SUBJECT: ABSENTEE BALLOTS

The Board authorizes the District Clerk to provide absentee ballots to qualified District voters. Absentee ballots will be used for the election of Board members and District public library trustees, the adoption of the annual budget, and District public library budget and referenda.

A District voter must request in advance an application for an absentee ballot. The voter must complete the application and state the reason he or she will not be able to appear in person on the day of the District election/vote for which the absentee ballot is requested. The application must be received by the District Clerk no earlier than the thirtieth day before the election/vote. The application must be received by the District Clerk at least seven days before the election/vote if the ballot is to be mailed to the voter or the day before the election/vote if the applicant or his or her agent delivers the application to the District Clerk in person.

A qualified District voter is eligible to vote by absentee ballot if he or she will be:

- a) Absent from the county of his or her residence;
- b) Unable to appear at the polling place because of illness or physical disability, or duties related to the primary care of one or more individuals who are ill or physically disabled, or because he or she will be or is a patient in a hospital;
- c) An inmate or patient of a veteran's administration hospital; or
- d) Absent from his or her voting residence because he or she is detained in jail awaiting action by a grand jury or awaiting trial, or confined in jail or prison after a conviction for an offense other than a felony, provided that he or she is qualified to vote in the election district of his or her residence.

Statements on the application for absentee ballot must be signed and dated by the voter.

A voter's absentee ballot must reach the Office of the District Clerk not later than 5 p.m. on the day of the election/vote in order that his or her vote may be canvassed.

Qualified District voters who are unable to personally appear at the polling place because of a permanent illness or physical disability and whose registration record has been marked "permanently disabled" pursuant to law are entitled to receive an absentee ballot without application.

A list of all persons to whom absentee ballots have been issued will be maintained in the Office of the District Clerk and made available for public inspection during regular office hours until the day of the election/vote. Any qualified voter may, upon examination of this list, file a written challenge of the qualifications as a voter of any person whose name appears on this list, stating the reason for the challenge. The written challenge will be transmitted by the District Clerk to the election inspectors on the day of the District election/vote. In addition, any qualified voter may challenge the acceptance of the absentee voter's ballot of any person on this list by making his or her reasons known to the election inspector before the close of the polls.

SUBJECT: ABSENTEE BALLOTS (Cont'd)**Military Ballots**

The Board authorizes the District Clerk to provide military ballots to military voters to be used for the election of Board members and District public library trustees, the adoption of the annual budget, and District public library budget and referenda.

A military voter is:

- a) A qualified voter of New York State who:
 - 1. Is in actual military service and, by reason of that military service, is absent from the District on the day of registration or election; or
 - 2. Is discharged from that military service within 30 days of an election; or
- b) A spouse, parent, child, or dependent of the previously described voter, accompanying or being with that voter, if a qualified voter of New York State and a resident of the District.

A military voter may designate a preference to receive a military ballot application or a military ballot by mail, fax, or email. This designation will remain in effect until revoked or changed by the military voter. If a military voter does not designate a preference, a military ballot application or a military ballot will be provided to the military voter by mail.

Military ballots will be distributed as soon as practicable, but no later than 25 days before the election/vote.

Three days before the first day for distribution of military ballots, the names of all candidates duly nominated for public office and the amendments, referenda, propositions, and questions to be voted for on the ballots will be determined. If, at a later date, the nomination of any candidate named on a military ballot is found invalid, the ballot will still be valid, but no vote for the invalid candidate will be counted in the election/vote.

A voter's military ballot must be received by the Office of the District Clerk not later than 5 p.m. on the day of the election/vote in order that his or her vote may be canvassed at which point the military ballot will be processed in the same manner as absentee ballots.

All military ballot applications and military ballots must be returned by mail or in person.

SUBJECT: VISITORS TO THE SCHOOL

In an effort to increase school security and limit trivial entry into buildings the District has created reception areas in all District buildings. All visitors will not be permitted to enter the building without showing proper identification. Moreover the purpose of the visit must be known by the building principal. Visitations to classrooms for any purpose require permission in advance from the building principal in order to allow teachers the opportunity to arrange their schedules to accommodate these requests.

When individual Board members visit the schools, they must abide by the regulations and procedures developed by the administration regarding school visits.

All visitors must comply with the District's *Code of Conduct*.

Electronic Visitor Management System

The District utilizes an electronic visitor management system (EVMS) in order to ensure the safety and welfare of its students, staff, and guests. When any visitor, including parents and volunteers, wishes to enter any school building during school hours, he or she must present a valid state or government issued photo ID, such as a valid driver's license. Prior to entry being permitted, the EVMS will check visitors against known sexual offender databases. Once the visitor's ID is scanned, the EVMS will print a visitor's badge which must be worn throughout the duration of the visit. Visitors should return this badge at the end of their visit so that they may be checked out of the building in a timely fashion. Visitors who refuse to produce IDs or fail the check of sexual offender databases, may be asked to either wait in the school building lobby or to leave school premises.

SUBJECT: USE OF ASSISTANCE ANIMALS

The District recognizes the importance of service animals and affirms its commitment to allowing the use of these animals by individuals with disabilities on school grounds to facilitate their full participation in and equal access to District services, programs, and activities. Service animals are distinguished from emotional support, therapy, comfort, or companion animals. The District will comply with all applicable federal and state laws and regulations related to service animals.

The District does not permit the use of therapy dogs on school grounds.

Service Animals

A service animal is defined as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals.

The work or tasks performed by a service animal must be directly related to the individual's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition. Psychiatric service animals that have been trained to take a specific action to help avoid an anxiety attack or to reduce its effects, however, may qualify as a service animal.

Where reasonable, the Board also allows the use of miniature horses on school grounds by individuals with disabilities. This use will only be permitted where a miniature horse has been individually trained to do work or perform tasks to benefit an individual with a disability. The use of miniature horses by individuals with disabilities is subject to the considerations and restrictions permitted by federal and/or state law.

The Superintendent or designee may create procedures, regulations, and/or building-specific rules regarding the use of service animals and miniature horses on school grounds by individuals with disabilities.

SUBJECT: USE OF SCHOOL FACILITIES, MATERIALS, AND EQUIPMENT**School Facilities**

It is the policy of the Board to encourage the greatest possible use of school facilities for community-wide activities including those uses permitted by New York law. Individuals or groups wishing to use the school facilities must secure written permission from the Board or its designee and abide by the rules and regulations established for use, including restrictions on alcohol, tobacco, and drug use. All visitors must comply with the District's *Code of Conduct*.

The District reserves the right to charge a fee for the use of its facilities in a manner consistent with law, and on terms specified in regulation or by agreement with these organizations.

Materials and Equipment

Except when used in connection with, or rented under provisions of Education Law Section 414, school-owned materials or equipment may be used for school-related purposes only. Private or personal use of school-owned materials and equipment is strictly prohibited. The loan of equipment and materials for public purposes that serve the welfare of the community is allowed, as long as the equipment is not needed at that time for school purposes and that the proposed use will not disrupt normal school operations.

The Board will permit school materials and equipment to be loaned to staff members when such use is directly or peripherally related to their employment, and to students when the material and equipment is to be used in connection with their studies or extracurricular activities. Community members will be allowed to use school-owned materials and equipment only for educational purposes that relate to school operations. The Board will also allow the loan of equipment to local governments and other entities that benefit the welfare of the surrounding community. The Board supports this inter-municipal cooperation as it saves taxpayer monies and is a more efficient use of scarce or costly equipment and resources.

