LJSD Board of Trustees annually during the March meeting of the board of trustees.

Fiscal Year 2022-23 Types of Services Funded

Title I funds provide economic assistance to supplement the regular instructional program for educationally disadvantaged students. Expenditures include: Salaries and benefits for small group intervention during and outside of the school day, supplemental materials, supplemental supplies, technology, professional development/conferences, consultants, professional development for data analysis, curriculum development, and professional development, postage, non-capital equipment, and student field trips. Title I is utilized to support students in need of interventions at Meadow Green as a means to supplement and not supplant our CORE program. Meadow Green operates the Title I program as a school-wide Title I program, targeting achievement school-wide. Meadow Green transitioned from a targeted assistance to a school-wide program during the 2018/19 school year, as the number of students from socioeconomically disadvantaged backgrounds increased above 40% of the total school population.

Utilizing Title I and LCAP funds, Meadow Green provides Tier III support during and outside of the school day for students performing below grade level standards. Numerous software programs, which are utilized at school and can be accessed at home are also provided to all students.

Closing the achievement gap between high and low performing children and especially the achievement gap between minority and non-minority students, and between disadvantaged children and their more advantaged peers is a focus of Meadow Green School.

Title II funds are designated to improve teacher quality and increase the number of highly qualified teachers. The program focuses on research based strategies to prepare and train highly qualified teachers.

Title III funds are designated to ensure that students attain English proficiency and meet the same challenging academic achievement standards required of all students. Funds are used for translation, support services, instructional aides, supplemental books, and conferences.

Professional Development

Professional development is an on-going process throughout the year. District-wide, there are full non-student days throughout the year where teachers receive professional development in areas such as instructional technology, student engagement, data analysis, implementation of core and supplemental instructional programs. The early-release days are on Mondays and topics are developed based on teacher need. The specific focus for the full, nonstudent days of PD are as follows:

August 14, 2023- Thinking Maps, GLAD, Technology, and behavior support training.
 November 1, 2023- iReady, Writing, GLAD, Math, Behavior Management
 March 29 2024- Reading Strategies Best Practices

There were several early release Mondays that are also utilized for Site Professional Learning Community (PLC) meetings. At PLC meetings, staff focus on one or more of the four essential PLC areas (What do we want students to learn? How will we know students have learned? What will we do for students who have not learned? What will we do for students that have learned?). Site PLC focus areas are aligned with site goals and programs as developed by the School Site Council based on student achievement measures and are developed by the Principal in collaboration with staff. Topics for 2023/24 include:

September 11, 2023- iReady Data Analysis / Instructional Planning
 October 16, 2023- iReady Standards Mastery
 December 4, 2023- Healthy Classroom Training w/ district Nurse
 January 29, 2024- iReady- Using data from benchmark 2 to drive academic growth
 March 29, 2024- Implementation of 2024 CAASPP assessments in ELA, Math, and Science
 April 8 , 2024- End of year analysis / planning

In addition to PLC meetings, teachers also utilize early release Mondays for collaboration during instructional team planning with grade level and matriculation colleagues at both the site and district level.

Staff also receive other PD opportunities throughout the year to attend conferences and receive other trainings.

Areas include, but are not limited to data conferences with administration, STEAM conference, CUE conference, PALs, Restorative Practices, EDI, GLAD, Thinking Maps, and collaboration for data analysis and curriculum development.

Support for implementing programs and practices is on-going throughout the year. The Principal conducts classroom visits daily and provides on-going feedback and support. In addition, teachers are able to support one another through ITP time on Mondays. An instructional technology coach is also available to support development and implementation in that area. Finally, all grade levels receive several full days of sub release throughout the year to receive support from district Ed Services personnel.

This table displays the number of school days dedicated to staff development and continuous improvement.

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

SCHOOL PROFILE

Olita Elementary School is located on 950 S. Briercliff Drive in La Habra, California and is one of five elementary schools and one junior high school in the Lowell Joint School District. Our school serves students from Preschool through Sixth Grade with an enrollment of approximately 420 students. There are three special education classes on campus: one mild/moderate class for grades K-3, a mild/moderate for grades 4-6, and one moderate/severe class for medically fragile students grades K-8. Grades one through three have an average of 24 students, while grades four through six average 33 students per class. There are 19 teachers, 17 instructional aides, and 18 support staff.

