## **NESTUCCA VALLEY SCHOOL DISTRICT #101 BUDGET PROCESS**

### **INTRODUCTION**

The Nestucca Valley School District prepares its annual budget in accordance with Oregon Local Budget Law (ORS 294), which provides standard procedures for preparation, presentation, and administration of budgets. Opportunity for public involvement in the budget process is mandated by the law. Oregon Local Budget Law also requires that the budget be balanced – projected resources must equal projected requirements in each fund.

Preparation of the budget involves many steps and months of work by District staff, with guidance from the School Board. Once a proposed budget is developed, the Superintendent presents it and the Budget Message to the Budget Committee, which then reviews the proposed budget and receives public comment. The Budget Committee recommends revisions to the budget, if needed, and approves a budget for adoption by the School Board. No new program shall be considered for the budget estimate that has not previously been submitted to the board.

### **HOW THE BUDGET IS ADOPTED**

After the Budget Committee approves a budget, the budget is forwarded to the School Board for further public testimony and review. A summary of the approved budget and notice of budget hearing is published in the local newspaper in advance of the hearing. The notice indicates where the complete budget document is available for inspection.

After the budget hearing and consideration of public testimony, the School Board adopts the budget at the June business meeting. The adopted budget becomes the basic short term operational plan and fiscal guideline for the Nestucca Valley School District board of directors and administrative staff for the 2022-2023 fiscal year.

### **SUPPLEMENTAL BUDGETS**

If the school district receives unanticipated revenues or a change in financial planning is required, a supplemental budget may be adopted to authorize a change in the budget within a fiscal year. A supplemental budget cannot be used to authorize a tax levy.

The School Board may adopt a supplemental budget at a regular public meeting if expenditures in the supplemental budget are less than 10 percent of the annual budget of the fund being adjusted. If the expenditures are greater than 10 percent, the School Board must first publish the supplemental budget and hold a special hearing.

### **BUDGET FORMAT**

The Oregon Department of Education (ODE), through the administrative rule process, adopts a chart of accounts that is used to classify revenues and expenditures. All Oregon school districts are expected to follow the chart of accounts for budgeting and financial reporting. The Nestucca Valley School District appropriates its expenditure budget at the major function level. The function areas, as defined by ODE, are Instruction (1000), Support Services (2000), Enterprise and Community Services (3000), Facilities Acquisition and Construction (4000), Other Uses, which are mainly transfers and debt service (5000), Contingency (6000), and Unappropriated Ending Fund Balance (7000).

# **SUPERINTENDENT'S BUDGET MESSAGE**

## **INTRODUCTION**

The budget document is an important tool used by the Board and administration to prepare for the future. It is more than just a spending plan; it is a means of communicating the Board's priorities to the Nestucca Valley School District community.

The proposed budget and budget message have been prepared in compliance with Oregon Law ORS 294.391. The budget message is being delivered to the budget committee as prescribed in ORS 294.401 and is submitted to the budget committee and patrons of the Nestucca Valley School District.

This document was prepared keeping in mind the Nestucca Valley School District's Vision Statement, "Inspiring individual excellence, diligence, self-awareness and lifelong learning."

## **REVENUE ASSUMPTIONS**

Nestucca Valley School District is projecting General Fund revenues of \$8,618,100 for the 2023-24 school year. This is a 17% decrease from the 2022-23 budget. The decrease is primarily due to a lower projected beginning fund balance and timber revenue. Revenues include an estimated beginning fund balance of \$500,000. The beginning fund balance consists of funds that are available at the end of fiscal year 2022-23 for use in 2023-24.