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT**Overview**

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses complaints of discrimination and/or harassment made under applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

In accordance with applicable federal and state laws and regulations, the District does not discriminate on the basis of any legally protected class or category in its education programs and activities or when making employment decisions. Further, the District prohibits discrimination and harassment on school property and at school functions on the basis of any legally protected class including, but not limited to:

- a) Race;
- b) Color;
- c) Religion;
- d) Disability;
- e) National origin;
- f) Sexual orientation;
- g) Gender identity or expression;
- h) Military status;
- i) Sex;
- j) Age; and
- k) Marital status.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of discrimination and/or harassment. The District will promptly respond to reports of discrimination and/or harassment, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Scope and Application

This policy outlines the District's general approach to addressing complaints of discrimination and/or harassment. This policy applies to the dealings between or among the following parties on school property and at school functions:

- a) Students;
- b) Employees;
- c) Applicants for employment;
- d) Paid or unpaid interns;
- e) Anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace;
- f) Volunteers; and
- g) Visitors or other third parties.

Further, discrimination and/or harassment that occurs off school property and somewhere other than a school function can disrupt the District's educational and work environment. This conduct can occur in-person or through phone calls, texts, emails, or social media. Accordingly, conduct or incidents of discrimination and/or harassment that create or foreseeably create a disruption within the District may be subject to this policy in certain circumstances.

Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* may address misconduct related to discrimination and/or harassment and may provide for additional, different, or more specific grievance procedures depending on a number of factors including, but not limited to, who is involved, where the alleged discrimination and/or harassment occurred, and the basis of the alleged discrimination and/or harassment. These documents must be read in conjunction with this policy.

The dismissal of a complaint under one policy or document does not preclude action under another related District policy or document.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)****Definitions**

For purposes of this policy, the following definitions apply:

- a) "School property" means in or within any building, structure, athletic playing field, playground, parking lot, or land contained within the real property boundary line of any District elementary or secondary school, or in or on a school bus or District vehicle.
- b) "School function" means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.

What Constitutes Discrimination and Harassment

Determinations as to whether conduct or an incident constitutes discrimination and/or harassment will be made consistent with applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. These determinations may depend upon a number of factors, including, but not limited to: the particular conduct or incident at issue; the ages of the parties involved; the context in which the conduct or incident took place; the relationship of the parties to one another; the relationship of the parties to the District; and the protected class or characteristic that is alleged to have been the basis for the conduct or incident. The examples below are intended to serve as a general guide for individuals in determining what may constitute discrimination and/or harassment. These examples should not be construed to add or limit the rights that individuals and entities possess as a matter of law.

Generally stated, discrimination consists of the differential treatment of a person or group of people on the basis of their membership in a legally protected class. Discriminatory actions may include, but are not limited to: refusing to promote or hire an individual on the basis of his or her membership in a protected class; denying an individual access to facilities or educational benefits on the basis of his or her membership in a protected class; or impermissibly instituting policies or practices that disproportionately and adversely impact members of a protected class.

Generally stated, harassment consists of subjecting an individual, on the basis of his or her membership in a legally protected class, to unwelcome verbal, written, or physical conduct which may include, but is not limited to: derogatory remarks, signs, jokes, or pranks; demeaning comments or behavior; slurs; mimicking; name calling; graffiti; innuendo; gestures; physical contact; stalking; threatening; bullying; extorting; or the display or circulation of written materials or pictures.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

This conduct may, among other things, have the purpose or effect of: subjecting the individual to inferior terms, conditions, or privileges of employment; creating an intimidating, hostile, or offensive environment; substantially or unreasonably interfering with an individual's work or a student's educational performance, opportunities, benefits, or well-being; or otherwise adversely affecting an individual's employment or educational opportunities. Petty slights or trivial inconveniences generally do not constitute harassing conduct.

Civil Rights Compliance Officer

The District has designated the following District employee(s) to serve as its CRCO(s):

Laurie Melesh, Supervisor of Special Education
2400 Jericho Turnpike, Garden City Park, NY 11040

Where appropriate, the CRCO(s) may seek the assistance of other District employees, such as the District's Title IX Coordinator(s) or Dignity Act Coordinator(s) (DAC(s)), or third parties in investigating, responding to, and remedying complaints of discrimination and/or harassment.

Reporting Allegations of Discrimination and/or Harassment

Any person may report discrimination and/or harassment regardless of whether they are the alleged victim or not. Reports may be made in person, by using the contact information for the CRCO, or by any other means that results in the CRCO receiving the person's oral or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for the CRCO.

Reports of discrimination and/or harassment may also be made to any other District employee including a supervisor or building principal. All reports of discrimination and/or harassment will be immediately forwarded to the CRCO. Reports may also be forwarded to other District employees depending on the allegations.

All District employees who witness or receive an oral or written report of discrimination and/or harassment must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

In addition to complying with this policy, District employees must comply with any other applicable District policy, regulation, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*. Applicable documents include, but are not limited to, the District's policies, regulations, and procedures related to Title IX, sexual harassment in the workplace, and the Dignity for All Students Act (DASA).

If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Grievance Process for Complaints of Discrimination and/or Harassment

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of discrimination and/or harassment based on any legally protected class and will promptly take appropriate action to protect individuals from further discrimination and/or harassment. The CRCO will oversee the District's investigation of all complaints of discrimination and/or harassment. In the event an anonymous complaint is filed, the District will respond to the extent possible.

If an investigation reveals that discrimination and/or harassment based on a legally protected class has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Knowingly Makes False Accusations

Any employee or student who knowingly makes false accusations against another individual as to allegations of discrimination and/or harassment will face appropriate disciplinary action.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of discrimination and/or harassment.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

Where appropriate, follow-up inquiries will be made to ensure that the discrimination and/or harassment has not resumed and that those involved in the investigation have not suffered retaliation.

SUBJECT: EXTRAORDINARY CIRCUMSTANCES

The District considers the safety of its students and staff to be of the utmost importance and is acutely aware that extraordinary circumstances such as widespread illness, natural disaster, or other emergency situation may make District premises unsafe or otherwise interrupt the District's ability to effectively operate.

In these circumstances, the District will follow its previously developed policies, procedures, and plans including, but not limited to, the District-wide school safety plan and building-level emergency response plan(s). To the extent that any District policy, procedure, or plan is in any way inconsistent with or conflicts with federal, state, or county law, regulation, or executive order released for the purpose of addressing the extraordinary circumstance, the federal, state, or county law, regulation, or executive order will govern. Additionally, the Board may adopt resolutions or take other actions as needed to respond to changes in federal, state, or county law, regulation, or executive order to provide further direction during an extraordinary circumstance.

Adopted:

SUBJECT: BUDGET PLANNING AND DEVELOPMENT

Budget planning and development for the District is an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the District. Budget planning is a year-round process involving participation of District-level administrators, principals, directors, coordinators, teachers, and other personnel. The process of budget planning and development will allow for community input and opportunities for public information and feedback.

The Superintendent has overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

Principals will develop and submit budget requests for their particular schools in conjunction with the advice and suggestions of staff members and their own professional judgment. Each school's budget request will be the principal's recommendation as to the most effective way to use available resources in achieving progress toward the approved educational objectives of the school. Program budgets and school budgets will reflect state and/or federal requirements, special sources of funding, and District objectives and priorities.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the District's educational priorities.

All budget documents for distribution to the public will be in plain language and organized in a manner which best promotes public comprehension of the contents. Documents will be complete, and accurate, and contain sufficient detail to adequately inform the public regarding data such as estimated revenues, proposed expenditures, transfers to other funds, fund balance information, and changes in this information from the prior year's submitted budget.

