Dear Parents and Guardians of Students in the Northampton Public Schools:

Hello! I am a graduate student at UMass Amherst studying school choice. I am especially interested in how parents and guardians who live in Northampton decide to send their children to the Northampton Public Schools. **Would you be willing to take a 5-minute survey about this?**

Even though this email has been sent out by the district principals, the Northampton Public Schools will not be able to see your survey responses. And there are no positive or negative consequences for your child whether or not you decide to take the survey.

I would really appreciate your participation in my study. Thank you for considering it!

Sincerely,

Julie Spencer-Robinson  
PhD student in Educational Policy