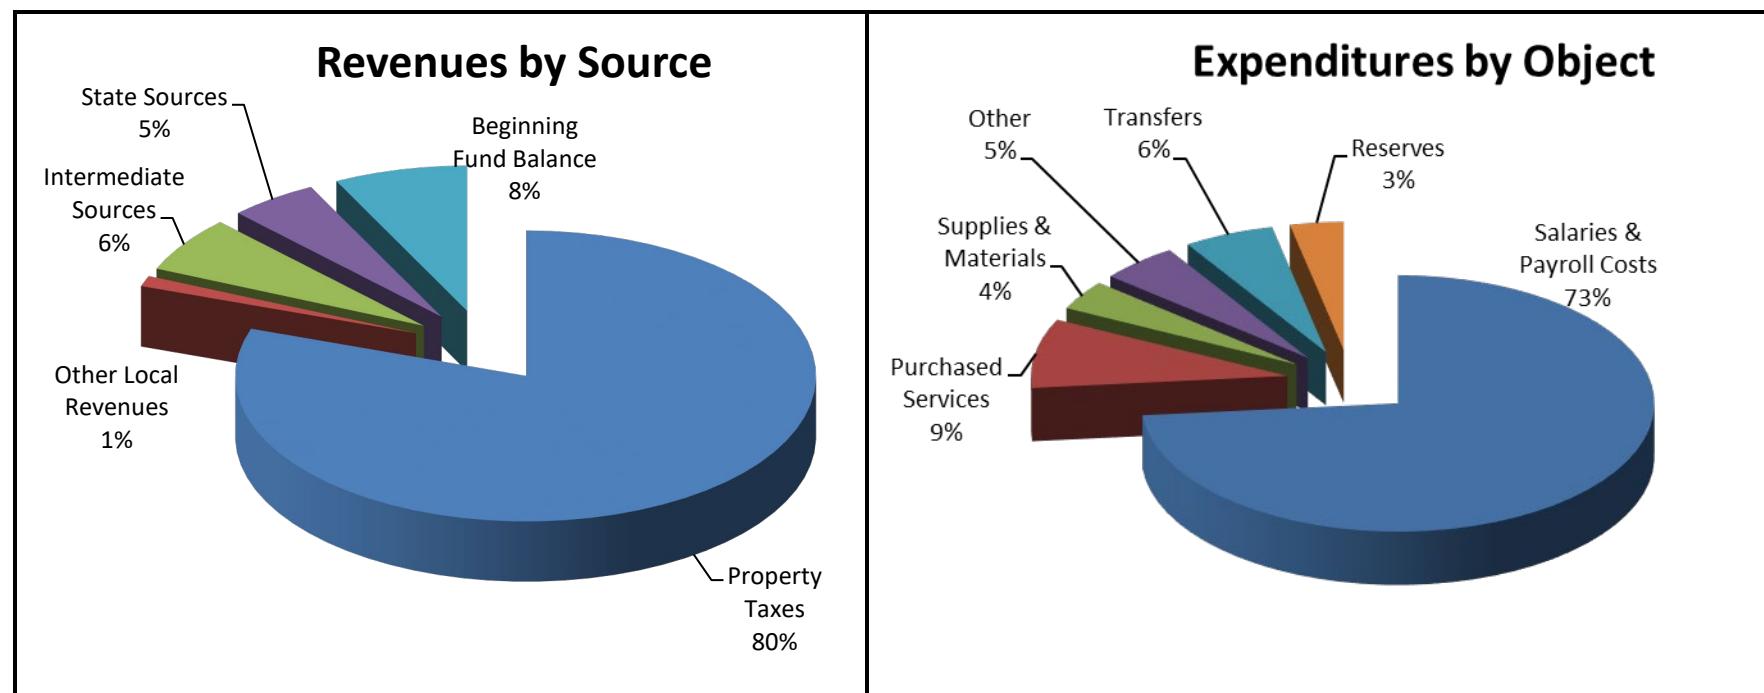

About 80% of General Fund revenues come from the local property tax base, which is estimated to increase by approximately 3% in the next year. The District does not receive funds through the Oregon State School Fund (SSF).

## **EXPENDITURE ASSUMPTIONS**

Expenditures for personnel make up 73% of the program costs for instruction, support and administrative functions. Both salary and associated payroll costs have continued to rise over the years. These increasing costs continue to be one of the most pressing concerns for our District as we attempt to balance student needs with the provision of a realistic compensation package for our staff. Premiums for District health insurance plans have increased over the years, consistent with state and national trends, and this trend will likely continue. The cost of medical services and insurance continue to be a state and national issue that cannot be controlled at the local level.

In addition, employer rates for the Public Employees Retirement System (PERS) increased slightly for the 2023-2025 biennium. The rate effective July 1, 2021 for the 2021-2023 biennium was 18.42% of salary covered under the plan for Tiers 1 and 2 employees and 15.31% for employees covered under the Oregon Public Services Retirement Plan (OPSRP). For the 2023-2025 biennium the rates increased to 20.14% of salary covered under the plan for Tiers 1 and 2 employees and 17.30% for employees covered under OPSRP. Future actuarial projections show increases in the next two biennia.

A factor in the 17% decrease in revenue, is the termination of continued federal COVID 19 grant relief funds. ESSER and CARES funding has all been allocated through the conclusion of the 2022-2023 school year. Despite these changes, our commitment to supporting students with individualized needs remains strong.