In accordance with Commissioner's regulations, the budget will be presented in three components which are to be voted upon as one proposition. The law prescribes the types of items to be included in each component and further prescribes that all relevant costs be included in the component.

- a) A program component which will include, but need not be limited to, all program expenditures of the District, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses;
- b) A capital component which will include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments and tax certiorari proceedings or the payment of awards from court judgments, administrative orders or settled or compromised claims; and all facilities costs of the District, including facilities lease expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the District, and the costs of construction, acquisition, reconstruction, rehabilitation or improvement of school buildings, provided that such budget will include a rental, operations, and maintenance

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

section that includes base rent costs, total rent costs, operation and maintenance charges, cost per square foot for each facility leased by the District, and any and all expenditures associated with custodial salaries and benefits, service contracts, supplies, utilities, and maintenance and repairs of school facilities; and

- c) An administrative component which will include, but need not be limited to, office and central administrative expenses, traveling expenses and all compensation, including salaries and benefits of all school administration and supervisors, business administrators, superintendents of schools and deputy, assistant, associate or other superintendents under all existing employment contracts or collective bargaining, any and all expenditures associated with the operation of the Office of the Board, the Office of the Superintendent, General Administration, the School Business Office, consulting costs not directly related to direct student services and programs, planning, and all other administrative activities.

Additionally, the Board will append to the proposed budget the following documents:

- a) A detailed statement of the total compensation to be paid to the Superintendent, and any Assistant or Associate Superintendent in the ensuing school year, including a delineation of the salary, annualized cost of benefits and any in-kind or other form of remuneration;
- b) A list of all other school administrators and supervisors, if any, whose annual salary for the coming school year will be at or above that designated in law for such reporting purposes, with the title of their positions and annual salary identified;
- c) A School District Report Card, prepared pursuant to Commissioner's regulations, which includes measures of the academic performance of the District, on a school by school basis, and measures of the fiscal performance of the District (see subheading School District Report Card);
- d) A Property Tax Report Card prepared in accordance with law and Commissioner's regulations (see subheading Property Tax Report Card); and
- e) A Tax Exemption Report prepared in accordance with law (see subheading Tax Exemption Report).

The Board will ensure that unexpended surplus funds (i.e., operating funds in excess of 4% of the current school year budget, not including funds properly retained under other sections of law) have been applied in determining the amount of the school tax levy.

The proposed budget for the ensuing school year will be reviewed by the Board and publicly disseminated, in accordance with law, prior to its submission to District voters for approval.

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

District funds may be expended to inform the public regarding the annual budget and to present the annual budget to District voters; however, these funds will not be utilized to promote either a favorable or negative opinion of the proposed budget.

School District Report Card

Each year the District will supply data as required by the State Education Department (SED) and will receive a School District Report Card, sometimes referred to as a New York State Report Card. These provide enrollment, demographic, attendance, suspension, dropout, teacher, assessment, accountability, graduation rate, post-graduation plan, career and technical education, and fiscal data for public and charter schools, districts, and the state. The School District Report Cards consist of three parts:

- a) Accountability and Overview Report - shows District or school profile data, accountability statuses, data on accountability measures such as ELA, Math, and Science scores, and graduation rates.
- b) Comprehensive Information Report - shows non-accountability data such as annual Regents examination results and post-graduate plans of students completing high school.
- c) Fiscal Accountability Supplement - shows expenditures per pupil and some information about placement and classification of students with disabilities.

School District Report Cards are also available online at the SED website.

Property Tax Report Card

Each year, the Board will prepare a Property Tax Report Card, pursuant to Commissioner's regulations, and will make it publicly available by transmitting it to local newspapers of general circulation, appending it to copies of the proposed budget made publicly available as required by law, making it available for distribution at the Annual Meeting, and otherwise disseminating it as required by the Commissioner.

The Property Tax Report Card will include:

- a) The amount of total spending and total estimated school tax levy that would result from adoption of the proposed budget, and the percentage increase or decrease in total spending and total school tax levy from the District budget for the preceding school year; and
- b) The projected enrollment growth for the school year for which the budget is prepared, and the percentage change in enrollment from the previous year; and

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

- c) The percentage increase in the average of the Consumer Price Indexes from January first of the prior school year to January first of the current school year as defined in Education Law; and
- d) The projected amount of the adjusted unrestricted fund balance that will be retained if the proposed budget is adopted; the projected amount of the adjusted restricted fund balance; the projected amount of the assigned appropriated fund balance; the percentage of the proposed budget that the adjusted unrestricted fund balance represents; the actual adjusted unrestricted fund balance retained in the District budget for the preceding school year; the percentage of the District budget for the preceding school year that the actual adjusted unrestricted fund balance represents; and a schedule of reserve funds setting forth the name of each reserve fund, a description of its purpose, the balance as of the close of the third quarter of the current fiscal year, and a brief statement explaining any plans for the use of each reserve fund for the ensuing fiscal year; and
- e) The District's school tax levy limit calculation. The District will submit its school tax levy limit calculation to the Office of the State Comptroller, NYSED, and the Office of Taxation and Finance by March 1 annually. If a voter override of the tax levy limit is necessary, the budget vote must be approved by 60% of the District's qualified voters present and voting.

A copy of the Property Tax Report Card prepared for the Annual District Meeting will be submitted to SED in the manner prescribed by the Department by the end of the business day next following approval of the Property Tax Report Card by the Board, but no later than 24 days prior to the statewide uniform voting day (i.e., the third Tuesday in May).

SED will compile such data for all school districts whose budgets are subject to a vote of the qualified voters, and will make this compilation available electronically at least ten days prior to the statewide uniform voting day. Links to each school year's Property Tax Report Card can be found on SED's official website.

Tax Exemption Report

A Tax Exemption Report will be annexed to any tentative or preliminary budget and will become part of the final budget. This report will be on the form as prescribed by the State Board of Real Property Services and will show the following:

- a) How much of the total assessed value of the final assessment roll(s) used in the budgetary process is exempt from taxation;
- b) Every type of exemption granted as identified by statutory authority;

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

- c) The cumulative impact of each type of exemption expressed either as a dollar amount of assessed value or as a percentage of the total assessed value on the roll;
- d) The cumulative amount expected to be received from recipients of each type of exemption as payments in lieu of taxes or other payments for municipal services; however, individual recipients are not to be named; and
- e) The cumulative impact of all exemptions granted.

Notice of this report will be included in any notice of the preparation of the budget required by law and will be posted on any bulletin board maintained by the District for public notices as well as on any website maintained by the District.

SUBJECT: BUDGET ADOPTION

The Board will review the recommended budget of the Superintendent and seek public input and feedback regarding the recommended budget including, but not limited to, holding a public budget hearing not less than seven nor more than 14 days prior to the Annual District Meeting and Election at which the budget vote is to occur. The Board may modify the recommended budget of the Superintendent prior to its submission to District voters. Final authorization of the proposed budget is dependent upon voter approval unless a contingency budget is adopted by the Board.

The District budget for any school year, or any part of the budget, or any proposition(s) involving the expenditure of money for that school year, will not be submitted for a vote of the qualified District voters more than twice.

The District budget, once adopted, becomes the basis for establishing the tax levy on real property within the District. The District will post its final annual budget and any multi-year financial plan adopted by the Board on its website.