Sixteen percent of the parent community have graduate degrees, while 60% percent have some college background or college degree. Eleven percent of parents only hold a high school diploma.

The ethnic distribution of enrollment finds 65% of students Hispanic, 15% of students in the not Hispanic or Latino group, with 15% of our students in other ethnic groups. Eight percent of students are English Language Learners.

The flavor of Olita Elementary School can best be captured in the yearly school-wide themes that we have had over the years: Olita Ranch - Roping in Knowledge, Olita Ranch - The Brand of Excellence, Camp Olita - The Adventure Begins, Camp Olita - The Adventure Continues, Olita Has Star Power - Watch Us Shine, We Celebrate Learning, We Are Olita's All-Star Team, We Cultivate Minds and Values - Watch Us Grow, Olita – a Sea of Knowledge, Olita - We Are Dino-Might! and Following Camp Olita's Academic Trail to Excellence. Each theme sets the tone for high expectations, attainment of excellence, and a lifetime adventure for learning.

The school's vision is for students to have enthusiasm for learning coupled with strong character traits that will carry them through the years as lifelong learners. This vision is the shared responsibility of students, staff, parents, and community. Staff stresses personal integrity, social responsibility, and our national heritage. Character building is a strong component of everyday instruction. We have a sequential, spiraled character education program that starts in Kindergarten and follows through to sixth grade. Monthly qualities are taught, rewarded, communicated to parents, and displayed on our marquee and monthly office bulletin board.

Teaming and collaborative planning have provided the backbone for a strong academic program that sets a school-wide vision where every part of the school skeleton is joined. Certificated and classified staff members work in harmony to provide a learning environment that is safe, creative, challenging, and appropriate for the various levels of learners. There is a common vision for behavior, student and staff recognition, excellence, and time on task.

Olita parents are actively involved in the education of their children. Parents work in classrooms and participate in fundraising and expanded curricular events. Parents serve on Olita's School Site Council and PTA Executive Board as well as PTA committees. Attendance at Back-to- School Night and Open House are extraordinary with classrooms averaging 85-100 percent.

MISSION STATEMENT

Our mission is to encourage each child to develop individual excellence and a desire for lifelong learning so that they can be contributing members of society. To accomplish this, we provide a positive, engaging, and challenging learning environment where all students are given equal access to the core curriculum. We believe that each child is a unique learner and that children thrive with personal recognition for academic progress and effort. With parents as partners, we have established a nurturing and supportive learning community, where staff work collaboratively and cohesively and share in the responsibility of assisting Olita students in demonstrating positive character traits, tolerance, social skills, effective communication, critical and creative thinking, problem solving, and decision making. Olita's learning environment supports and empowers each child to become a responsible and productive citizen.

School Facility Conditions and Planned Improvements

Olita School consists of seven major buildings with five bungalows. There are two wings for the primary classrooms and an additional two wings for the upper-grade classrooms. Preschool and Transitional Kindergarten is separated from the rest of the campus by an enclosed play yard. In addition to the classrooms there is a library, STEAM lab, speech/OT room, and a school psychologist's room. The central office houses the office manager's station, attendance clerk's office, nurse's office, principal's office, school psychologist's office, lounge, workroom, ELD instructor, with another building for the multi-use and kitchen. Olita underwent major renovations in 2020 for new roofing and HVAC systems as part of Measure LL.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	46		56		47	
Mathematics (grades 3-8 and 11)	42		40		33	

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Each year, the Parent Teacher Association (PTA) fills a 10-seat executive board with an accompanying support group that runs the committees. Parents work closely with the school to promote school spirit. The PTA conducts fundraisers, plans social events and assemblies, runs the Reflections Program, puts together a yearbook, organizes reading incentives, supports Red Ribbon Day, and conducts outreach programs. PTA has overwhelmingly supported the reading and math program at Olita.

During the school year, parents attend family science nights, the Fall Fun Fair, various family events, skate nights, picnics, and field trips. They are kept apprised of school events through the monthly voice mail, weekly mailings, outdoor marquee, School Messenger, Instagram and a monthly newsletter posted on our school web site. Parents also wear their Olita spirit shirts on Fridays and on field trips.

