

CONSTRUCTION CONTRACTS, BIDDING AND AWARDS

All construction contracts in excess of \$20,000 and purchases of equipment at a cost in excess of \$10,000 must be advertised, bid on and awarded to the lowest responsible bidder in accordance with the district's policy and procedures for competitive bidding. No school building will be erected, purchased, repaired, enlarged or remodeled, nor will an advertisement for bids for the execution of the plans and specifications for a school building be placed in any district except in a city school district of a city having 70,000 inhabitants or more, at an expense which will exceed \$100,000, until the plans and specifications will have been submitted to the Commissioner of Education and his/her approval received. Such plans and specifications will show in detail the ventilation, heating and lighting of such buildings. Construction documents that have been modified subsequent to the Commissioner's approval may not be advertised for bid. The successful contractor will enter into a formal contract, prepared by the school attorney, detailing all aspects of the construction to take place.

Every district contract for construction, alteration or repair of any public building or public works, or for the manufacture, sale or distribution of material, equipment or supplies shall contain provisions prohibiting discrimination on account of race, creed, color, religion, national origin, disability, marital status, age or sex.

All contractors to whom a contract has been awarded must provide a performance bond obtained through a bonding company licensed to do business in New York State. The required amount of such bond shall be included in the Statement of General Conditions set forth in the advertisement or notice for bids.

All contractors shall guarantee that prevailing rates of wage, as provided for in the Labor Law §220, shall be paid to all workers on public projects in the school district.
