

“Providing an effective, challenging, and engaging education for every one of our students”

MBS Parents,

Happy Friday! It was great to see the nice weather towards the end of this week. Many of our students had some time to enjoy learning outside! Take a look below at the ‘Good News’ section to read about some really cool stories involving our students and staff. Also, be sure to follow the district and school accounts on social media. The MBHS, MBJH and BWF Instagram stories all have a ‘behind the scenes’ look at the current construction progress. Our COVID numbers remain well below the reporting threshold of twenty positive cases. We remain committed first and foremost to our student’s safety. Thanks for reading and we hope you have a great weekend!

GOOD NEWS

What is Career Prep? What do students learn? How does it help students? [Click here](#) to read more about the class and how it has benefitted students in recent years.

The MBJH Scholars’ Bowl team placed third at the state level last weekend! [Click here](#) to read more about the team and their success.

2022 Expressions Winners