Parent speakers come to the classrooms and talk to the classes about their heritage, what they do for a living, or an interest or hobby. Parents cook foods from their culture to celebrate international holidays. We also have a group of parents who decorate the outside office windows with seasonal themes.

Parents are further involved in Student Study Team (SST) meetings, School Site Council (SSC), two parent conferences each year, as tutors in the classroom, assistants to the teacher, signing of assignment books, working as noon duty aides, plus intramural and physical education helpers. Many of our parents also volunteer at school helping students practice math facts, reading skills, and fun holiday activities. Parent involvement is very high on the Olita campus.

2023-24 School Safety Plan

The learning environment reflects an academic focus, and Olita maintains high expectations and standards for student achievement and behavior. Pride in the physical environment is stressed, and a safe and orderly campus is maintained. Olita's school programs help to provide a safe and appropriate learning environment for all students.

There are multiple and diverse opportunities for students to be recognized for their achievements, good behavior, and citizenship. Monthly award assemblies provide a time for the entire school to celebrate the accomplishments of the Olita children. Student of the Month, Citizen of the Month, Reading and Math Clubs are just a few of the awards presented at the assembly.

A school-wide discipline program is in place. Behavioral expectations are communicated to students, parents, and support staff. Guidelines for behavior are reviewed with all students, posted in each classroom and throughout the campus, as well as sent home to parents. A student referral system is in place to ensure student behavior is monitored and is fair and consistent. Students follow the district adopted dress code.

A comprehensive School Safety Plan has been developed where in case of disaster, all stakeholders know procedures and safety protocol expectations as explained in our National Incident Management System protocols. Drills for fire and earthquake evacuation procedures are practiced monthly. Each classroom has a backpack filled with essential items needed in an emergency, such as attendance forms, accountability sheets, band-aids, and basic first aid items. A supply of water is on campus, and each student brings a bag of nonperishable food items to have in case of emergency. These are stored in each classroom. Staff has been assigned to teams of search and rescue, student release, first aid, and student supervision. We practice a full walk-through drill each year where the school simulates disaster procedures. This plan will be reviewed at our next School Site Council meeting in December, 2023.

2023-24 School Safety Plan

Visitors on campus are expected to check in at the office with their ID run through the Raptor system. All visitors and staff wear an identification badge at all times while on campus. Our campus is secured throughout the school day. The staff helps to make the procedure for dismissal and pick-up of students safe.

Professional Development

Our teaching staff is continually seeking ways to improve their skills and the instructional program. Teacher training priorities are identified each year, and teachers and administrators participate in District and school-level in-service programs. All elementary schools are provided one shortened day per week for site-based in-services related to specific school goals. All schools participate in annual August in-services, after-school in-services, and various conferences throughout the year. Most teachers have been GLAD trained, Thinking Map and Write from the Beginning trained and are using strategies in their classrooms throughout the year. In 2021-2022, our district adopted new Science curriculum. For grades Kindergarten through sixth, we adopted Savvas. In 2019-20 Studies Weekly was adopted along with Discovery for 6th grade in the area of Social Studies. With each adoption there is professional development provided connected to the implementation of the program to address state standards. Textbooks and supplements are being used, along with the pacing guides designed by the publisher and Assistant Superintendent of Educational Services. Presently, our teachers are being trained in Thinking Maps as well as Write From the Beginning. Most teachers have been trained in Explicit Direct Instruction (EDI) through DataWorks. iReady is our program this year that we are using as a diagnostic and for learning support in both math and reading. Students take the diagnostic at the beginning of the school year and work toward improving their skills by spending at least 45 minutes each week in each subject. When students earn 70% or higher for passing rates, their proficiency levels increase. The program is individually designed to help students with skills at their levels. The students then take benchmarks throughout the year to monitor progress. We offer rewards for students who are meeting their iReady goals each month as well as at each trimester.

