

Welcome

Welcome to the 2023-24 school year. I am excited to start a new school year in our comprehensive development classroom, where our curriculum focuses on academic instruction at your child's individual instructional level. We also focus on independent living skills, social skills, and vocational skills. All necessary school supplies have been provided. Mrs. Lombardo will have an Amazon "wish list" on our class Dojo App, if you would like to purchase an item from there.

Communication and parent involvement is essential for a successful school year. My contact information is listed below. Feel free to contact me anytime. I do better with text messages. I also coach football and will not be available to communicate after school.

Thank You

John M. Moore