## **PROPOSED CHANGES FROM THE 2022-23 TO 2023-24 BUDGET**

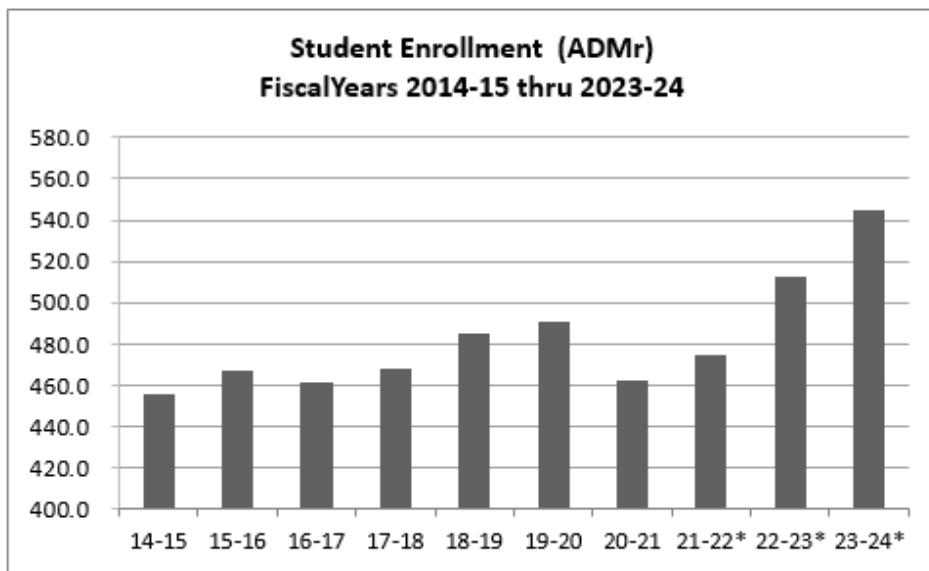

Contractual increases for salaries and associated payroll costs are reflected throughout the 2023-24 proposed budget. Several proposed changes are based on objectives prioritized in the District's Strategic Plan. The District Strategic Plan went through a thorough reprioritization of objectives in August of 2021. During this work there was a shift of social emotional health, alternative education, Career Technical Education (CTE) and recruitment and retention of staff, to rating a higher priority than during the previous three-year cycle. You will see this reprioritization of objectives reflected in the priorities of the 2023-2024 SY budget:

1. Fiscal integrity of the District is a cornerstone foundational requirement of the Strategic Plan. The Board is committed to building reserve levels to address the challenges that may come to the District, both short-term and long-term. In the initial 2017 strategic plan the Board set a goal of a six percent contingency fund. This goal was met in 2019 at which time, during the 2019 revision of the strategic plan, the Board raised the goal to a 12% contingency fund. In the 2022-2023 SY we budgeted a contingency fund of 6.06%. This budget has accounted for some one-time construction expenses that will spend down our contingency to finish some of our capital improvement projects. Looking to the 2023-2024 SY the District will begin to budget with a model of growing the contingency fund once again.
2. The Student Success Act has created opportunity for all students in the State of Oregon. The Oregon legislature approved \$1 billion in additional funding for school districts. The funding is dispersed to districts based upon the student enrollment. The NVSD is expected to receive \$446,144, in 2023-24.
3. Ranked objective number 8, of the District Strategic Plan, is committed to recruiting and retaining high quality instructional staff to meet the needs of our students and community. This budget was built with an 8.0% COLA and step on the pay scale for classified employees. The classified employee unit is choosing to take 5% of the COLA in this school year and 3% in the 2024-2025 school years. The pay scale for licensed employees was increased by 2% for the 2023-24 school year. Next year the licensed will negotiate a new contract that will take effect in July 1, 2024.
4. The 21<sup>st</sup> Century After School grant has created new opportunities for our students. These opportunities are funded by approximately \$200,000 that the district will receive. In order to manage the increased responsibilities of the program, the District has allocated personnel costs for employees who work with the program to the 21<sup>st</sup> Century Grant.

## STUDENT ENROLLMENT

Enrollment projections indicate an increase in the number of students. For 2023-24, the District projects the enrollment to maintain.

*The following chart illustrates District enrollment (ADMr) for the 2014-15 through 2020-21 fiscal years as reported by ODE. \*Fiscal years 2021-22, 2022-23, and 2023-24 are estimates reported to ODE based on roll-up numbers and expected attrition. Please note that per ODE guidelines, prior to 2015-16 Kindergarten students were counted as 0.5, so if there are 30 kindergarten students, ODE reports the ADMr as 15.*

Fiscal Year	ADMr
2014-2015	455.5
2015-2016	467.5
2016-2017	461.9

## BUDGET TRANSPARENCY

A common concern expressed by citizens and elected officials relates to budget transparency. This is true not only at the local level, but also statewide, from the legislatively adopted budget, to how that translates to meeting individual student needs.