Contingency Budget

In the event the original proposed budget is not approved at the Annual District Meeting and Election, the Board may resubmit the original proposed budget or a revised budget for voter approval, or individual propositions may be placed before District voters, at a special meeting held on the third Tuesday of June. If the voters fail to approve the second budget submittal, or budget proposition(s), or if the Board elects not to put the proposed budget to a public vote a second time, the Board must adopt a contingency budget with a tax levy that is no greater than the prior year's levy (i.e., 0% levy growth).

The administrative component of the contingency budget is capped at the lesser of:

- a) The percent of the administrative component to the total budget in the prior year's budget, not including the capital component; or
- b) The percent that the administrative component comprised in the last proposed defeated budget for the subsequent year, not including, the capital component.

- c) Keeping the various operational units informed through periodic reports as to the status of their individual budgets.

Unless otherwise provided by law, no claim against the District will be paid unless such claims have been audited and approved by the Claims Auditor.

SUBJECT: ACCEPTANCE OF GIFTS, GRANTS, AND BEQUESTS TO THE DISTRICT

The Board may accept gifts, donations, grants, or bequests (collectively "gifts") of money, real property, or personal property, as well as other merchandise, that add to the overall welfare of the District provided that acceptance is in accordance with existing laws and regulations. Donations to the District are fully tax deductible so long as the gift is used exclusively for public purposes. The Board may refuse any gift that constitutes a conflict of interest, gives an appearance of impropriety, or is not in its best interests. The Board will safeguard the District, the staff, and students from commercial exploitation, from special interest groups, and the like.

The Board will not accept any gifts which will place encumbrances on future Boards, or result in unreasonable additional or hidden costs to the District. The Board may, if it deems it necessary, request that gifts of equipment, facilities, or any item that requires upkeep and maintenance include funds to carry out maintenance for the foreseeable life of the donation.

The Board will not formally consider the acceptance of gifts until and unless it receives the offer in writing from the donor or grantor or their attorney or financial advisor. Any gifts donated to the Board and accepted on behalf of the District must be by official action and resolution passed by Board majority. The Board suggests that donors or grantors work first with school administrators in determining the nature of their gift prior to formal consideration for acceptance by the Board.

The Board is prohibited, in accordance with the New York State Constitution, from making gifts or charitable contributions with District funds.

Gifts to the District will be annually accounted for as required by Generally Accepted Accounting Principles (GAAP).

All gifts become District property. A letter of appreciation, signed by the President of the Board and the Superintendent, will be sent to donors or grantors in recognition of their contribution to the District. Letters will be sent in a timely manner and will acknowledge the possible tax deduction available to donors whose gifts qualify under IRS regulations.

SUBJECT: EXTRACLASSROOM ACTIVITY FUND

Any organization within the District whose activities are conducted by students, and whose financial support is raised other than by taxation or through charges of the Board, is an extraclassroom activity (ECA). The moneys raised by these organizations are referred to as ECA funds. ECA fund management provides students with the opportunity to learn proper business practices and how to operate a successful business. The Board and designated District staff will protect and provide oversight of ECA funds. All ECAs will be approved by the Board.

The Board will appoint an ECA Central Treasurer, a Faculty Auditor, and a chief faculty counselor (appointed for each building in the District, typically the building principal). Each ECA will have a faculty advisor appointed by the chief faculty counselor. Additionally, each ECA will have a student activity treasurer elected by the members of the ECA.

All ECA funds will generally be handled in accordance with the financial procedures set forth in The Safeguarding, Accounting, and Auditing of Extraclassroom Activity Funds, Revised 2019, published by the New York State Education Department. All moneys received from the conduct, operation, or maintenance of any ECA will be deposited with the ECA Central Treasurer. Two separate and independent sets of records of receipts and expenditures will be maintained, one by the ECA Central Treasurer and one by the ECA's student activity treasurer. On a quarterly basis, the ECA Central Treasurer will submit to the Board a financial report relating to the receipts and expenditures for all ECA accounts. The authority to expend moneys will be distinct and separate from the custody of these moneys. The District will invest ECA funds in accordance with its investment policy.

ECAs are prohibited from using the District's New York State sales tax exemption. The ECA Central Treasurer is responsible for filing the periodic sales tax returns for ECA funds.

All commitments and contracts will be the sole responsibility of the ECA incurring the transaction, regardless of a change in faculty advisors, membership, or officers.

In conjunction with the annual audit of District records, the Independent Auditor will audit all ECA funds. This audit will include a statement of receipts, disbursements, and balances for each ECA, together with a reconciliation of cash.

When an ECA becomes inactive or is discontinued, the ECA Central Treasurer is directed to expend the leftover ECA funds as voted by the organization controlling these funds. If this designation does not exist, then leftover funds of inactive or discontinued ECAs and of graduating classes will automatically revert to the account of the general student organization or student council. To reactivate, inactive or discontinued ECAs must follow the start-up procedures for new ECAs.

SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING

The Superintendent or designee will maintain a continuous and accurate inventory of fixed assets owned by the District in accordance with applicable rules, standards, procedures, and best practices. Fixed assets are, generally, long-term, tangible resources intended to be continuously held or used, and may include land, buildings, improvements, machinery, and equipment.

All fixed assets purchased and received by the District will be checked, logged, and stored through an established procedure.

The School Business Official will account for assets on an annual basis according to applicable rules, standards, procedures, and best practices. These accounts will serve to:

- a) Maintain an inventory of assets;
- b) Establish accountability;
- c) Determine replacement costs; and
- d) Determine and provide appropriate insurance coverage.

The Board will establish a dollar threshold as a basis for considering which fixed assets are to be depreciated. This threshold will ensure that at least 80% of the value of these assets is reported. The threshold will not be greater than \$5,000. Standard methods and averaging conventions will be used in assessing, capitalizing, and depreciating fixed assets.

Fixed assets will be recorded at initial cost or, if not available, at estimated initial cost; gifts of fixed assets will be recorded at estimated fair value at the time of the gift. A property record will be maintained for each fixed asset and will contain, where possible, the following information:

- a) Date of acquisition;
- b) Description;
- c) Serial or other identification number;
- d) Any funding source and percentage contributed by the source;
- e) Vendor;
- f) Cost or value;
- g) Location and use;

(Continued)

SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING (Cont'd.)

- h) Asset type;
- i) Condition and estimated useful life;
- j) Replacement cost;
- k) Current value;
- l) Salvage value;
- m) Sale price and date and method of disposition; and
- n) Responsible official.

All fixed assets will be labeled. Any discrepancies between an inventory and the District's property records should be traced, explained, and documented.

Management of Assets Acquired Under a Federal Government Grant or Subgrant

Inventories will be maintained for assets acquired with funds obtained through federal grant programs. A separate inventory will be maintained for each program. Each inventory will record assets in the same manner as the District's fixed asset inventory. Assets will be labeled to specify the source of funds used to purchase the item. All Title I assets will include "Title I" on the label. These inventories will track assets for at least five years from the date of receipt.

When original or replacement assets acquired under a federal grant or subgrant are no longer needed for the original project or for other activities currently or previously supported by a federal agency, the District will dispose of the assets as follows:

- a) Assets with a current per-unit fair market value of less than \$5,000 may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.
- b) Assets with a current per-unit fair market value of greater than \$5,000 may be retained or sold and the awarding agency will have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the assets.
- c) No federal approval is necessary to dispose of an asset costing over \$5,000 but approval from the New York State Education Department (SED) is necessary. Once SED has determined that it has no other need for the use of the asset, the District may proceed with selling it.

(Continued)

SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING (Cont'd.)

