<p>Course Description:</p>	<p><u>On-Level:</u> To help students prepare for college and future careers, the foundation for 7th Grade Language Arts stems from the Alabama College and Career Ready Standards for incoming 7th graders who will eventually progress to 8th Grade Language Arts. The content standards focus on four specific areas: reading, writing, speaking/listening, and language. In 7th Grade, students will have the opportunity to develop specific skills that will progress throughout their middle and high school careers. The reading standards concern students analyzing literature and informational text. Through this analysis, they will determine how literary devices interact, identify central themes, examine the author's craft, and support their findings with textual evidence. In writing, students will construct clear and coherent writing in the basic modes – narrative, expository, and persuasive – while being supported through the writing process. In addition, they will be guided through the research process. According to the listening and speaking content standards, learners will engage effectively in collaborative discussions and presentations. Students will adapt speech to a variety of contexts and tasks along with analyzing the ideas of others. Lastly, within the language core, a command of Standard English conventions, when writing and speaking will be demonstrated, along with the acquisition of general academic and domain specific words. Outside reading and summer reading are required.</p> <p><u>Honors:</u> To help students prepare for college and future careers, the foundation for 7th Grade Language Arts stems from the Alabama College and Career Ready Standards for incoming 7th graders who will eventually progress to 8th Grade Honors Language Arts. The primary goals of the course are to foster independent learning, encourage in-depth exploration of the content, and develop academic habits of mind. Grading:	<p>Test grades will account for 60% of the 9-weeks grade, with the remaining (40%) being determined by quiz/daily grades. The grading scale is as follows: A (90-100), B (80-89), C (70-79), D (65-69), and F (below 65). Grades will be a reflection of mastery of the standards. Make sure all absences are excused as work can be made up and graded for excused absences only.</p> <p>Any work that is not submitted will receive a grade of 0 until it is turned in and graded. It will also be noted with "missing" in the gradebook. Late work is graded at the teacher's discretion.</p>
Make-up Work:	<p>Under normal circumstances, it is expected that students will submit <u>previously</u> assigned work upon return to school after an excused absence. All work missed on the day(s) of excused absences must be made up within three school days of returning. It is the responsibility of the student to ensure he or she makes up work following excused absences.</p> <p>Students will not receive credit for and will not be allowed to make up any assignments, tests, work, activities, etc., missed during unexcused absences. (DMS 2024-2025 Student Handbook).</p> <p>Missing quizzes or tests should never be attempted outside of the classroom environment. Students who take quizzes or tests outside of the classroom will receive a zero.</p>
Late Work:	<p>For work turned in late, the following policy will apply:</p> <ul style="list-style-type: none"> • The assignment will drop one LETTER grade for each school day that passes. Until work has been made up, "Missing" (which counts as a zero) will be put in the grade book. This will be updated once work is completed and turned in.
Accommodations:	<p>Requests for accommodations for this course or any school event are welcomed from students and parents.</p>
Turnitin Notice:	<p>The majority of writing assignments in this course will be submitted to Turnitin via the Schoology learning platform. The primary focus of this software is to help students become better writers and scholars. Turnitin generates a report on the originality of student writing by comparing it with a database of periodicals, books, online content, student papers, and other published work. This program will help students discern when they are using sources fairly, citing properly, and paraphrasing effectively - skills essential to all academic work.</p>

	Students will have the opportunity to review their Turnitin originality report and will have the opportunity to make revisions before submitting their work for grading. Once their work is submitted, teachers have the opportunity to view the student's originality report and grade accordingly.
