

How to Backup Bookmarks in Chrome and Internet Explorer

Chrome Browser

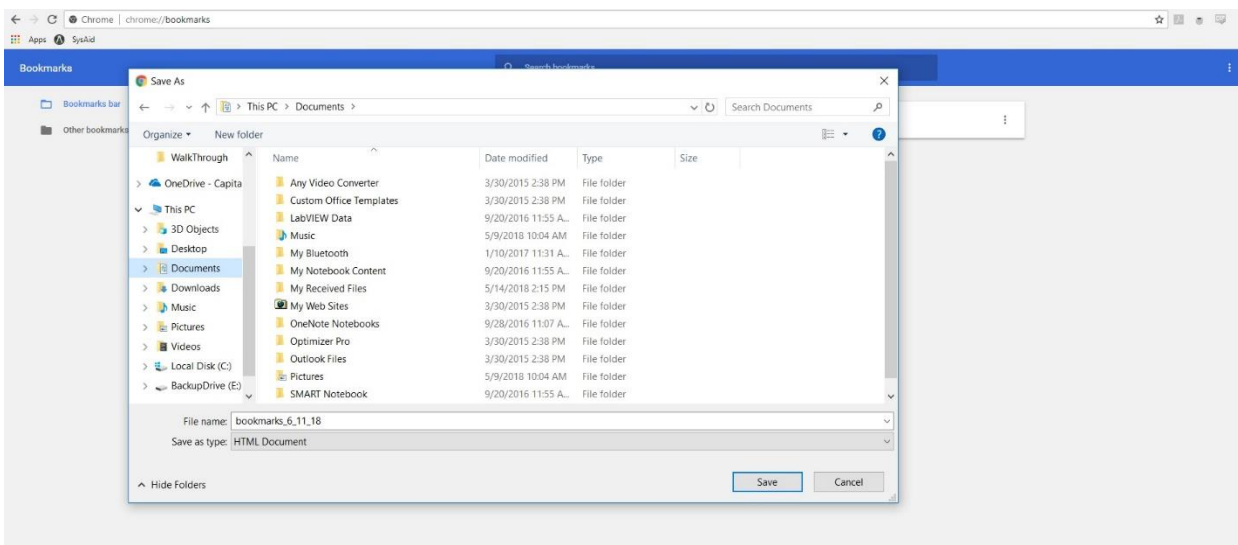

Find and click the 3 dots in the upper right-hand corner. Select Bookmarks > Bookmark Manager.

On the blue banner, select the 3 dots to the right and choose “Export Bookmarks”.

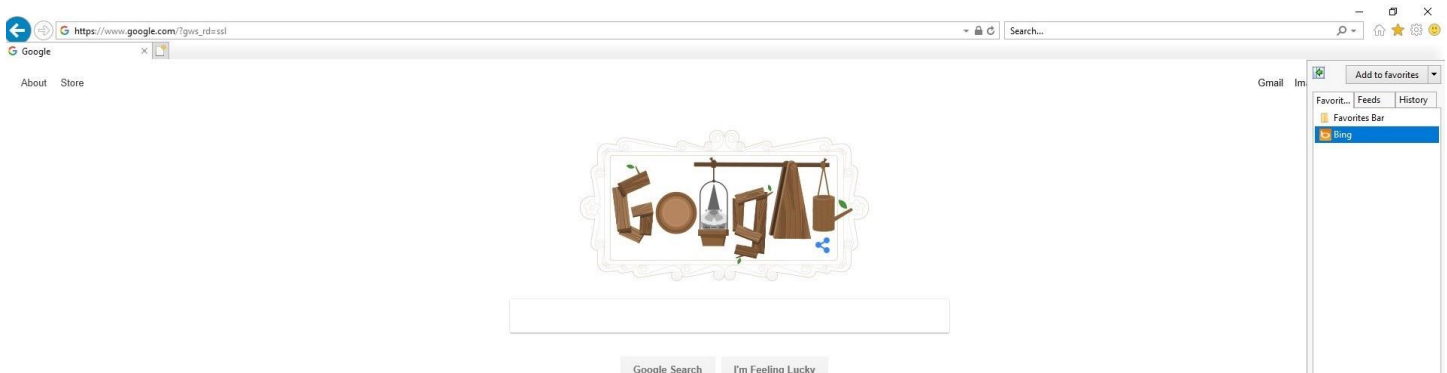

Save the export file in your “Documents” folder.

Internet Explorer

Click on the star in the upper right-hand corner.

Click the downward pointing triangle next to “Add to Favorites” and select “Import and Export”.

Select “Export to file” and click next.

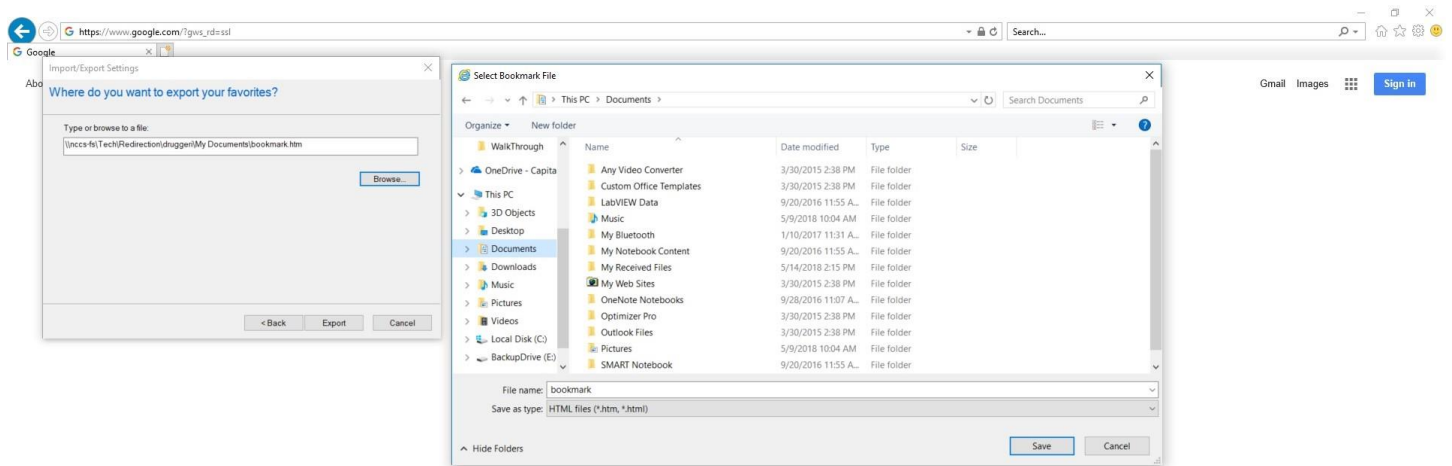

Select “Favorites” and click “Next”.

Click “Next”.

Select “Browse” and navigate to your “Documents” folder. Click “Save”.
