

Download YouTube videos to your computer

1. Go to Mozilla Firefox by clicking on your start menu and typing in firefox. Firefox is a different internet browser other than internet explorer.

This icon indicates that you are on web using Firefox browser.

2. Add this “add on” to download the Youtube very easily. <https://addons.mozilla.org/en-us/firefox/addon/download-youtube/> No restart necessary.

See how I am in Firefox and have copied and pasted the URL here.

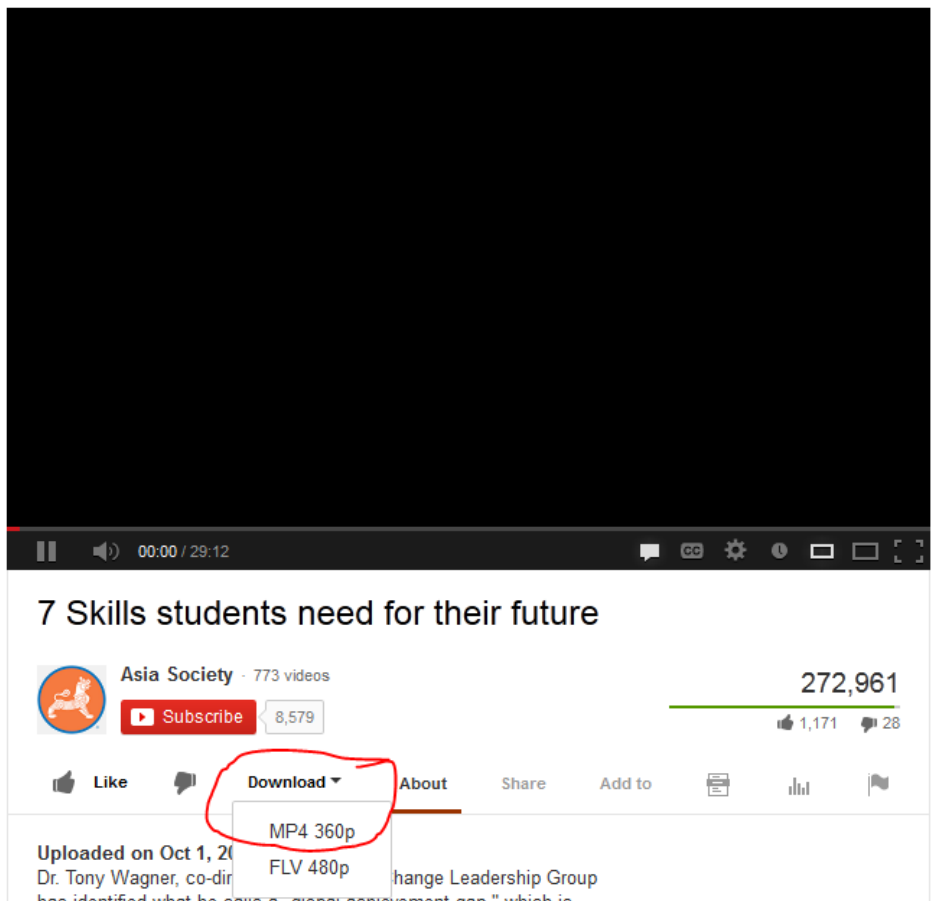

Just click this add to Firefox button.

3. Once you add the “add on” you just go to the Youtube movie you want, and look below the video for the “Download” option... As shown below.
