The class is titled: **HS-PE For Life Waiver-Rosenstiel**

1. Once you have joined the class, begin looking at the lessons under Topic 1 titled: Power Point Presentations
2. Under Module 2 and Module 3, print and complete the **CURRICULUM CHECKLIST** and the **CURRICULUM JOURNAL** as you study the power point presentations.
3. You will have to take and pass an **exam** of the material contained in the presentations, and turn in both the CURRICULUM CHECKLIST and the CURRICULUM JOURNAL to receive your PE credit.
4. The exam for this class will be posted on the Canvas course page, and will be available August 11, 2016 until October 17th, 2016 at 5:00pm. You must complete the exam during that time. Your grade should be shown to you once you've completed the test. PLEASE enter a reminder in your calendar login and complete the exam.

If you have any issues with the getting to the materials, or completing the written assignments, or taking the exam, then please contact me by e-mail at rosenstielb@mtnbrook.k12.al.us or come by my room, room 509. The sooner you get this done the better off you will be with having this out of the way and off your plate. I strongly encourage you to get right to the work and not put this off.
