

# STEM at CBS

## MONTHLY NEWSLETTER

### VEX 123

Grades K, 1, and 2 began programming robots. Students have used their robots with adding, spelling, mapping, and racing. Next month: coding!

### VEX GO

Grades 3 and 4 are applying STEM concepts with VEX Go kits by creating many builds for a mission to Mars. Next month: building robots!

### VEX IQ

Grades 5 and 6 built base bots and made changes for a tug-of-war challenge. Next month: coding and controlling!