Throughout the school year, as District administrators met with staff they discussed the budget. The Superintendent held meetings with administrators and staff to share information, receive comments and suggestions and to gather feedback. School Board meetings provided another opportunity for the Board and Superintendent to engage with the community.

The Oregon Department of Education, with input from practitioners, established a standardized chart of accounts that is used by all school districts in the state. The purpose of the standardized chart was to ensure that data reported by each district was consistent in order to allow for reasonable comparison.

Standardized data is submitted to ODE and information can be accessed through the Data Base Initiative (DBI) portion of its website. Data relating to resources and expenditures of every district in the state can be accessed. Comparative reports can also be accessed, as well as information relating to student achievement.

Financial and student achievement data is used by ODE and the Legislature to help determine how dollars are being spent and also whether student achievement has improved as a result of the expenditures. This information can be accessed via the web at:

<http://www.oregon.gov/ode/reports-and-data/Pages/Centralized-Online-Reports.aspx>

Staff have worked diligently to prepare a budget that reflects the Board's commitment to provide our community's students with high quality educational opportunities while recognizing the limits of our finances. We are dedicated to delivering effective and innovative services that utilize the District resources as efficiently as possible to implement the Board's policies.

The 2023-24 Proposed Budget is hereby submitted for your consideration.

# General Fund (100)

## **GENERAL FUND**

The General Fund is the District's primary operating fund and accounts for all revenues and expenditures, except those required to be accounted for in another fund. Expenditure categories include salaries, associated payroll costs, purchased services, supplies and materials, capital outlay and other general expenses.

General Fund activities are primarily supported by property taxes and other non-dedicated revenues, such as timber revenues. Property taxes are levied and become a lien on all taxable property as of July 1. Property taxes are payable on November 15, February 15, and May 15. Discounts are allowed if the amount due is received by November 15 or February 15. Taxes unpaid and outstanding on May 16 are considered delinquent. Uncollected taxes are deemed to be substantially collectible or recoverable through liens; therefore, no allowance for uncollectible taxes has been established. All property taxes receivable is due from property owners within the District.

Timber revenues are considered a local revenue component of the State School Fund (SSF) formula. The formula is based upon estimates of Average Daily Membership (ADM), teacher experience, student transportation costs, local revenues and other statutorily prescribed factors. The grant received from the state is adjusted down based on tax revenues received from the permanent rate local property taxes and other local revenues. Generally the District does not receive funding from the State Grant since local revenues meet or exceed the District's funding allocation according to the formula.

# Debt Service Funds (300)

Oregon Budget Law requires the establishment of a Debt Service Fund when a bond levy is passed. These funds account for the accumulation of resources for, and the payment of, general long-term debt, principal, and interest. The District has issued bonds for building construction and to pay 50% of the District's Unfunded Actuarial Liability (UAL) of its PERS pension plan.

## STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING \*\*

Fiscal integrity of the District is a cornerstone foundational requirement of the Strategic Plan. The Board is committed to building reserve levels to address the challenges that may come to the District, both short-term and long-term. In the initial 2017 strategic plan the Board of Directors set a goal of a six percent contingency fund, which has been achievable for the school district most years. This year we have created a budget that maintains a three percent contingency, an increase from the 2022-2023 SY. This lower contingency is a result of the district closing out major capitol improvement projects. The district will continue to increase the contingency, to the goal that will be established by the Board of Directors, in the new strategic plan. Strategic Planning and Prioritization: Setting the priorities for next year's budget 2025-2026 and 2026-2029

The forthcoming Strategic Plan is more than a document; it's a roadmap for our district's future. It will encapsulate our collective vision, setting clear priorities and actionable goals. The development of this plan is a collaborative effort, reflecting the voices of our entire community. It is with this forward-looking perspective that we approach our budgeting for the upcoming year, ensuring that every dollar spent is an investment in our shared vision for education. 1. Academic growth and achievement - focusing on the core of instruction to create solid foundational skills in our students, while encouraging exploration of career pathways and future interests. 2. Transportation: Ensuring the safety and reliability of our students' journey to and from school is non-negotiable. We plan to replace aging buses, investing in a fleet that is safe, efficient, and environmentally friendly. 3. Building Maintenance: Our high school building, a cornerstone of learning and community engagement, requires essential maintenance. 4. Curriculum Adoption: Education is ever-evolving, and so is our curriculum. Adopting a modern, inclusive, and challenging curriculum is pivotal. This ensures our students are not just prepared for the tests they will face in school but for the tests of life. 5. Competitive Wages and Benefits for Staff: Our educators and staff are the backbone of our district. Maintaining competitive wages and benefits is crucial in attracting and retaining the talented professionals who nurture our students' potential.
