

# Meet Mrs. Byars

## Background

- 6th grade Earth Science
- 1st grade and 6th grade teacher in Auckland, New Zealand
- Third year teaching at CBS!

## Philosophy

- I believe that an inquiry-based approach to learning is the most valuable experience that I can cultivate for my students. According to research, this cross-curricular method is effective, challenging, and engaging. [Here](#) is an article and video to dip your toes in if you are interested in learning more about this approach to learning.

## Education

- I graduated in 2017 with a bachelor's degree in Elementary Education from Auburn University.

## Family

- I was born and raised in Birmingham, and my whole extended family lives here.
- I am married to my wonderful husband, Christopher, and we are expecting our first baby in September!

## Favorites

- Reading
- Playing tennis
- Running
- Sewing
- Traveling
- Auburn Football

## Contact Me

- Please contact me with any needs or questions that you have. I am always here to help, and communication with my parents is very important to me. My email is:
