

ROTARY DAY OF SERVICE

AN INVITATION TO PARTICIPATE

Rotary International is a global network of clubs dedicated to serving their communities. Rotary Clubs across Connecticut and Western Massachusetts are scheduling a Day of Service during the month of April.

Given growing interest in protecting the environment, the Northampton Rotary Club is working with the City of Northampton, the Urban Forestry Commission, and the non-profit, Tree Northampton, to organize a tree planting event from 9 AM to 12 Noon on Saturday, April 16.

The Northampton Rotary Club is working to line up 20-24 volunteers who will work in teams of two to plant 25-30 trees. Both Jackson Street Elementary School and RK Finn Ryan Road Elementary School have been approved as planting sites.

Please contact me at bdevlinmn@gmail.com if you would like to volunteer. I'll need your name, e-mail address and phone number, and whether you prefer to plant trees at Jackson Street or Ryan Road School.

We hope you will join us on the April 16 Rotary Day of Service!

Barbara Devlin, Day of Service Chair
