2022 K-4 Winter Concert!

Wednesday, Dec. 7 at 7:00 pm

Nestucca Valley K-8 will be presenting their Winter Concert Wednesday, Dec. 7 at 7:00 pm in the Nestucca Valley K8 gym. Grades K-4 will sing a wide variety of winter and seasonal songs. The students are encouraged to dress nicely for the concert. Please have your children report to their classrooms by 6:40.

2022 5-8 Winter Band Concert

Wednesday Dec. 14 at 7:00

Band students in grades 5-8 will present their Winter Concert Wednesday Dec. 14 at 7:00 in the Nestucca Valley K8 gym. This will be the debut of the beginning fifth grade band, followed by the 6th grade band, and the 7th & 8th Grade Band. Fifth grade and 6th grade students are encouraged to dress nicely for the concert. The 7/8 Grade band students are to dress in concert black – black bottoms, black tops – boys please wear a shirt with a collar as we will wear orange ties.

All students are to arrive by 6:40, 5th grade band students report to their classrooms with their instruments and music. Sixth grade students please report to Mrs. Filosi's room with instruments and music, and 7/8 grade students report to the band room.

K-5 Spotlight on Earth Science

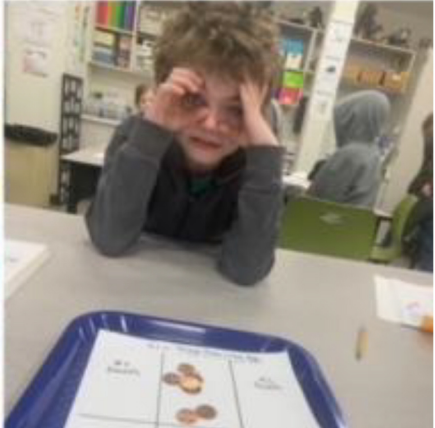

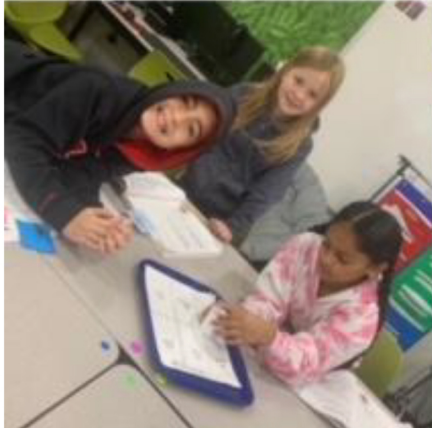

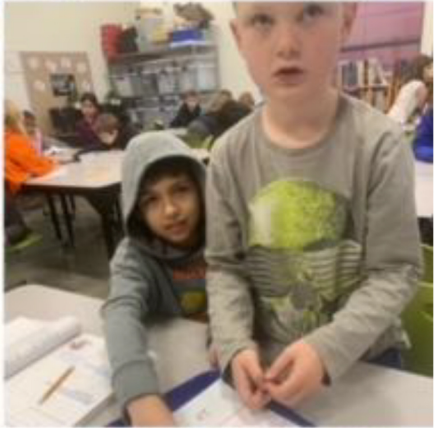

Kindergarten -
How does your shelter cool an animal?

