### **Curriculum**

Work-Based Learning: Career Practicum is a capstone course intended to provide students with opportunities to apply the skills and knowledge learned in previous CTE and general education courses within a professional work environment. The course allows students to earn high school credit for select models of work-based learning, which allow students to interact with industry professionals in order to extend and deepen classroom work and support the development of postsecondary and career readiness knowledge and skills.

### **Overview**

Students in the CHS yearbook class have been through Digital Arts at least twice unless otherwise permitted by Mr. Potter. Once the school year begins, students will work out individual responsibilities, such as page design, travel contacts, event photography, and more! All of my yearbook students will have the freedom to sign out of the building to run errands unless otherwise specified by the parents or guardians. Students may also have to be photographed for social media posts or other yearbook related work. Other than working on the yearbook, students will produce a portfolio of work created, a resume, and a class presentation.

### **Student Expectations**

Students in this class have had Mr. Potter before and have been approved to be a part of the yearbook. I expect each of these students to be on their very best behavior at all times, and to bring their best work to the class. Because each student will have different responsibilities, most grades will be entered as weekly progress grades. If issues arise, Mr. Potter will contact parents to discuss and hopefully remedy any negative situation. In the event that a student neglects his or her yearbook work for too long, they may be removed from the yearbook class.

### **Student/Parent Agreement**

By signing below, you are signifying that you have read the syllabus and understand what is expected of your child while attending Mr. Potter's Yearbook class this year. You are also signifying that you give your consent for your child's photos to be taken for school assignments. Feel free to email me with any questions you may have! In addition to your signature, please include your preferred contact information below. I look forward to working with your student and having a great school year!