The District will comply with the U.S. Department of Education regulations governing the use, management, and disposition of all equipment acquired through a federal government grant.

Equipment Purchased with Extraclassroom Funds

Title to all equipment acquired with extraclassroom activity funds will reside with the District and be carried as an insurable asset on its list of insurable values. This equipment will be tagged as District property but is available for exclusive use by the extraclassroom activity club acquiring it.

SUBJECT: GENDER NEUTRAL SINGLE-OCCUPANCY BATHROOMS

The District is committed to creating and maintaining an inclusive educational and work-environment. The District will ensure that all single-occupancy bathroom facilities are designated as gender neutral for use by no more than one occupant at a time or for family or assisted use.

"Single-occupancy bathroom" means a bathroom intended for use by no more than one occupant at a time or for family or assisted use and which has a door for entry into and egress from the bathroom that may be locked by the occupant to ensure privacy and security.

All gender neutral bathroom facilities will be clearly designated by the posting of signage either on or near the entry door of each facility.

SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING

It is the District's goal to provide students with access to nutritious no- or low-cost meals each school day and to ensure that a student whose parent/guardian has unpaid meal charges is not shamed or treated differently than a student whose parent/guardian does not have unpaid meal charges.

Unpaid meal charges place a large financial burden on the District. The purpose of this policy is to ensure compliance with federal requirements for the USDA Child Nutrition Program and to provide oversight and accountability for the collection of outstanding student meal balances to ensure that the student is not stigmatized, distressed, or embarrassed.

The intent of this policy is to establish procedures to address unpaid meal charges throughout the District in a way that does not stigmatize, distress, or embarrass students. The provisions of this policy pertain to regular priced reimbursable school breakfast, lunch and snack meals only. Charging of items outside of the reimbursable meals (a la carte items, adult meals, etc.) is expressly prohibited.

Access to Meals

- a) Free meal benefit eligible students will be allowed to receive a free breakfast and lunch meal of their choice each day. A la carte items or other similar items must be paid/prepaid.
- b) Reduced meal benefit eligible students will be allowed to receive a breakfast of their choice for \$0.00 and lunch of their choice for \$0.00 each day. A la carte items or other similar items must be paid/prepaid.
- c) Full pay students will pay for meals at the District's published paid meal rate each day. The charge meals offered to students will be reimbursable meals available to all students, unless the student's parent or guardian has specifically provided written permission to the District to withhold a meal. A la carte items or other similar items must be paid/prepaid.

Ongoing Staff Training

- a) Staff will be trained annually and throughout the year as needed on the procedures for managing meal charges using the State Education Department (SED) Webinar or the District's training program.
- b) Staff training will include ongoing eligibility certification for free or reduced-price meals.

Parent Notification

- a) Parents or guardians will be notified that a student's meal card or account balance is exhausted within ten days and then every week thereafter.

(Continued)

**SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING
(Cont'd.)**

- b) Parents or guardians will be notified that a student has accrued unpaid meal charges within ten days of the charge and then every week thereafter.

Parent Outreach

- a) Staff will communicate with parents or guardians with five or more unpaid meal charges to determine eligibility for free or reduced-price meals.
- b) Staff will make two documented attempts to reach out to parents or guardians to complete a meal application in addition to the application and instructions provided in the school enrollment packet.
- c) Staff will contact the parent/guardian to offer assistance with completion of meal application to determine if there are other issues within the household causing the student to have insufficient funds, offering any other assistance that is appropriate.

Minimizing Student Distress

- a) Staff will not publicly identify or stigmatize any student in line for a meal or discuss any outstanding meal debt in the presence of any other students.
- b) Students with unpaid meal charges will not be required to wear a wristband or handstamp, or to do chores or other work to pay for meals.
- c) Staff will not throw away a meal after it has been served because of the student's inability to pay for the meal or because of previous unpaid meal charges.
- d) Staff will not take any action directed at a student to collect unpaid meal charges.
- e) Staff will deal directly with parents or guardians regarding unpaid meal charges.

Ongoing Eligibility Certification

- a) Staff will conduct direct certification through the New York Student Identification System (NYSSIS) or using SED Roster Upload to maximize free eligibility. NYSED provides updated direct certification data monthly.
- b) Staff will provide parents or guardians with free and reduced-price application and instructions at the beginning of each school year in the school enrollment packet.
- c) If the District uses an electronic meal application, it will provide an explanation of the process in the school enrollment packet and instructions on how to request a paper application at no cost.

(Continued)

**SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING
(Cont'd.)**

- d) The District will provide at least two additional free and reduced-price applications throughout the school year to families identified as owing meal charges.
- e) The District will use its administrative prerogative to complete an application on a student's behalf judiciously, and only after using exhaustive efforts to obtain a completed application from the student's parent/guardian. The District will complete the application using only available information on family size and income that falls within approvable guidelines.
- f) The District will coordinate with the foster, homeless, migrant, and runaway coordinators to certify eligible students. School liaisons required for homeless, foster, and migrant students will coordinate with the nutrition department to make sure these students receive free school meals, in accordance with federal law.

Prepaid Accounts

Students/Parents/Guardians may pay for meals in advance via <https://www.myschoolbucks.com> or with a check payable to Mineola UFSD. Further details are available on the District's webpage at www.mineola.k12.ny.us. Funds should be maintained in accounts to minimize the possibility that a student may be without meal money on any given day. Any remaining funds for a particular student will be carried over to the next school year.

To obtain a refund for a withdrawn or graduating student, a written or e-mailed request for a refund of any money remaining in the student's account must be submitted. Students who are graduating at the end of the year will be given the option to transfer any remaining money to a sibling's account through a written request.

Unclaimed funds must be requested within one school year. Unclaimed funds will then become the property of the District Food Service Program.

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION

The District values the protection of private information of individuals in accordance with applicable law and regulations. The District is required to notify affected individuals when there has been or is reasonably believed to have been a compromise of the individual's private information in compliance with the Information Security Breach and Notification Act and Board policy.

- a) "Personal information" means any information concerning a person which, because of name, number, symbol, mark, or other identifier, can be used to identify that person.
- b) "Private information" means either:
 - 1. Personal information consisting of any information in combination with any one or more of the following data elements, when either the data element or the combination of personal information plus the data element is not encrypted or encrypted with an encryption key that has also been accessed or acquired:
 - (a) Social security number;
 - (b) Driver's license number or non-driver identification card number;
 - (c) Account number, credit or debit card number, in combination with any required security code, access code, password, or other information which would permit access to an individual's financial account-;
 - (d) Account number, or credit or debit card number, if circumstances exist where the number could be used to access an individual's financial account without additional identifying information, security code, access code, or password; or
 - (e) Biometric information, meaning data generated by electronic measurements of an individual's unique physical characteristics, such as fingerprint, voice print, retina or iris image, or other unique physical representation or digital representation which are used to authenticate or ascertain the individual's identity;
 - 2. A username or email address in combination with a password or security question and answer that would permit access to an online account.

Private information does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records.

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

- c) "Breach of the security of the system" means unauthorized acquisition or acquisition without valid authorization of computerized data which compromises the security, confidentiality, or integrity of personal information maintained by the District. Good faith acquisition of personal information by an employee or agent of the District for the purposes of the District is not a breach of the security of the system, provided that private information is not used or subject to unauthorized disclosure.

