

POLICY REVIEW AND EVALUATION

To keep its written policies up-to-date so that they may be used consistently as a basis for Board of Education action and administrative decisions, the Board will review its policies on a continuing basis.

The Board will evaluate how the policies have been executed by the school staff and will weigh the results. The Board may rely on the school staff, students, and the community for providing evidence of the effect of the policies that it has adopted.

The Superintendent of Schools will call to the Board's attention all policies that are out of date or for some other reason appear to need revision.

The Superintendent will recall all policy and regulations manuals periodically for purposes of administrative updating and Board review.
