

This session is designed for all teachers in grades TK—6, special education and resource teachers, and math teachers in grades 7–12.

MATHEMATICAL MINDSETS

Dr. Jo Boaler is a Professor of Mathematics Education at Stanford University, and the faculty director of youcubed. Former roles have included being the Marie Curie Professor of Mathematics Education for Europe, a mathematics teacher in London comprehensive schools and a researcher at King's College, London. She is the author of nine books – including the best seller: *Mathematical Mindsets* - and she has received numerous awards for mathematics equity and leadership.

Mathematical Mindsets provides practical strategies and activities to help teachers and parents show all children, even those who are convinced that they are bad at math, that they can enjoy and succeed in math.
