

Private Driving Instruction

Did you know that MBS Community Ed offers private one-on-one driving lessons with a certified driving instructor? No more braking in the passenger seat for parents or holding your breath as your child has a close call. We have the solution that will help keep your blood pressure down while ensuring your child learns how to safely operate a vehicle!

- Proven safe driving principles are utilized by a professional driving instructor who teaches your child to drive safely.
- Private driving lessons range from a beginner to someone who need to prepare for the driving test to receive their license.
- Instructor uses a car from MBHS for all lessons.
- Student's must have learner's license in order to participate.
- We recommend at least 6 hours of private instruction with a minimum of 2 hours per appointment
- Each hour of instruction costs \$60.00 and can be paid in 2-hour increments
- Student's will receive a certificate of completion once all lessons are complete that qualifies them for a car insurance discount
- Once a student registers for driving hours, they can text or call the instructor, John Pledger, to arrange actual date and time of lessons (205)613-6874 (Payment will be required before appointment time can be setup with John)
- Please **click** here to register your student driver

Questions: Contact John Pledger at pledgerj@mtnbrook.k12.al.us or (205)613-6874