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Rancho-Starbuck Intermediate School is located in the unincorporated area of southeast Los Angeles County. We are part of the Lowell Joint School District and serve over 750 students in 7th and 8th grade. Rancho-Starbuck was constructed in 1958 and has enjoyed continuous upgrades and maintenance over the years. Our school offers a well stocked, upgraded library and 1:1 chromebooks for every student using the Google platform. Our Science, Technology, Engineering, and Mathematics (STEM) lab is complete with 30 computer work stations and professional engineering software. Our STEM lab and Art Department use a 3D printer for instructional purposes. All classrooms are fitted with projectors and TV screens or View Sonic boards. Our technology is regularly updated including document cameras in every classroom. Aeries, a parent/student portal, keeps students and parents regularly updated regarding student progress.

The staff at Rancho-Starbuck School currently has 32 fully-credentialed teachers teaching in their subject area and one part-time educator. Our school team consists of three SAI teacher specialists, one mild/moderate Special Day Class SAI classroom, a school psychologist, a part time English Language Development (ELD) teacher, a speech and language specialist, a part time choral music teacher and an instrumental music teacher. There are two administrators: a principal and assistant principal. A full time academic counselor is on staff. Additional support is provided by an office manager, school clerk, attendance clerk, a part-time health clerk, full-time librarian, instructional aides, three custodians, five noon duty aides and multiple days of counseling and school psychologist intern support.

Rancho-Starbuck Intermediate is known for its safe and orderly learning environment. The record of suspensions/expulsions is low and the school institutes a comprehensive school safety program. The staff places a high priority on developing responsible citizens through our Character Education and Responsibility * Effort * Attitude * Character * Honor (REACH) programs. Through this program, we emphasize the importance of each of these themes and we recognize students for their achievement. In addition to Rancho-Starbuck's strong academic program, we continue to provide outstanding programs in technology, music, art, drama, and a variety of elective offerings. Our instrumental music program is an award winning program receiving the Golden Bell award in the 2019-2020 school year and the CSBA Magna National Award in 2021. Rancho-Starbuck offers a STEM program complete with a technology lab and offers classes in Robotics, Advanced Computer Science and Music Production. Rancho-Starbuck also offers Design and Construction, a course where students actually design and build, getting a glimpse of future careers in construction. Rancho-Starbuck is proud to that our Advanced Computer Science course prepares students to take the AP Computer Science test at the end of the year. Each year we have junior high students pass the high school AP test, receiving college credit.

Our school offers a variety of leadership opportunities for students through our active ASB program. After school curriculum enrichment activities help to keep students involved and encourages each student to develop skills and interests including Jazz Band, Esports, Drumline, and Robotics. Additional after school opportunities include Science Olympiad, Junior Achievement, Competitive Drum Line, Journalism and Yearbook. A mentoring program called REACH Circle offers students an opportunity to enjoy a mentor relationship with school staff and an opportunity to offer community outreach opportunities. After school sports offers our students another way to get involved on campus. A variety of after school sports are offered during three sport seasons. Rancho-Starbuck believes in fostering a school wide college atmosphere.

All students have an opportunity for success at Rancho-Starbuck. Flex, an award winning program, provides students the opportunity to have additional instruction during the school day. Students are also offered additional enrichment classes once standards are mastered. iReady diagnostic scores and teacher-assigned lessons in English/Language arts and math help monitor student progress on state standards. Before school tutoring through Power Start and after school tutoring through Power Finish is offered to all students. Intervention classes during the school day are offered in Math and ELD support for our Language Learners. Pathway classes during the school day also offer targeted academic support as well as motivation and executive functioning support for struggling students. Literacy is promoted across the campus through Write From the Beginning and Beyond professional learning, and there is a school wide focus on California State Standards and 21st century learning. The mission statement promotes the development of character, passion and academic excellence in all students. These characteristics are promoted in all areas on the Rancho-Starbuck campus. In addition, students can opt into 0-period physical education to enroll in an additional elective. If a student chooses an additional elective in the arts, they qualify to be part of the TAC program (Theatre Arts Conservatory) which consists of additional opportunities in the Arts.

Rancho-Starbuck is proud to be a California Distinguished School, Gold Ribbon School and a four time recipient of the California Business for Education Award of Excellence. Rancho-Starbuck is a 2023 National School to Watch and a 2019, 2020 and 2023 Golden Bell recipient. Our staff is dedicated and nurturing; Rancho-Starbuck is an outstanding school!

