Bobcats Dominate at Monday Music Club!

Congratulations to NHS senior Rachel Gregory (flute) for winning the GOLD CUP AWARD at Monday Music Club this weekend! She also won the instrumental award, gaining two scholarships for her resume.

Congrats to senior Landon Flores (alto saxophone) who also won two scholarships at the MMC Awards Recital yesterday, and congrats to Melanie Velasquez (junior) who won a scholarship on clarinet!

Each student played two classical pieces on their instruments from different musical time periods. They all did very well. Nestucca Music Department was well-represented, and the three judges had excellent comments to say about each performer.

K-8 Reminder to Parents:

Dear Parents:

If your child borrows clothing from the K-8, it would be greatly appreciated if you could please make sure you return the clothing to us at school.

We have students throughout the year who borrow clothing for a number of issues, and although we are happy to help, we need it back so we can lend it to other students in need.

Thank you very much for your cooperation; and any questions please call or email.

The performances at Music a la Carte this year were amazing showcases of student talent.

“Musica la Carte is one of my favorite parts of the year,” said Miss Leja. “It’s a really great opportunity to see what the students are capable of doing on their own that we might not get the chance to see otherwise. I’m impressed by what the kids can do every year.”

Many students chose to perform solo songs or play an instrument, while members from both the senior & sophomore classes collaborated to perform several skits with their classmates.

Congrats to all who braved the stage!

Exploring the possibilities

Nestucca tried something new this year by inviting several local companies from around the community to come to school and give

“exploratory” sessions. During these sessions, businesses would talk about their job duties, the daily routines and challenges of their career, explain the education needed and the amount of money they could potentially earn.

“It was nice to see what opportunities are out there for us in the job field,” said junior Makayla Webber. “Planning ahead for your future can be difficult, so it was nice to have a fresh take on what we could do for a living for those of us who are undecided.”

Some of the businesses that came by were Iconipro, the Marines & National Guard, Pelican, Doryland Pizza, the Fish Hatchery, Forestry, the Tillamook Police Department, Stimulus, Oregon Coast Coffee, the Nestucca Rural Fire Department, O’Brien Construction, the Tillamook County Sheriff’s Department, the Tillamook County Health Department, Bayshore Medical, and more.

The students were given the option to choose their exploratory towards their own preferences and interests, and the variety of sessions and alternative schedule was a welcome change to the week.
