

## STUDENT INSURANCE PROGRAMS

The school district shall provide the option of participating in student insurance coverage. The district does not pay for the coverage. If students/parents are interested in student accident insurance coverage, they should contact the Building Principal's office or the school nurse teacher or nurses for the proper forms.

The district shall also offer student accident insurance to students participating in the interscholastic athletic program. Such insurance becomes effective with the first day of practice of each sport season. All student athletes must complete an insurance form regardless of whether they wish to participate in the student accident insurance program.

Completed forms with parental signatures affixed must be returned to the coach prior to the student athlete participating in the first practice session. Coaches will collect the premium for each student athlete choosing to join the insurance program.

Adoption date: June 21, 1993