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	2.80	2.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	2.80	2.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	15.2	12.1
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

School Facility Conditions and Planned Improvements

Rancho-Starbuck Intermediate School was built in 1958, and there are 44 classrooms on campus. We believe a safe and clean school is a fundamental necessity of a successful academic environment. Our Maintenance Department is proud to impart solutions and services integral to providing a safe environment conducive to learning. Safety inspections are held annually to ensure the maintenance of an optimal learning environment. The campus is well-manicured and lockers are refurbished yearly. Murals inside and outside of the campus add spirit and beauty to the campus. Front landscaping provides a welcoming appeal. Campus beautification is ongoing because we believe the appearance of our campus is important!

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Our parents work closely with Rancho-Starbuck Intermediate School to promote a positive environment and assist with the activities that make Rancho-Starbuck an exciting place to be. Our parent portal keeps parents regularly updated on individual student progress and school wide activities. We believe in the importance of strong parent partnerships on campus, and we are proud of our excellent Parent Teacher Association (PTA). We welcome our families through School Site Council (SSC), PTA, REACH, after school sports, and a variety of other parent involvement opportunities including Junior Achievement and Science Olympiad. Parent University, our 4 parent nights presented on campus each year, helps parents with cyber safety and social media, drugs and vaping education, college entrance, suicide prevention and social-emotional health and general academic and school success. With various constraints impacting the ability for parents to be on campus regularly, many opportunities have been presented using the platform of Zoom to keep parents involved and engagement in their child's education.

2023-24 School Safety Plan

Rancho-Starbuck believes that there must be a safe and orderly school environment for optimum learning to take place. School rules are clearly communicated to both students and parents and students are rewarded for positive behavior. There is a school-wide discipline plan and school rules are fairly and consistently enforced.

The campus is fully fenced to give protection from intruders. All visitors are asked to wear a visitor badge and sign in and out of the school through the use of the Raptor system. Rancho-Starbuck has monthly fire drills, quarterly earthquake drills, lock down drills, and the staff is trained in emergency procedures. We take a proactive approach to safety and include canine drug prevention visits to campus. Catapult is an online platform used internally for an emergency response.

The School Safety Plan is annually reviewed and updated (most recently October 2023) at school site council meetings. The plan is then sent to the Board of Education for approval in March annually. The following implementations endorse the plan: campus emotional, moral and practical assistance such as guidelines for discipline, a strictly enforced dress code, and counseling support for social and emotional wellness. Through a myriad of support services including social/emotional lessons known as our Kindness Campaign, students are given a voice on campus and the opportunity to problem solve and provide suggestions for improvement. Rancho-Starbuck also uses the CoVitality Universal Screener to take a proactive approach to student social-emotional wellness. This, along with an all staff effort to support students and an active parent support system, helps Rancho-Starbuck meet the needs of all students regarding safety and emotional health and wellness.

Fiscal Year 2022-23 Types of Services Funded

Title II funds are designated to improve teacher quality and increase the number of highly qualified teachers. The program focuses on research based strategies to prepare and train highly qualified teachers. Title III funds are designated to ensure that students attain English proficiency and meet the same challenging academic achievement standards required of all students. Funds are used for translation, support services, instructional aides, supplemental books, and conferences. Supplemental dollars also traditionally fund before and after school tutoring/homework help, an Intervention Coordinator to monitor and support struggling students through the FLEX program and credit recovery program, the school Counselor, additional intervention courses in English Language Arts, Mathematics, and English Language Development as well as support for STEAM and AP Computer Science.

Fiscal Year 2021-22 Teacher and Administrative Salaries

Professional Development

All staff members participate in district-level staff development throughout the year. GATE training, iReady Training, and Integrated ELD Training are an area of focus for the teachers. Professional development on California State Standards and implementation strategies are also on-going. Extensive training on Next Generation Science Standards has resulted in implementation of those standards in an integrated approach. School departments meet regularly to focus on the standards and provide differentiated instruction to our students. Staff members attend various professional development opportunities in their subject area and on overall student motivation at the junior high level. Truama informed teaching education has also been provided for teachers as well as inclusivity training. Rancho-Starbuck is a professional learning community that believes in the importance of staff collaboration. Weekly PLC staff collaboration helps create opportunities for staff to focus on student needs. The focus of staff development is always centered on student success at Rancho-Starbuck.
