# Pearson Realize
How to Set Up Your Class

1) Click "Create Classes"

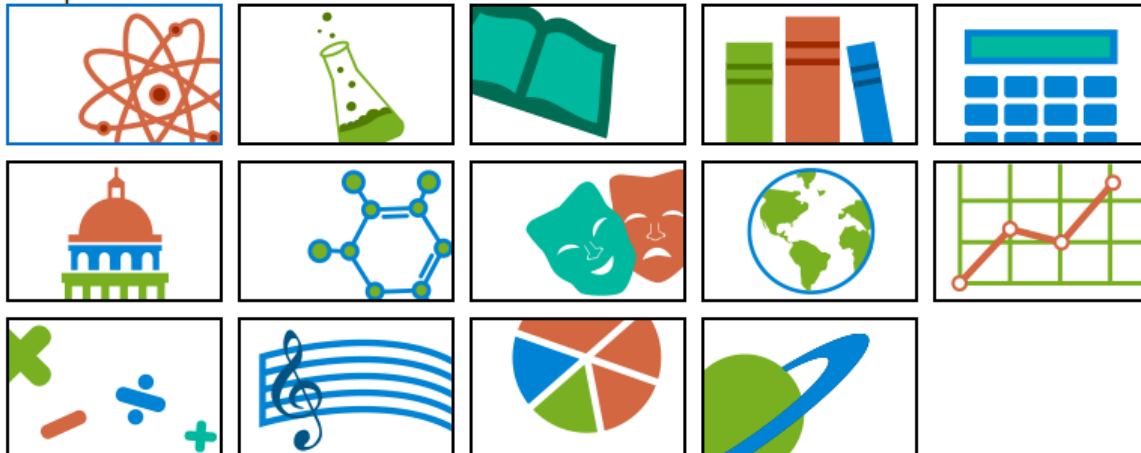

2) Type your class name and choose an icon.

3) Click the box next to the grade level you teach.

2. Pick programs

Choose the programs you would like your students to have access to for this class. Once you add your students in the next step, you will not be able to change your program selections.

☐ Investigations 3 Grade 5 2017   ☑ Investigations 3 Grade 4 2017

☐ Investigations 3 Grade 3 2017   ☐ Investigations 3 Grade 2 2017

☐ Investigations 3 Grade 1 2017   ☐ Investigations 3 Grade K 2017

4) Our students are already enrolled in the Pearson system. Type the last name of your students in the boxes and select your student's name from the list provided. If you have a difficult time finding a student on your list, please contact Amanda Malachowski.

Student name	Username	Password	☐ Hide password text

Student name: Enter 'last name, first name'.

Add [1] more row(s)   **Add**

5) Choose a student theme (Default for 3-5 and Early Learning for K-2).

Choose the student theme

You can make this selection individually for each student on the Students & Groups page.

● **Default Theme**   ○ **Early Learning Theme**
