Legacy Coffee Co.

Meet the Owner/Founder of Legacy Coffee Co: Joshua Merrill

Joshua Merrill, husband, father, entrepreneur, coffee and people lover... began Legacy Coffee Co. in a truck six years ago and now has a brick and mortar located at 2549 Nashville Hwy Columbia, TN 38401. Joshua created Legacy Coffee Co. because he wanted to honor our service members and to create a place where people could connect over a great cup of coffee. His favorite thing is to see the smiles that come in; people enjoying one another's company. He feels there is nothing better than to see strangers begin to speak to one another, make a random connection and become fast friends.

Legacy Coffee is known for their air roasted coffee. It has a surprisingly low acidity with a great smooth flavor. They have a wide selection of signature espresso beverages, all made with their house roasted fluid bed espresso, classics like mochas and lattes. You will find that they have a great selection of

muffins, cookies and breakfast burritos. You can take some of their delicious coffee home with you in four different ways: whole beans, ground, k-cups or in a cup that was freshly brewed for you!

Joshua could not do this without the love and support of his wife and three boys! (They are expecting a little girl very soon too!) He has lived in Spring Hill TN for the past 26 years and feels that there is nothing better than being able to open a business in the community you live in and employ people within our city.

As a part of their contribution in giving back they offer a 10% discount to all Teachers, Military, First responders and the like.

If you have not been in yet, GO!!! Make new friends, enjoy a great cup of coffee!

Thank you, Legacy Coffee Co., for your continued support of MCPS and for being a vendor partner!