Determining if a Breach Has Occurred

In determining whether information has been acquired, or is reasonably believed to have been acquired, by an unauthorized person or person without valid authorization, the District may consider the following factors, among others:

- a) Indications that the information is in the physical possession or control of an unauthorized person, such as a lost or stolen computer or other device containing information;
- b) Indications that the information has been downloaded or copied;
- c) Indications that the information was used by an unauthorized person, such as fraudulent accounts opened or instances of identity theft reported; or
- d) System failures.

Notification Requirements

- a) For any computerized data owned or licensed by the District that includes private information, the District will disclose any breach of the security of the system following discovery or notification of the breach to any New York State resident whose private information was, or is reasonably believed to have been, accessed or acquired by a person without valid authorization. The disclosure to affected individuals will be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement, or any measures necessary to determine the scope of the breach and restore the integrity of the data system. The District will consult with the New York State Office of Information Technology Services to determine the scope of the breach and restoration measures. Within 90 days of the notice of the breach, the New York State Office of Information Technology Services will deliver a report to the District on the scope of the breach and recommendations to restore and improve the security of the system.
- b) Notice to affected persons under State Technology Law is not required if the exposure of private information was an inadvertent disclosure by persons authorized to access private information, and the District reasonably determines the exposure will not likely result in the misuse of the information, or financial or emotional harm to the affected persons. This determination must be

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

documented in writing and maintained for at least five years. If the incident affected over 500 New York State residents, the District will provide the written determination to the New York State Attorney General within ten days after the determination.

- c) If notice of the breach of the security of the system is made to affected persons pursuant to the breach notification requirements under certain laws and regulations, the District is not required to provide additional notice to those affected persons under State Technology Law. However, the District will still provide notice to the New York State Attorney General, the New York State Department of State, the New York State Office of Information Technology Services, and to consumer reporting agencies.
- d) For any computerized data maintained by the District that includes private information which the District does not own, the District will notify the owner or licensee of the information of any breach of the security of the system immediately following discovery, if the private information was, or is reasonably believed to have been, accessed or acquired by a person without valid authorization.

The notification requirement may be delayed if a law enforcement agency determines that the notification impedes a criminal investigation. The required notification will be made after the law enforcement agency determines that the notification does not compromise the investigation.

If the District is required to provide notification of a breach, including breach of information that is not private information, to the United States Secretary of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996 or the Health Information Technology for Economic and Clinical Health Act, it will provide notification to the New York State Attorney General within five business days of notifying the United States Secretary of Health and Human Services.

Methods of Notification

The required notice will be directly provided to the affected persons by one of the following methods:

- a) Written notice;
- b) Electronic notice, provided that the person to whom notice is required has expressly consented to receiving the notice in electronic form; and a log of each notification is kept by the District when notifying affected persons in electronic form. However, in no case will the District require a person to consent to accepting the notice in electronic form as a condition of establishing any business relationship or engaging in any transaction;
- c) Telephone notification, provided that a log of each notification is kept by the District when notifying affected persons by phone; or

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

- d) Substitute notice, if the District demonstrates to the New York State Attorney General that the cost of providing notice would exceed \$250,000, or that the affected class of subject persons to be notified exceeds 500,000, or that the District does not have sufficient contact information. Substitute notice will consist of all of the following:
1. Email notice when the District has an email address for the subject persons;
 2. Conspicuous posting of the notice on the District's website page, if the District maintains one; and
 3. Notification to major statewide media.

Regardless of the method by which notice is provided, the notice will include:

- a) Contact information for the notifying District;
- b) The telephone numbers and websites of the relevant state and federal agencies that provide information regarding security breach response and identity theft prevention and protection information; and
- c) A description of the categories of information that were, or are reasonably believed to have been, accessed or acquired by a person without valid authorization, including specification of which of the elements of personal information and private information were, or are reasonably believed to have been, accessed or acquired.

In the event that any New York State residents are to be notified, the District will notify the New York State Attorney General, New York State Department of State, and New York State Office of Information Technology Services as to the timing, content, and distribution of the notices and approximate number of affected persons and provide a copy of the template of the notice sent to affected persons. This notice will be made without delaying notice to affected New York State residents.

In the event that more than 5,000 New York State residents are to be notified at one time, the District will also notify consumer reporting agencies as to the timing, content, and distribution of the notices and approximate number of affected persons. This notice will be made without delaying notice to affected New York State residents.

A list of consumer reporting agencies will be compiled by the New York State Attorney General and furnished upon request to any district required to make a notification in accordance with State Technology Law.

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS

Student performance is assessed in many ways, but primarily through assigned grades. The District will help ensure the integrity of student grades by controlling access to its grading information system and by approving modifications to grades where warranted.

The System

The District utilizes an electronic software system that contains a record of student performance, credit accumulation, report cards, and a transcript. More specifically, the system includes class rosters where teachers enter student grades and track their students' academic progress. The system is used to generate student report cards and transcripts, and to maintain all student grading records.

To protect student data in the system, the District will first establish who has the authority to grant, change, or terminate user access. The personnel with this authority will be very limited. Further, if the grading system has a feature that allows one user or account to assume the identity of another user or account, the District will restrict or disable that feature. These types of features could allow a user greater access than intended, including inheriting permissions of another user that are greater than the user's.

System Access

The District will create categories of system users and assign appropriate system permissions to each. Users' permissions will be compatible with and restricted by their roles and job duties; their access will be as restrictive as possible. Typically, teachers will have the ability to enter, update, and modify grades each marking period before a pre-determined lockout date. The lockout function will be consistently used throughout the school year to help prevent grade modifications without authorization after a marking period closes. Through increased system permissions, other individuals—such as non-classroom teachers, guidance counselors, information technology (IT) staff, clerical staff, and support staff—will be able to view or modify grades.

The District will work with its IT, human resources, and other appropriate departments to determine how best to timely establish access rights, add users, deactivate or modify user accounts, and monitor user accounts. As appropriate, the District will develop further IT controls that protect against improper access and promote data security. Further, the District recognizes that system access is most secure when District-owned devices are used. Accordingly, staff should only use District-owned devices to view, enter, or modify student grades and comments.

Grade Changes

Once the lockout period begins, only authorized users identified by the District may change grades, and only under certain circumstances. The system will recognize when grades change, and a log of modified grades may then be viewed and printed. Any grade mismatches will be reconciled before the next marking period closes or before the end of the school year, whichever is earlier.

(Continued)

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS (Cont'd.)

The staff member seeking to change a grade will submit a grade-change form signed by the requesting party, the teacher who assigned the original grade, and the appropriate administrator. This form and all other documents supporting a grade modification will be electronically filed in the grading system or filed in a non-electronic system—if electronic filing is impossible or impractical—and maintained for six years. The personnel seeking the modification should specify one or more reasonable grounds for the grade change on the form. There must be reasonable grounds to alter a grade. The reasons may include:

- a) Data entry error;
- b) Computational error;
- c) A modification based on work submitted or considered after the lockout date;
- d) Changing an incomplete grade to a regular grade because a student completed course requirements;
- e) Credit recovery coursework;
- f) Administrative change; or
- g) Other acceptable justifications.

Audit Log and Monitoring

The District's grading system will have an audit log or grade-change report function that records certain system activities, including modifications to grades. The District will periodically monitor audit logs or grade-change reports to confirm the integrity of the system, to ensure proper access by personnel, and to confirm that modifications within the system are appropriate and completed in a timely manner. The District will also periodically monitor user accounts and rights so that the permissions granted are proper and the minimum necessary for each user or user group. To the extent feasible, the District will make sure that user accounts are current and updated regularly. The District will be able to print user information, logs, reports, and other documents from the student grading information system, as needed.

