

Happy Summer!

Hope you are all enjoying your summer break! Here are a few things to keep in mind as we move toward August:

- Ole Miss will begin accepting applications for the Class of 2024 on July 1st. The University of Alabama and Auburn University will open their applications on August 1st. In the past, the University of Alabama application opened in early July.
- Since few applications will be open in July, we will not host summer work sessions for students. Please check out the [College Advising website](#) and contact your college advisor if you have questions about your applications.
- Ready to apply? Check out [this section](#) of our website to know what to do when!
- Make sure you tell us through Scoir when you have applied to a college!
- Questions? Ask your college advisor:
