Parents and Friends

Just a few quick updates about things happening in the Nestucca Valley School District.

BOND- We have officially concluded the Design Development phase of our process. This means that we are on target to begin construction on June 17. In the next two weeks a new well will be drilled on the campus. The district will be submitting an early release package to Tillamook County in order to receive the permits needed to begin excavation in June.

As a district we will now begin to develop timelines and plans for how to operate school while there is active construction occurring on campus. What this will mean for staff and students is a reduction in the amount of campus that we have accessible for daily use. While this will present some challenges, it is a temporary state, that must occur in order to complete our construction on time. **SAFETY**, is the number one priority to the district. We will be updating our stakeholders regularly as routines change at the school. For instance, parent drop off and pick up will work differently next year but we are still working on how that will run. Other things impacted- summer school will be offered at NJSR High for the 2019 session, no traffic other than construction workers will be allowed behind the current elementary campus, buses will no longer be housed at the NVES campus... and the list goes on. We will communicate often and routinely as these changes begin to take place. Please check our website. Throughout the summer we will be posting pictures and updates. Thank you to all students, staff, and community members for being flexible in the process. In the end it will all be worth it!

SUMMER SCHOOL/EMERGENCY PREPAREDNESS- Summer school (SS) applications have been mailed home to students. This year any student K-11 grade is eligible to attend. SS will run Monday through Thursday, 8:00am to 12:00pm, July 8- August 1st. Breakfast, lunch, and bus transportation will be provided. If you did not receive a SS registration form, and would like one, please contact either school office to make arrangements. As in past practice, the summer school session will have a science emphasis.

“Learners Today, Leaders Tomorrow”

Once again we will partner with the Nestucca Valley Community Alliance, but this year we will also be partnering with the South Tillamook County Emergency Volunteer Corps(STCEVC). The STCEVC is a group of south Tillamook County residents committed to raising awareness and preparedness in our community for a natural disaster. They have started a website, that has great resources and references. Their website is <https://southcountyevc.org/>

Our theme this summer session, will be the science behind natural disasters and helping our students and families prepare for emergency situations. Each student that attends their summer school session, and completes an emergency preparedness “Family Plan” will be sent home with a “Go Bag” equipped for two people. These “Go Bags” are being made available by the work of the STCEVC and the grant that the Tillamook PUD provided for this project. If you are interested in what is in a “Go Bag” please reference the flier that is included in this newsletter.

As stated earlier this year we will begin to highlight an emergency preparedness topic each month. This month we are spotlighting what is in a “Go Bag” and alerting you and your family to the potential to receive a “Go Bag” by your student/s attending SS and returning an emergency “Family Plan” to the school district. Next month we will be sharing what an emergency “Family Plan” should include. Our goal in the NVSD is to have an emergency “Family Plan” on file for every district family. This will help our community be more efficient and ultimately safer, if the school district has this information on file for each family. For the 2019-2020 school year we will work to develop a catalog of emergency family plans for all of our district families.

As always, if you have questions please contact me. I can be reached at (503) 392-3194 Ext 404 or by email at mistyw@nestucca.k12.or.us

Have a great May!

ONLINE FORECASTING

2019-2020 SCHOOL YEAR

During online forecasting, you will have the opportunity to go through ParentVue and see what your child has chosen. The goal of online forecasting is so that everything is approved and settled BEFORE school starts next year. It makes it very difficult when school begins and schedules and class lists are changing daily.

Teachers really appreciate being able to hit the ground running that first day of school. They only have a limited amount of time with your kids and want to take advantage of all of the time they can to teach as much as possible. Trying to catch a student up when they have missed the first week or so of class is difficult.

If you have any questions about forecasting, you can contact Christal Winesburgh at christalw@nestucca.k12.or.us.

REGULAR & ONLINE REGISTRATION

Registration for the next school year will be August 20th, 21st and 22nd. On Tuesday and Wednesday, we will have registration from 1:00 p.m. to 7:00 p.m., and on Thursday, registration will be from 9:00 a.m. to 3:00 p.m.

We will also have Online Registration available as an option next year, but you will need a ParentVue account in order to participate in Online Registration. With Online Registration, you will be able to verify your student's information and complete all of the normal paperwork at home on your computer. Remember, though, that you will need a ParentVue account. If you don't have a ParentVue account, please email Robin Richwine at robinr@nestucca.k12.or.us.

STATE BAND COMPETITION - May 10th

Congratulations to Nestucca HS Band for achieving their highest festival scores yet, and qualifying for the State Band competition on May 10th!