Student Transcripts

Student transcripts may show all credit-bearing classes; final grades; test scores; grade-point average; class rank; diploma type; SAT, ACT, and other standardized test scores; and graduation date. The same controls, protections, and monitoring applicable to student grading information apply equally to student transcripts.

**SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS
EMERGENCY DRILLS****Fire and Emergency Drills**

The administration of each school building will instruct and train students on appropriate emergency responses, through fire and emergency drills, in the event of a sudden emergency.

Fire and emergency drills will be held at least 12 times in each school year; eight of these will be completed by December 31. Eight of all drills will be evacuation drills, four will be through use of the fire escapes on buildings where fire escapes are provided or identified secondary exits. The other four drills will be lock-down drills. Drills will be conducted at different times of the school day. Students will also be instructed in the procedures to be followed in the event that a fire occurs during the regular school lunch period or assembly, however, this additional instruction may be waived if a drill is held during the regular lunch period or assembly.

Summer School

At least two additional drills will be held during summer school in buildings where summer school is held, and one of these drills will be held during the first week of summer school.

After-School Programs, Events, or Performances

The building principal or designee will require those in charge of after-school programs, events, or performances attended by any individuals unfamiliar with that school building, to announce at the beginning of these programs the procedures to be followed in the event of an emergency.

Bomb Threats**School Bomb Threats**

A bomb threat, even if later determined to be a hoax, is a criminal act. No bomb threat should be treated as a hoax when it is first received. Upon receiving any bomb threat, the school has an obligation and responsibility to ensure the safety and protection of the students and other occupants of the school. This obligation takes precedence over a search for a suspect object. Prudent action is dependent upon known information about the bomb threat-location, if any; time of detonation; etc. Specific procedures as to appropriate responses as a result of a bomb threat can be located in the building-level emergency response plan, as required by relevant law and regulation.

Appropriate law enforcement agencies must be notified by the building administrator or designee of any bomb threat as soon as possible after receiving the threat. Law enforcement officials will contact, as the situation requires, fire and/or county emergency coordinators according to the county emergency plan.

Implementation

The Superintendent or designee will develop written procedures to implement the terms of this policy. Additionally, these procedures will be incorporated in the District-wide school safety plan and the building-level emergency response plan, with provisions to provide written information to all staff and students regarding emergency procedures by October 1 of each school year, an annual drill to test the emergency response procedures under each of its building-level emergency response plans; and the annual review of the District-wide and building-level emergency response plans, along with updates as necessary, by September 1, as mandated by law or regulation.

Bus Emergency Drills

The administration will conduct a minimum of three emergency drills to be held on each school bus during the school year. The first drill will be conducted during the first seven days of school, the second drill between November 1 and December 31, and the third drill between March 1 and April 30. No drills will be conducted when buses are on routes.

Students who ordinarily walk to school will also be included in the drills. Students attending public and nonpublic schools who do not participate in regularly scheduled drills will also be provided drills on school buses, or as an alternative, will be provided classroom instruction covering the content of these drills.

Each drill will include practice and instruction in the location, use, and operation of the emergency exits, fire extinguishers, first-aid equipment, and windows as a means of escape in the event of fire or accident. Similarly, students will be instructed on all topics mandated by relevant sections of the Education Law and Commissioner's regulations, including, but not limited to, the following:

- a) Safe boarding and exiting procedures with specific emphasis on when and how to approach, board, disembark, and move away from the bus after disembarking;
- b) Advancing at least 15 feet in front of the bus before crossing the highway after disembarking;

EMERGENCY DRILLS (Cont'd.)**

- c) Specific hazards encountered during snow, ice, rain, and other inclement weather, including, but not necessarily limited to, poor driver visibility, reduced vehicular control, and reduced hearing; and
- ed) Orderly conduct as bus passengers.

The administration of the drills will be in accordance with the New York State Education Department's Bus Safety Drill Guide and Compliance Form.

Instruction on Use of Seat Belts

When students are transported on school buses, the District will ensure that all students who are transported on any school bus owned, leased, or contracted for by the District will receive instruction on the use of seat safety belts. This instruction will be provided at least three times each year to both public and nonpublic school students who are so transported and will include, but not be limited to:

- a) Proper fastening and release of seat safety belts;
- b) Acceptable adjustment and placement of seat safety belts on students;
- c) Times at which the seat safety belts should be fastened and released; and
- d) Acceptable placement of the seat safety belts when not in use.

SUBJECT: SCHOOL BUS SAFETY

The safe transportation of students to and from school is of primary concern in the administration of the school bus program. All state laws and regulations pertaining to the safe use of school buses will be observed by drivers, students, and school personnel.

Use of Portable Electronic Devices Prohibited

For purposes of this policy, and in accordance with applicable law, the terms below will be defined as follows:

- a) "Portable electronic device" means any mobile telephone (hand-held or "hands-free"), personal digital assistant (PDA), portable device with mobile data access, laptop computer, pager, broadband personal communication device, two-way messaging device, electronic game, portable computing device, or any other electronic device when used to input, write, send, receive, or read text for present or future communication.
- b) "Using" means holding a portable electronic device while viewing, taking or transmitting images, playing games, or for the purpose of present or future communication: performing a command or request to access a world wide web page, composing, sending, reading, viewing, accessing, browsing, transmitting, saving, or retrieving email, text messages, instant messages, or other electronic data.
- c) "In operation" means that the bus engine is running, whether in motion or not.

The use of portable electronic devices by a school bus driver at times the vehicle is in operation on the roadway poses a potential safety risk. All school bus drivers are prohibited from using portable electronic devices while the bus is in operation.

All school bus drivers' personal portable electronic devices must be placed in the "off" position when in the possession of the school bus driver while the bus is in operation. Portable electronic devices, including cell phones, may be used in case of emergency.

Safety Rules and Inspections

The Transportation Supervisor, in cooperation with the principals, has the responsibility of developing and publishing safety rules to be followed by drivers and passengers, including rules of student conduct. In order to ensure maximum safety to those riding school buses, it is necessary that students and drivers cooperate in this effort.

All buses and other vehicles owned and operated by the District will have frequent safety inspections, and will be serviced regularly. The Transportation Supervisor will maintain a comprehensive record of all maintenance performed on each vehicle.

SUBJECT: SCHOOL BUS SAFETY (Cont'd.)

SUBJECT: IDLING SCHOOL BUSES ON SCHOOL GROUNDS

The District recognizes the need to promote the health and safety of District students and staff and to protect the environment from harmful emissions found in bus and vehicle exhaust.

The District will ensure that each driver of a school bus or other vehicle owned, leased, or contracted for by the District turns off the engine of the bus or vehicle while waiting for passengers to load or off load on school grounds, or while the vehicle is parked or standing on school grounds or in front of or adjacent to any school. Rather than waiting for all buses to arrive before loading or unloading, individual buses will be promptly loaded and unloaded to minimize idling.

Exceptions

Unless otherwise required by state or local law, the idling of a school bus or vehicle engine may be permitted to the extent necessary to achieve the following purposes:

- a) For mechanical work;
- b) To maintain an appropriate temperature for passenger comfort and/or safety; or
- c) In emergency evacuations and/or where necessary to operate wheelchair lifts.

Private Vendor Transportation Contracts

All contracts for pupil transportation services between the District and a private vendor will include a provision requiring the vendor's compliance with the provisions of reducing idling in accordance with Commissioner's regulations.

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

In order to help prevent accidents and injuries resulting from the misuse of drugs and/or alcohol by school bus drivers, the Board adopts this policy in compliance with federal and state law and regulation.

