Food Service Update: Supply Challenges

Dear Families,

At Nestucca Valley School District, we know the importance of school meals in fueling both healthy minds and bodies. Even though school meals may look a little different during School Year 2021-2022, please know that your school nutrition team is working hard to ensure students have safe, nutritious, and appealing meals.

I want to share how our district is working to overcome food supply and labor challenges related to the Coronavirus (COVID-19) public health emergency so that students continue to receive school meals.

At times, our school district may not receive expected food orders due to labor shortages (such as delivery drivers) and limited product availability (for example, discontinued products or not enough of a specific type of product).

As a result, our food service staff may need to make last-minute changes to the menu or substitute a different brand of a food product.

We know that students have favorite menu items and are working hard to provide them whenever possible. We are also thinking ahead to identify alternative food items that are nutritious and appealing for the students.

We appreciate your patience, flexibility, and understanding as we work to provide school meals in a challenging and changing environment.

Sincerely- The Nestucca Valley Food Service Team

NHS Students Offering Bike Repairs!

Nestucca High School - N.I.C.E. is entering into a collaborative business partnership with Central Coast Hospitality.

We will be completing the bike maintenance on all their fleet bikes. This will give us the opportunity to support local businesses in our community while developing mechanic skills for our students.

Students will complete tune-ups, overhauls, and one-off repairs of these bikes.

If you have a bike you would like us to take a look at, please feel free to bring it in.

N.I.C.E. will also be launching further programs to be announced soon!

Fall Band Concert: 11/18/2021!

You're Invited!

The high school fall concert is November 18th at 7pm!
Come listen to the first concert we've done since fall of 2019!

Audience is welcome to come watch in family groups~wear masks, as is required in the school at this time.

We are happy to share our music with the community once again!

NHS Speech has Great First Meet!

The first tournament of the year went well for the speech team!

Neri Tate led the team in points with two 2nd places in the first three rounds. Her Oratory was well-received.

Brooklynn Goodwin broke out her Informational speech on Medical Practices of the Past and received some excellent judge comments.

Amy Moore experienced some technical difficulties with the virtual tournament format, but pulled through and got all three rounds done with her Prose piece.

Alison Blair did a fantastic job turning her Informational piece into an Oratory for just this tournament (a time-crunch necessity) and now she is working on creating the boards needed for her

Informational piece. Two other members did not compete this tournament. We recently added junior **Lionel Brown** to the team, and are excited to add him to the Impromptu lineup for the next tournament!

Go, Cat Speechies!

Nestucca Valley K-8 School

Our after school program is back!

Beginning **Monday, November 1, 2021**, we will be offering in-person fun projects, homework help, tutoring, and SO MUCH MORE in our *21st Century Community Learning Center (21st CCLC)*. This year our goal is to have MORE student voice/choice in our program offerings!

The Nestucca 21st CCLC after school program will operate Monday through Thursday, 2:45 pm - 5:30 pm in alignment with the Nestucca Valley School district calendar. Open to all students in grades 1st through 8th, the program will be at the Nestucca Valley K-8 school site. Parents will need to pick up students at the school by 5:30 pm, as bus transportation home is not available at this time.

Just a sample of what activities we CAN do...after we finish homework/tutoring:

- ✓ Art through the *Sitka Center for Art and Ecology*
- ✓ Career Exploration
- ✓ Community Projects
- ✓ Cooking/Food Science through *Food Roots*
- ✓ Friends Forever
- ✓ Gardening Club
- ✓ Hang Out Together
- ✓ STEM (Science, Technology, Engineering, Math)
- ✓ Social Skills
- ✓ Student Leadership
- ✓ Tutoring
- ✓ Writing/Publishing
