## Good Morning

### Message for Today

New students are usually in the routing system within 24 hours of Transportation being notified of their registration.

### Here are few basic instructions for using InfoFinder

To look up route information for students enrolled in your school, click on the **Students** link on the navigation bar across the top of any page.

The **Student Search** form will display.

Enter the desired criteria and click the **Search** button. The more criteria you enter, the narrower the results.

Each Student's name is a hyperlink to their Student record. Click on the link to access details about a specific Student.

Detailed information about the Student is displayed across the various tabs.

The Map tab is currently non-functional. If you get a Google Maps API error message, just click OK.

To return to the list from a student record, click the **Return to List** button.

Click on the **Home** button to return to the home page.

To logout of the system mouse over the **Options** link on the navigation bar across the top of any page, and then click on **Logout**.

Click around to get a feel for navigating the pages.

If you forget or lose your password, email [wgilberg@mineola.k12.ny.us](mailto:wgilberg@mineola.k12.ny.us) to reset.

Have a great day!
