

GRADE 3

In Grade 3, Literacy Foundations continue to provide the main framework for the standards and a bridge to higher levels of instruction, along with the categories Reading, Listening, Writing, and Speaking that were introduced in Grade 2. Grade 3 students progress from learning basic cursive writing strokes to writing legibly with correctly formed cursive letters and spacing. Reading comprehension standards progress through increasingly more comprehensive and challenging skills, and students learn to express their thoughts effectively in a variety of formats including poetry writing. Not every content area will have a standard in every category. In such cases, the category remains blank with the row shaded to indicate that the omission was intentional. The gray column to the left of the categories is included as an indicator of the organizational structure, which becomes more intricate in Grades 4-5.

The writing process is integrated throughout the standards as a key to expressive learning. In accordance with the Simple View of Writing (Berninger et al.), foundational writing skills still appear in the Literacy Foundations category (standards 31-32); however, the written composition skills transition to the Written Expression category in standards 33-42 as students use the stages of the writing process more independently to produce narrative, informative, and argumentative writings in response to various types of texts. These tasks become more demanding as rigor increases from third to fourth grade.

The K-3 Recurring Standards for English Language Arts, shown in the chart below, are an important part of every grade level. Through these standards, students learn and practice active listening, utilize word-analysis skills, build background knowledge and vocabulary skills, learn and practice essential digital skills, and utilize a process to create and modify written work. The recurring standards are to be incorporated throughout the grade level.

RECURRING STANDARDS FOR K-3

Students will:

- R1. Utilize active listening skills during discussion and conversation in pairs, small groups, or whole-class settings, following agreed-upon rules for participation.
- R2. Use knowledge of phoneme-grapheme correspondences and word analysis skills to decode and encode words accurately.
- R3. Expand background knowledge and build vocabulary through discussion, reading and writing.
- R4. Use digital and electronic tools appropriately, safely, and ethically for research and writing, both individually and collaboratively.
- R5. Utilize a writing process to plan, draft, revise, edit, and publish writings in various genres.

Say slack. Now say slack but say the last sound first and the first sound last. (class)

d. In a series of words, apply phoneme chaining that changes only one sound at a time to show addition, deletion, substitution and resequencing of sounds from one word to the next.

Examples: sap, lap, lip, slip, slit, lit; gob, cob, cub, cup, cap; train, rain, lane, lame, blame

e. Use knowledge of syllable and affix substitution and deletion to demonstrate morphological changes.

Phonics

8. Apply knowledge of phoneme-grapheme correspondences, multisyllabic word construction, and syllable division principles to decode and encode (spell) words accurately in isolation and in context.
- Decode multisyllabic words with common syllable patterns, including open/closed, vowel-r, vowel-consonant-e, vowel teams, consonant-le, and odd or *schwa* syllables.
 - Apply knowledge of multisyllabic word construction and syllable division principles to decode grade-appropriate multisyllabic words.
Examples: VC/CV, V/CV, VC/V, CV/VC; com-mit-ment, e-vent, ev-er-y, po-et
 - Decode and encode words with three-consonant blends, digraphs, trigraphs, quadrigraph *igh*, combinations, diphthongs, and silent letter combinations.
Examples: spl-, str-, scr-, squ-; th, sh, ch, ck, ph; tch, dge, igh; er, ir, ar, or; oi, oy, ou, ow; kn, gn, mb, wr, gh
 - Decode and encode words with graphemes that represent multiple sound-symbol correspondences by applying knowledge of most common to least common frequency.
*Examples: y can be read /y/ in yet, /ē/ in candy, /ī/ in fly
digraph ch can be read /ch/ in chair, /sh/ in chef, and /k/ in school
diphthong ow is read /ou/ in cow, but digraph ow is read /ō/ in snow*
 - Decode and encode multisyllabic words using knowledge of stress or accent to pronounce a word correctly, including the *schwa* sound when appropriate.
Examples: the noun con'/vict vs. the verb con/vict'; the noun pro'/duce vs. the verb pro/duce'
 - Decode and encode words using knowledge of the morphological structure of a word, including prefixes, suffixes, and roots.
Examples: fore-, anti-, post-, sub-; -ment, -hood, -er, -or; port, ject, form, dict
 - Decode and encode contractions with *am, is, has, not, have, would, and will*.
Examples: I'm, he's, she's, isn't, don't, I've, he'd, they'll

Standard 8 continued...

h. Decode and encode frequently confused homophones accurately using knowledge of English and meaning to facilitate learning.

Examples: hear/here; night/knight; tacks/tax

i. Decode and encode words with hard and soft *c* and *g*.

j. Decode and encode grade-appropriate high frequency words that follow regular and irregular phoneme-grapheme correspondences, using knowledge of the specific sound-symbol correspondences that are irregular.

Fluency

9. Apply previously-taught phoneme-grapheme correspondences to multisyllabic words with accuracy and automaticity, in and out of context.

10. Read and reread grade-appropriate text accurately, automatically, and with meaningful expression at a rate which supports comprehension.

11. Read and reread grade-appropriate poetry, practicing phrasing, rhythm, rhyme, and meaningful expression.

12. Read high-frequency words commonly found in grade-appropriate text accurately and automatically.

Note: High-frequency words should be taught with the main emphasis of the lesson being on regular correspondences and patterns within the word. The student should be able to read the word accurately three times in a row on different days to be considered accurate enough to add to a personal word box, word ring, or fluency folder. Avoid teaching high-frequency words as “sight words” that need to be memorized as a whole word, unless there are no regular correspondences in the word. “Of” is an example of a word with no regular correspondences.