The District has designated the following individual to answer driver questions about this policy and related materials: Assistant Superintendent of Human Resources.

Drug and Alcohol Testing Program

School bus drivers are subject to drug and/or alcohol testing in a variety of circumstances. The District will comply with all federal and state law and regulation regarding the implementation of a drug and alcohol testing program for school bus drivers.

The District will either establish and manage its own drug and alcohol testing program or by contract have a consortium/third-party administrator manage all, or part of, its drug and alcohol testing program for school bus drivers.

Under federal law and regulation, individuals who operate a Commercial Motor Vehicle (CMV) designed to transport 16 or more occupants (including the driver) and are subject to commercial driver's license (CDL) requirements established by the United States Department of Transportation are safety-sensitive employees and are subject to the following drug and/or alcohol testing:

- a) **Pre-employment drug testing** which will be conducted after a conditional offer to hire has been extended, but before the actual performance of safety-sensitive functions for the first time. This pre-employment testing will also be required when employees transfer to a safety-sensitive position.
- b) **Random drug and/or alcohol testing** which will be conducted on an unannounced basis.
- c) **Reasonable suspicion drug and/or alcohol testing** which will be conducted when reasonable suspicion exists that a driver has engaged in prohibited use of drugs and/or alcohol. The required observation for reasonable suspicion drug and/or alcohol testing must be made by a supervisor or official who has been trained in accordance with federal law and regulation.
- d) **Post-accident drug and/or alcohol testing** which will be conducted as soon as practicable following certain occurrences involving a CMV operating on a public road.
- e) **Return-to-duty drug and/or alcohol testing** which will be conducted on a driver who has engaged in prohibited drug and/or alcohol conduct before the driver returns to perform a safety-sensitive function.

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

- f) **Follow-up drug and/or alcohol testing** which will be conducted on a driver who has engaged in prohibited drug and/or alcohol conduct and has returned to performing a safety-sensitive function. This testing will be conducted on an unannounced basis in accordance with a written follow-up testing plan developed by a substance abuse professional (SAP).

All procedures used to test for the presence of drugs and/or alcohol will conform to the requirements outlined in federal law and regulation for protecting the driver and the integrity of the testing process, safeguarding the validity of the test results, and ensuring that all test results are attributed to the correct driver.

Under New York State law and regulation, all school bus drivers are subject to pre-employment and random drug and alcohol testing in accordance with the provisions and requirements of federal regulations, regardless of CDL endorsement. Every school bus driver will be included in the random testing pool and must submit to testing when selected.

Prohibitions and Consequences for School Bus Drivers

Under federal law and regulation, individuals who operate a CMV designed to transport 16 or more occupants (including the driver) and are subject to CDL requirements established by the United States Department of Transportation are prohibited from:

- a) Reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration of 0.04 or greater. If testing shows an alcohol concentration of 0.02 or greater but less than 0.04, the employee must be removed from performing safety-sensitive functions for not less than 24 hours, but no punitive action will be taken by the employer;
- b) Using alcohol while performing safety-sensitive functions;
- c) Performing safety-sensitive functions within four hours after using alcohol;
- d) When required to take a post-accident alcohol test, using alcohol within eight hours following the accident or prior to undergoing a post-accident alcohol test, whichever comes first;
- e) Refusing to submit to a drug or alcohol test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements;
- f) Refusing to submit to a pre-employment drug test;

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

- g) Reporting for duty or remaining on duty, requiring the performance of safety-sensitive functions, when the driver uses any drugs, as defined by federal law and regulation. This prohibition does not apply when the use is pursuant to the instructions of a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance will not adversely affect the driver's ability to safely operate a CMV; or
- h) Reporting for duty, remaining on duty, or performing a safety-sensitive function, if the driver tests positive for drugs.

Additionally, under New York State law, all school bus drivers are prohibited from:

- a) Consuming a drug or intoxicating liquor, regardless of its alcoholic content, or be under the influence of a drug or intoxicating liquor, within six hours before going on duty or operating, or having physical control of a bus;
- b) Consuming a drug or intoxicating liquor, regardless of its alcoholic content while on duty, or operating, or in physical control of a bus; or
- c) Possessing a drug or intoxicating liquor, regardless of its alcoholic content while on duty, operating or in physical control of a bus. However, this paragraph does not apply to the possession of a drug or intoxicating liquor which is transported as part of a shipment or personal effects of a passenger or to alcoholic beverages which are in sealed containers.

It is the employer's responsibility to ensure that no school bus driver:

- a) Violates any of the above listed provisions of New York State law; or
- b) Be on duty or operate a school bus if, by a person's general appearance or by a person's conduct or by other substantiating evidence, a person appears to have consumed a drug or intoxicating liquor within the preceding eight hours.

Any violation of this policy, District procedures, and/or applicable federal and state law and regulation by a school bus driver will be grounds for disciplinary action and penalties including, but not limited to, fines, suspension, and/or discharge in accordance with the District's and/or the vendors' or contract bus companies' policies, collective bargaining agreements, and applicable law.

Drivers who are found to have engaged in prohibited conduct under federal law and regulation will be removed immediately from safety-sensitive functions and will not be allowed to return to perform safety-sensitive functions until they:

- a) Are evaluated by a SAP;
- b) Complete any requirements for rehabilitation as set by the employer and the SAP; and

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

- c) Pass a return-to-duty test with the result below 0.02 if the conduct involved alcohol, or a drug test with a verified negative result if the conduct involved drug use.

The Drug and Alcohol Clearinghouse

The Drug and Alcohol Clearinghouse ("Clearinghouse") is a secure online database that provides real-time information about CDL and commercial learner's permit holder's drug and alcohol program violations. The District will comply with all federal law and regulation regarding the Clearinghouse.

In accordance with 49 CFR Part 382, the following personal information will be collected, maintained, and reported to the Clearinghouse:

- a) A verified positive, adulterated, or substituted drug test result;
- b) An alcohol confirmation test with a concentration of 0.04 or higher;
- c) A refusal to submit to any required test;
- d) An employer's report of actual knowledge of:
 - 1. On duty alcohol use;
 - 2. Pre-duty alcohol use;
 - 3. Alcohol use following an accident; and
 - 4. Drug use;
- e) A SAP's report of the successful completion of the return-to-duty process;
- f) A negative return-to-duty test; and
- g) An employer's report of completion of follow-up testing.

Employee Notification

The Superintendent or designee will ensure that each school bus driver receives a copy of educational materials that explain the requirements of drug and alcohol testing law and regulation, and any policies, regulations, and/or procedures developed by the District with respect to meeting those requirements. The Superintendent or designee will ensure that a copy of these materials is distributed to each school bus driver, who will sign for receipt of all of the above documents, as well

as other appropriate personnel, prior to the start of any drug and/or alcohol testing as well as at the beginning of each school year or at the time of hire for any school bus driver. Representatives of applicable collective bargaining units will be notified of the availability of this information.

The Superintendent or designee will further ensure that each school bus driver receives educational materials concerning: the effects of drug and alcohol use on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a co-worker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to any employee assistance program, and/or referral to management.

The Superintendent or designee will arrange for training of all supervisors who may be utilized to determine whether reasonable suspicion exists to test a driver for prohibited conduct involving drugs and/or alcohol.

Records Management and Retention

Employee records relating to drug and/or alcohol testing, as well as to substance abuse and/or alcohol prevention programs, will be maintained in accordance with law and regulation. All employee drug and/or alcohol testing will be kept confidential and will only be revealed as required or authorized by law or regulation.
