

LATIN

Level IV Advanced

While the standards in regular and advanced Latin Level IV are the same, students in the advanced-level class will have a different learning experience. There is an expectation that comprehension and proficiency will be more profound. Students will use higher level thinking skills as they explore the content and more abstract thinking will be necessary. Students in the advanced class may be required to complete more work outside of class than students in the regular class. Assessments may be more complex and may require that the student make connections and organize thoughts more efficiently.

Level IV/V will be organized around thematic units, and students will read a variety of poetry and prose authors. Level IV advanced will focus exclusively on poetry and serve as preparation for a student to continue to the AP Latin course.