Mrs. Serven is proud of each band member who worked hard to perform at their highest ability.

They also have worked on their sight-reading scores, and were rewarded for that hard work with the highest sight-reading score at the festival, out of 11 bands 1A to 3A in size. The overall district placement for Nestucca was for 2nd place, right behind Neah-Kah-Nie.

We have steadily improved our overall judge assessments to have this highest score yet, so coming in 2nd is a WIN, because we have improved our level of playing. Our school is doing great things in music!

Other Important Dates:

May 14th - MS Choir Festival at Forest Grove HS

May 23rd - Music a'la Carte Talent Show (as part of Nestucca Games) at 7pm

May 30th - Jr and Sr High Bands/Choirs Spring Concert 7pm

Volunteer Appreciation

Nestucca Valley School District is grateful for all of the community support we receive. All of our volunteers make a difference in the lives of our students. If there is anyone who was inadvertently omitted please email Chad Holloway at the elementary school chadh@nestucca.k12.or.us so they can be included in future newsletters.

- 15 - Bandages .75" x 3"
- 2 - Sterile Sponge Dressing: 2" x 2"
- 6 - Antiseptic Towelettes
- 2 - Butterfly Closures
- 10 - Cotton Tip Applicators
- 3 - Safety Pins

GREEN TEAM

April has been a busy month for the 5th and 6th grade Green Teams. We have been in the garden starting seeds, transplanting our starts, lots of weeding and mulching, and building bamboo tunnel. Stop by and check it out! We have also been helping a little bit with the NVAISI refundable can sorting.

This month each group had a field trip. 6th grade toured Garten Services in Salem, which is a recycling sorting facility that brings in more than 1,000,000 lbs *every week* of materials to be sorted and recycled. It was an eye-opening experience seeing the sheer amount and variety of items brought in, as well as learning the process of how items are sorted, reused if possible, or recycled.

5th Grade visited the Pacific City Transfer Station. Mr. Carbaugh from Nestucca Valley Sanitary was also there and gave us a demo of the garbage truck. David McCall gave us a tour of the recycling facility, and we learned interesting information about what these items be recycled into. Here are some things that we learned:

GLASS is a product that can be recycled many times over.

#2 PLASTIC JUGS are mostly used in making recycled "lumber." This plastic lumber is even used as railroad ties!

#1 PLASTICS are often used for making spandex and other plastic threads, as well as the clear corrugated plastic used on greenhouses covered porches.

RECYCLING UPDATE:

Thank you to all who sent in plastic bags for the TREX recycling competition. We gathered 180 pounds of plastic bags!!! The final results from the contest are in- we got 9th out of 25th in the Northwest for a school our size. 711 schools participated nationwide and 367,903 lbs. of plastic film were brought in. That is equivalent to 9 tractor-trailer loads! Watch for this contest to be resumed next fall.

In April, the raised beds we received as prizes from the Nov. plastic jug/Styrofoam collection were delivered by Sue Owens and David McCall from Tillamook County Public Works. Thank you everyone for sending in these items and kids- great job sorting!

HUGE THANK YOU TO PUBLIC WORKS, SOLID WASTE DEPARTMENT FOR THIS GENEROUS CONTRIBUTION TO OUR GARDEN!

Art Literacy: Pinch Pots and Clipper Ships

Presented by Community Arts Project

For the month of April your student/s learned how to make a traditional pinch pot with air dry clay. They learned about ceramics vessels throughout the ages and the different techniques used to build with clay. Techniques such as pinching, coiling, scoring, and using slip were among the things taught in this fun, hands on lesson.

For our final lesson for this school year, during the month of May, we will be making personalized clipper ship artworks. We will study a few famous American painters who chose to paint these beautiful ships and also learn about the names of the different parts of the ship. This multi-media project will use paint, torn paper, wood, rope, marker, and a creative mind. A selection of these student artworks will be on view at the Garibaldi Maritime Museum during the month of June. Please be on the lookout for a date so you can be sure to join us for opening night!

Family Art Night and Spaghetti Feed

Thursday, May 23, 5:30-8:00

Hosted by *Community Arts Project*

Located at
Nestucca Valley
Elementary

12 Art Stations:

Family Art Night

Twelve different art activities to choose from.
All proceeds go towards NVES Art Literacy Program
\$5 per person or \$25 maximum per family

* Located at Nestucca Valley Elementary School

Library News from Sue!

The end of this school year is rapidly approaching.

May 20th is the last day for students to check-out books.

