

As one of the State of Louisiana's Special Schools NOCCA represents both a school and a district. Our population is comprised of a range of learners, some of whom receive special education services. Our total academic population is currently fewer than 260 students, of which less than 20% have Individualized Education Plans. For that reason, although our families are active supporters of NOCCA, we have less than the required number to serve on our Special Education Advisory Council.

Any questions concerning the SEAC can be directed to NOCCA Front Desk (frontdesk@nocca.com).

Sincerely,

A handwritten signature in blue ink, appearing to read "Silas Cooper". The signature is stylized with a large, sweeping "S" and "C".

Silas Cooper
