

There were many things that I learned from this experiment- and what I would do in future experiments and these include -

Thank you for listening.

Do you have any questions? (Make a small list of possible questions and answers below- to be prepared!)

Circle which tips you will try to remember for your own presentation-

Slow down- and enunciate your words

Project your voice

Make eye contact

Don't read

Avoid saying "like" or "umm"

Practice your presentation

Smile

Have fun
