

School Related Injuries:

When a student is injured in school or during a school related activity, it should be reported to the teacher, coach and nurse at the time of the injury. If the student receives medical treatment due to the injury, an accident report must be filed. Students who are seek medical treatment, must submit a physician's note detailing allowed activity or date of return to full activity.

The Mineola UFSD has insurance with Pupil Benefits Plan (PBP).

- This policy is ONLY in EXCESS of those benefits payable under family policies.
- Insurance claims are first to be filed with the parent/guardian's primary carrier
- After final settlement from the primary carrier, a completed PBP form along with itemized bills is to be filed by the parent/guardian with PBP.
- A physician's discharge date and allowance to return to activity terminates benefits for that injury.