Please remind your child to return books they have checked-out of our school Library. Also, in June, the first class to return all of their Library Books (any lost books need to be paid for) will receive a popsicle party.

Thanks, Sue

NVES Track & Field Day June 5th @ NHS

Last Day of School - Fun Field Day @ NVES

***We need volunteers for this day!**

Interested volunteers please contact the school for more information!

**VOLUNTEERS!
NEEDED!**

K-3 Spring Concert

Tuesday May 21, 2018 @ 7:00 pm

Nestucca Valley Elementary School will be presenting their Spring Concert Tuesday, May 21 at 7:00 pm in the Elementary school gym. **Grades K-3** will sing a wide variety of songs. The Foulweather String Band will be joining Ms. Stirling to accompany the K-3 students, and play for the pre-show. ***The Grade 4 students will present the second annual “4th Grade Musical Showcase” Wednesday May 29.*** The students are encouraged to dress nicely for the concert. Please have your children report to their classrooms by 6:40. Immediately following the concert, please join us in the cafeteria for an Ice Cream Social!

Nestucca Valley Elementary 4th Grade proudly presents the second annual:

“Fourth Grade Musical Showcase”

Wednesday May 29 7:00 pm at the NVES Gym.

Students please arrive by 6:40 and report to your homeroom teacher.

We will sing, play Ukuleles, play our African drums and Percussion, play our recorders, and bring YOUR dancing shoes – as we will all participate in the Virginia Reel. Students are encouraged to dress in bright colors or Hawaiian shirts/dresses – you may wear nice shorts for this concert (please no cut offs). As always – join us for Ice Cream in the cafeteria immediately after the show!! Mark your calendars – this will be super entertaining and FUN!

Last 5/6 Band Concert

Tuesday June 4 @ 7:00 pm

Band Students in Grades 5 and 6 will present their last concert
Tuesday June 4, 7:00 pm @ the NVES Gym.

Students please arrive by 6:40 and report to your homeroom teacher.

5th Grade Band - Look your best!

6th Grade Band – Dress black: wear black bottoms, tops and black shoes.

PINK BEET HUMMUS

INGREDIENTS

- 2 MEDIUM BEETS SCRUBBED CLEAN, COOKED (ROASTED OR BOILED), PEELED, AND CUBED
- 1 CAN OF CHICKPEAS (DRAINED)
- 2 TBSP TAHINI SESAME SEED PASTE
- JUICE OF 1 LEMON
- 2 CLOVES OF ROASTED OR RAW GARLIC
- 1/4 CUP OF OLIVE OIL
- PINCH SALT AND PEPPER

MATERIALS

- FOOD PROCESSOR
- MEASURING CUPS
- KNIFE
- CAN OPENER

DIRECTIONS

1. PLACE BEETS INTO YOUR FOOD PROCESSOR AND BLEND UNTIL ONLY SMALL PIECES REMAIN.
2. ADD ALL REMAINING INGREDIENTS, EXCEPT THE OLIVE OIL, TO THE FOOD PROCESSOR.
3. DRIZZLE IN OLIVE OIL AS YOU BLEND EVERYTHING UNTIL SMOOTH.
4. ADD SALT AND PEPPER FOR TASTE.
5. EAT WITH YOUR FAVORITE VEGGIES OR PITA CHIPS!

Did you know that a kid might have to try a new food 10 times before they actually start to like it? Food Roots hosts monthly taste tests in the cafeteria as a way to get students comfortable with trying new foods. Students have tried kale chips, fresh cabbage slaw grown from our garden, locally grown salad mix, and more this year!

This month our cafeteria taste test was some bright pink beet hummus. 177 students tried the hummus, and of those students 96 said they “loved it”, 27 students voted that they “liked it”, and 30 students voted that they “tried it but didn’t prefer it”. Even if students don’t end up liking what they try, simply trying new foods is still an important skill to build.

Sunday, August 4th
9:00 am
5K run/walk, 10k RUN (only)
Kids Run

Pacific City Beach Challenge

The Pacific City Beach Challenge is a challenging **5k run/walk, 10K run (only) and half mile kids** out and back run on the beach in Pacific City. Participants can expect to encounter tidal water features, a mix of hard and soft sand, drift wood and amazing wildlife. Generously supported by the businesses in our community and put on by all volunteers, the run raises money for the non-profit Nestucca Valley Early Learning Center.

- **T-Shirts**
- **Handmade finisher medals**
- **Pelican beer/root beer**
- **Beautiful scenery**
- **Dogs welcome!**
- **Professional timing by Scovel Racing**
