Mill Valley School District Strategic Plan and Local Control and Accountability Plan (LCAP)

The Mill Valley School District (MVSD) is in the process of engaging stakeholders to help inform the development of the [Local Control Accountability Plan \(LCAP\)](#), which directly aligns to the district's five-year [Strategic Plan](#).

The MVSD Strategic Plan, which was refreshed for 2018-2023, includes four objectives, strategies to achieve those objectives, and corresponding actions, which are reviewed and updated annually. Both the Strategic Plan and the LCAP keep students and staff at the center by focusing on maintaining balanced learners while effectively supporting staff. It is essential to gather community feedback while evaluating and reviewing progress within both of these plans. During the May 30th Board Meeting Study Session, the LCAP, Strategic Plan, and district budget will be discussed in depth. If you have input, feedback, or questions, please join us for this important meeting and discussion related to the road map which will guide the district in the 2019-20 school year.

You can view the full [2018-19 Strategic Plan](#) and the [2018-19 LCAP](#) on the Mill Valley School District [website](#).
