

March 21, 2020

## ANNOUNCEMENT

Due to the Governor's order, Northeastern Clinton as well as all schools around the state will be further reducing our staffing to minimize the health risks of our employees. Limited essential staff will remain in district. This means, presently we have administration, counseling, medical, and custodial staff rotating schedules so we have someone available daily. All of our planning is subject to change. The district would prefer email for communications, however you can also phone. Please leave messages and building staff will respond. Also, on Friday, March 27 we will be using one of our unused snow days. This means staff and students are not required to work that day. Again, we appreciate your understanding and patience during this difficult time. Please continue to visit the district website at [nccscougar.org](http://nccscougar.org) for information. **We remain NCCS Strong!**
