## Lynbrook South Middle School

April 2025

Kaitlin GaNun  
Principal

Paul J. Lynch, Ph.D.  
Superintendent of  
Schools

Dear Sixth Grade Parents/Guardians and Students:

It is hard to believe, but we are beginning the scheduling process for seventh grade. You will have several choices to make regarding your child's program next year. **Please note that students are automatically scheduled for several classes.** Students who require special education services will have their program finalized at their annual review meetings. There are four subject areas where students must make selections. They are:

### Foreign Language

Your child will begin the formal study of a foreign language in Grade 7. Students have a choice between Spanish and Italian.

### Math

Students have a choice between Math 7 and Math 7 Accelerated. The Math 7 Accelerated will cover topics formally introduced in high school math. It is extremely important that students be placed in the appropriate math class. This course is a challenging one for students with a strong interest and ability in Mathematics. Your child's sixth grade Math teacher has provided recommendations for the seventh grade Accelerated Math course. This will be designated with an "A" on the recommendation. It is the Lynbrook School District policy to allow all students the opportunity to enroll in accelerated academic courses. Please consider speaking with your child's teacher or Guidance Counselor if you are unsure of your child's placement.

In order to access your child's course recommendations, please log-in to PowerSchool using a personal computer, NOT the mobile app. Click on the Grades/Attendance tab and look for the Z1 column which indicates teacher recommendations.

A : Math 7 Accelerated  
[ i ] : No recommendation

### Music

Students have a choice between band, chorus, and orchestra. Students are encouraged to continue with the music course they have taken previously. Students are permitted to register for more than one music performance course.

### Elective Courses

Students will have the opportunity to select electives through a future elective course handout. They will be scheduled for as many electives as their program allows, based on the course selections made. Please note that elective assignments may be subject to staffing availability and master schedule constraints. While we will do our best to accommodate preferences, there is no guarantee that students will be placed in their first-choice elective. Additionally, some students may be assigned academic or special services in place of music or other elective courses. Please be aware that your academic course selections will influence your overall schedule and may impact the electives available to you.

Please note, some students may receive academic or special services instead of music or elective courses.

**In an effort to help us with the scheduling process, please complete the attached Course Selection Sheet and return it to the Main Office at South no later than April 9, 2025.**

Sincerely,

Kaitlin GaNun  
Principal