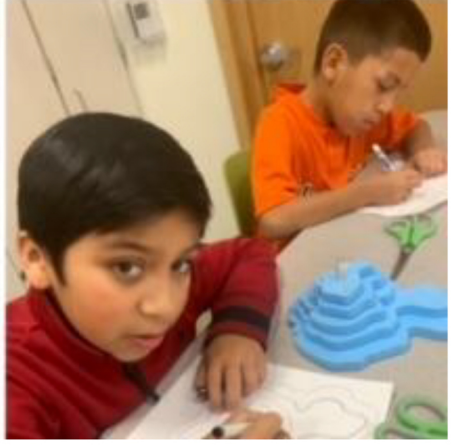

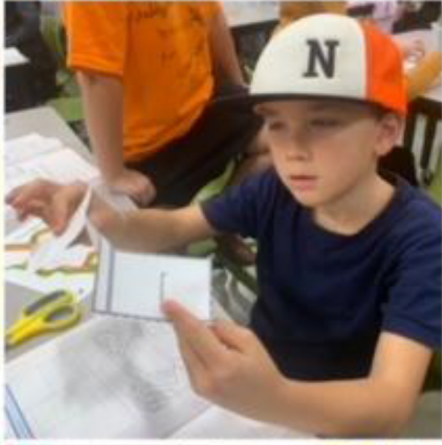

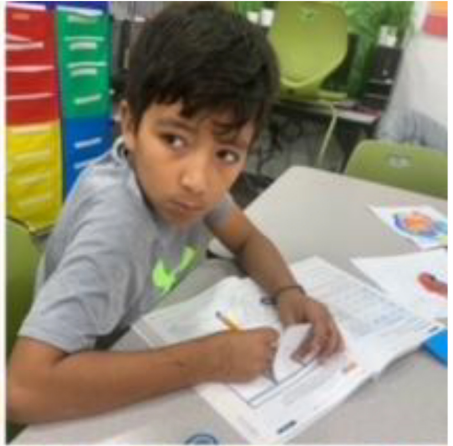

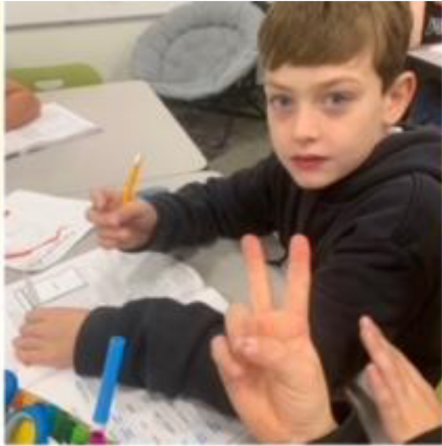

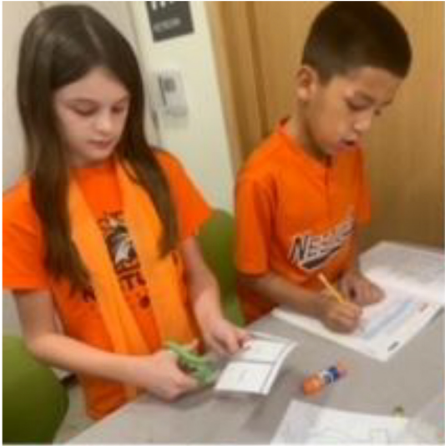

Kindergarten Performance Task: Make a model of an animal shelter

K-5 Spotlight on EarthScience

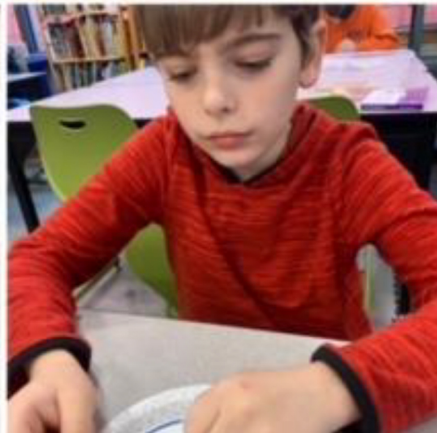

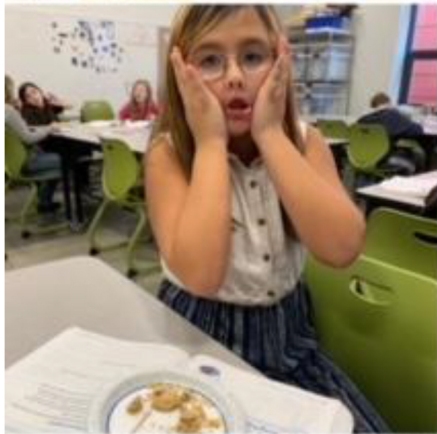

3rd Grade -
How can I model a school of fish struggling to survive?

K-5 Spotlight on EarthScience

4th Grade -
What can we
make a 2-D map
of a 3-D
landform?

K-5 Spotlight on Earth Science

5th Grade - How does mining affect Earth's surface and resources?

NHS ART CLASS SEEKING FISH DONATIONS!

Hello Nestucca Community!

My name is Sydney Leja, and I am the current art teacher at Nestucca High. This year, I was hoping to teach Gyotaku fish printing, which, simply put, is covering a dead fish with paint and using it as a stamp.

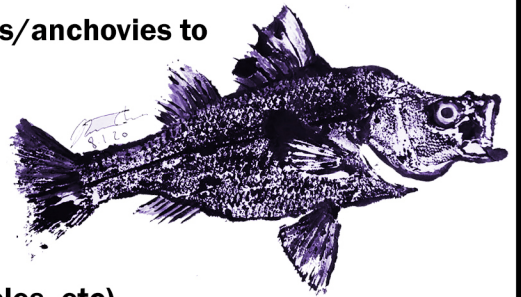

I was hoping that anyone who may fish, go clamming or crabbing, or regularly purchases seafood, or owns a fishing/Dory charter might be willing to donate a fish to our art class.

Fish/animals we are looking for are any and all:

- fish with unique shapes (rockfish? Cod? Halibut?)
- fish of any size, small, medium, large, xl,- anything from minnows/anchovies to large salmon or cod, etc

-Fish/shellfish/mollusks from

- the ocean
- rivers/streams (salmon?)
- lake/pond (bluegill, bass?)
- mollusks of any size/shape (oysters, mussels, gooseneck barnacles, etc)
- shellfish (dungeness crab, shrimp, crayfish, etc)
- fish you may have forgotten was in the freezer for a few years and probably has freezerburn
- fish can be ones you may not consider food grade, like one with a weird growth or missing an eye or something. Honestly I'm not sure how you would judge a fish to throw back or keep, but I thought it was worth mentioning.

I understand that many people value these animals as food and may find this wasteful, but I was hoping to use it as a tool to teach students about ocean biology, animal anatomy, and art history as well as teaching them the art process, as to value the life of these animals as much as we can. We need ***full body*** fish- they can be gutted but we can't use fish ***meat*** specifically.

Once the fish are used for this project, they would no longer be food safe; *however*, I do think we could potentially preserve them for future use.

Should you be willing to help with this project, I am more than happy to make sure you receive a print, if you want it!

Please let me know if you are able to donate or have any questions, or if you know anyone who would like to help!

Thank you so much!

Sydney Leja
