Unacceptable behavior can be categorized as disruption, disrespect, and defiance. Unacceptable behavior will not be tolerated.

Accommodations: Requests for accommodations for this course or any school event are welcomed from students and parents.

MCS Technology Policy: If technology is needed in the classroom, then school issued chromebooks must be used. Personal electronic devices can only be used at the teacher's discretion. Turnitin Notice: The majority of writing assignments in this course will be submitted to Turnitin via the Schoology learning platform. The primary focus of this software is to help students become better writers and scholars. Turnitin generates a report on the originality of student writing by comparing it with a database of periodicals, books, online content, student papers, and other published work. This program will help students discern when they are using sources fairly, citing properly, and paraphrasing effectively - skills essential to all academic work.

Students will have the opportunity to review their Turnitin originality report and will have the opportunity to make revisions before submitting their work for grading. Once their work is submitted, teachers have the opportunity to view the student's originality report and grade accordingly.

The grading scale is as follows: A (90-100%), B (80-89), C (70-79), D (65-69), and F (below 65). Grades will be a reflection of mastery of the standards. Make sure all absences are excused as class work can be made up and graded for excused absences only. The final exam counts for 20% of the final grade.

Grading: Students should have access to Schoology and PowerSchool

Without these accounts, students will not be able to view content/ lessons and complete/submit assignments for grading.
